

Hanoi Wants Talks on Permanent Bomb Halt

'Serious' Candidate Faces Kennedy Road Ahead Is Perilous

BY JOHN WYNGAARD
Post-Crescent Staff Writer

MADISON—This state has transformed Sen. Eugene McCarthy into a serious candidate for the Democratic presidential nomination, but it also showed in the voting Tuesday that the road ahead will be a long and perilous one for the quiet, earnest and professional man from Minnesota.

By all the normal tests of Wisconsin elections, the McCarthy attainment Tuesday was an impressive one.

But the circumstances to be examined in any analysis of the electorate's expression were not normal.

McCarthy ran up the kind of margin over President Johnson that his men had hoped for if the President had been a candidate. But he made it in the face of the President's historical withdrawal from the contest two days earlier, which removed some of the sheen from that triumph.

'Ghost' Candidate

Practical politicians will ponder the meaning of the McCarthy majority from the Democratic side of the ballot against a "ghost" candidate, and against a reality that in spite of their professed backing for the Minnesota senator, a respectable ratio of the Democratic voters went to the considerable pains required to write in the name of Sen. Robert Kennedy — McCarthy's principal rival in the immediately succeeding state primaries.

They will remember that the principal McCarthy appeal, and virtually the only issue he raised, was opposition to the Vietnam war.

But they will note that in Madison, the hotbed of McCarthy sentiment, an antiwar referendum on the local ballot was defeated.

They will observe also that in Milwaukee Mayor Henry Maier, who gave an unequalled endorsement to President

Johnson, won what was probably the most overwhelming victory in any competitive election in the metropolis.

McCarthy was the "dove" candidate as far as the Wisconsin electorate had a choice among the major contenders.

The realistic analysts in politics also will appreciate quickly that the total of "hawkish" votes, counting the support for President Johnson, Richard Nixon, and Gov. Ronald Reagan, was considerably higher than that for the "dovish" points of view that

McCarthy exploited during a hard campaign and which also went for Kennedy and Harold Stassen.

GOP Crossover

The value of McCarthy's Wisconsin showing also will be reappraised in the country, in all likelihood, as analysis shows that he was the beneficiary of a Republican crossover in this state's open primary.

That factor was not as great as McCarthy had hoped and planned, but it was evident nevertheless in the fact that the Democrats out-

polled the Republicans in a state where the parties are nearly evenly divided in voting power in other tests such as general elections for state offices.

McCarthy men suggest there was a "sympathy" vote for President Johnson inspired by the drama of his unexpected retirement from the political wars. But that is like impugning the seriousness of the Wisconsin voter, a suggestion that many Wisconsin citizens don't want their

Turn to Page 6, Col. 1

McCarthy and Nixon Triumph

MILWAUKEE, Wis. (AP) — Democrat Eugene J. McCarthy, triumphant with 57 per cent of the vote in Wisconsin's prelude to battle, turned today toward the arenas which pose the real test of his claim that he can win the White House.

And Richard M. Nixon added another trophy in his march toward the Republican presidential nomination.

"We have demonstrated here in Wisconsin the ability to win in November," McCarthy told his corps of youthful volunteers after he trounced retiring President Johnson Tuesday in the season's second presidential primary.

Johnson got 35 per cent of the vote, but he isn't running any more.

"As you know, this is only a preliminary victory," the Minnesota senator said. "We have to go on to primaries in

other states—some of them perhaps more difficult than this one." For in those other states, McCarthy will be matched against New York Sen. Robert F. Kennedy.

Nixon built a towering 80 per cent of the Republican vote to match his showing in New Hampshire's opening primary

1 Per Cent of Wisconsin Voters Favor Nobody

MILWAUKEE, Wis. (AP) — Nobody got one per cent of the vote in each party's presidential primary in Wisconsin.

Nobody was represented by a line on the ballot which permitted the voter to choose: "None of those named above."

That line got 5,608 votes in the nearly completed Republican tabulation, 10,336 votes on the Democratic ballot.

three weeks ago. He had no real opposition in either race.

The former vice president said his showing proved that Wisconsin will be in the Republican column when the White House votes are counted next Nov. 5.

With 3,273 of 3,291 precincts counted, this was the Democratic picture:

McCarthy 406,098 votes for 57 per cent of the party turnout; Johnson 249,518 for 35 per cent.

Sen. Robert F. Kennedy, the rival McCarthy will have to overcome if he is to be nominated, drew 6 per cent of the votes. But those were write-in votes, for his name was not on the ballot. And Kennedy had urged that people who favor him vote for McCarthy in Wisconsin.

Nixon's Republican landslide

Ready to Send Envoy To Meeting

WASHINGTON (AP) — North Vietnam responded to President Johnson's new offer today by announcing its readiness for talks about a complete U.S. bombing halt so that peace negotiations can begin.

The response, an apparent shift in Hanoi's position, got top priority attention in Washington.

However, U.S. strategists were unwilling to say immediately whether this meant the breakthrough in long-stalled efforts to get peace discussions underway.

The United States is giving the Hanoi statement "the most careful study," the State Department reported this afternoon.

Its spokesman was press officer Carl Bartsch.

Will Go Anywhere

He said under questioning that the U.S. policy of willingness to send officials anywhere at any time to talk to the North Vietnamese still stands.

Privately officials said they had no doubt whatever that the United States would pick up the North Vietnamese offer and that contact would undoubtedly be made.

Bartsch said: "I am not in a position to assess the statement or to interpret it in any way. Furthermore I do not intend to be drawn into a discussion of what our reaction or response may be."

Hanoi's announcement came in a Vietnamese language radio broadcast which was picked up by U.S. monitors, translated and rushed to the White House, State Department and other key agencies.

Bombing Halt

It followed up Johnson's Sunday order to curtail U.S. bombing of the North as an inducement to the Reds to come to the conference table.

The announcement as translated said:

"It is clear that the U.S. government has not correctly and fully responded to the just demand of the DRV (North Vietnamese) government, of U.S. progressive opinion and of world opinion.

"However, on its part, the DRV government declares its readiness to send its representatives to make contact with U.S. representatives to decide with the U.S. side the unconditional cessation of bombing and all other war acts against the DRV so that talks could begin."

The White House had no immediate comment. Presidential press secretary George Christian said "we do not as yet have a full text" of the Hanoi broadcast and there would be "no comment until we have time to read and consider the text."

Gets Message

Christian said he himself handed to President Johnson in his office the news of Hanoi's message at 9:55 a.m. EST.

The two representatives that

Father, Son Lose Lives in Poygan Creek

OSHKOSH — The second double-drowning accident in less than a week in Winnebago County took the lives of a rural Winnebago man and his son between 4 and 6 a.m. today.

The deaths of Lawrence A. Hertzberg, 68, and Raymond L. Hertzberg, 32, in a channel off Pumpkin Seed Creek in the Town of Poygan were ruled due to accidental drowning, by Coroner Art C. Miller.

County police said the two men had gone fishing about 4 a.m. When they failed to return home for the morning's farm chores, the younger Hertzberg's wife, Caroline, went searching with the help of a neighbor, Thomas Nebl. Nebl discovered the men's overturned skiff in the channel and alerted county police.

Miller said the bodies were recovered by 8:15 a.m. They were taken to Mueller Funeral Home in Winnebago.

Two Milwaukee area men drowned Saturday morning when their small fishing boat capsized in Lake Poygan.

Minnesota Sen. Eugene McCarthy and his daughter Ellen share the stage at a half of the Democratic votes in the victory celebration in Milwaukee Tuesday night. McCarthy drew more than a half of the Democratic votes in the presidential primary. (AP Wirephoto)

Cambodia Downs U.S. Plane

Siege of Khe Sanh Under Allied Attack

SAIGON (AP) — About 8,000 U.S. and South Vietnamese troops have launched a drive to push through soon to the battered fortress in the northwest, where 6,000 Marines and 1,000 South Vietnamese have been encircled since January by from 16,000 to 20,000 North Vietnamese regulars.

As this drive, which kicked off Monday, was announced informed sources said that a Cambodian navy boat shot down a U.S. Navy plane on patrol off the west coast of South Vietnam.

Crew Missing

The patrol boat was looking for gun-running Viet Cong trawlers in the Gulf of Siam. Its 10-man crew was missing.

The lack of resistance on the road to Khe Sanh and three days of inactivity elsewhere puzzled U.S. officers, who pointed out this had happened before. One senior U.S. officer said it was too early to tell whether the enemy was de-escalating in response to President Johnson's order curtailing the bombing of North Vietnam.

In the advance on Khe Sanh, U.S. 1st Cavalry Division troops were cooperating with Marines and South Vietnamese troops. In all, 8,000 troops were engaged in the drive.

The advance is west over Na-

tional Highway 9 from Ca Lu to Khe Sanh, and the relief force has covered about one-third of the distance, the report said.

'Defeat Enemy'

"We want to open a road and defeat any enemy we encounter," said Maj. Gen. John J. Tolson of New Bern, N.C., commander of the cavalry division who has assumed control of the operation called Pegasus. "There should be enough here to keep us busy."

As Marines pushed along the highway, cavalry units made helicopter assault landings on each side of the highway but ran into no resistance, field reports said.

Khe Sanh has been supplied haphazardly by air since the siege began. North Vietnamese have moved in close around the base—which blocks an invasion route into the northern tier of South Vietnam.

From their nearby positions, the North Vietnamese have laid down intensive mortar, artillery and antiaircraft fire at helicopters and cargo planes dropping supplies and removing dead and wounded.

On Laotian Border

Intelligence reports have indicated the North Vietnamese have been withdrawing from

Hangs Onto Hood, Husband

Wife Unshaken

WIGAN, England (AP) — Olive Rieby saw her husband driving off with another woman and jumped on the hood of his car.

John Rigby, 41, put on the brakes, started up, and stopped again. But he couldn't shake Olive off.

He took her for a five-mile ride at 25 miles an hour, with the other woman in the car, stopping repeatedly to plead with her to get off the hood. She wouldn't.

The Wigan magistrate fined the husband \$60 Tuesday for carrying a passenger in a dangerous manner.

"I thought that if I got off the car, our marriage would go too," said Olive, 39. John decided to stay with her.

Astronomers Ponder Possibilities

Signs of Intelligent Life Read In Radio Waves From Space

CHARLOTTESVILLE, Va. (AP) — A government space scientist says it's remotely possible newly detected mysterious signals from outer space may represent "galactic navigational beacons" being employed by an advanced civilization to guide their manned spaceships along the Milky Way.

Another admittedly far-out possibility, says Dr. Kenneth Kellermann, is that the radio wave signals may represent communications signals between four inhabited planets, as well as attempts by each to contact still other planets such as the Earth.

Kellermann, of the government's National Radio Astronomy Observatory at Green Bank, W.Va., described the concepts in an interview Tuesday while attending a meeting of the American Astronomical Society at the University of Virginia.

Radio Waves

He did so after first declaring that while it's much more likely the strange radio signals are coming from uninhabited star-like objects, the alternative possibility that they may represent signals from intelligent beings has not yet been definitely ruled out.

The discussion concerned recently discovered "pulsars"—four celestial objects of some

kind that have been detected by pulsating radio waves they are emitting.

British radio astronomers discovered them last summer but didn't report their findings to the scientific world until late in February. Since then, American scientists have also detected them.

Declaring the discovery has astounded astronomers throughout the world, Kellermann said.

Good Chance of Snow by Tonight

Fox Cities — Cloudy with rain tonight becoming mixed with snow. Windy and colder Thursday with snow ending. Low tonight near 38, high Thursday near 45. Southeastern winds 10 to 18 m.p.h. tonight becoming northwesterly at 18 to 25 m.p.h. on Thursday.

Appleton — Observations at 10 a.m. today for the preceding 24-hour period: high, 58; low, 34. Barometer, 29.90 and falling. Wind, east at 5 m.p.h. Humidity, 79 per cent. Dew point, 42 degrees. Skies, cloudy. No precipitation.

Sun sets today at 6:23 p.m., Sun rises tomorrow at 5:29 a.m. Moon sets tonight at 12:39 a.m.

most radio astronomers in the United States and abroad—including himself—believe the signals are probably coming from "neutron stars."

The latter are previously postulated celestial objects presumed to be a form of wreckage from supernovae or exploding stars.

'White Dwarfs'

Some other scientists, he indicated, believe the signals may be coming from other types of dying stars known as "white dwarfs."

"But," he added, "it's probably fair to say that all of these scientists continue to think, in their own minds, of the possibility, however remote, that these signals may be artificial ones produced as a means of communication by some advanced civilization..."

In this connection, Kellermann disclosed tentative plans for a government-sponsored, unique doubleheader radio telescope experiment aimed at trying to help pinpoint more definitely the nature of the strange pulsating objects.

He stressed that the experiment is not expressly designed to answer the question whether an advanced civilization might be involved. But he said the results might have a bearing on the question.

Appleton Mayor Wins by 391 Votes

Buckley Edges Mitchell

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

Mayor George Buckley beat Clarence A. Mitchell by 391 votes Tuesday to become the first Appleton mayor ever elected to a four-year term.

Buckley edged Mitchell 9,316 to 8,925.

The election attracted a record 18,563 voters, equal to 79 per cent of the registered electorate.

The outcome of the contest was not decided until the re-

turns from the last of Appleton's 20 wards were recorded.

Buckley was leading Mitchell by 387 votes at 10:15 p.m. with the 19th Ward the only one left to report.

At 11:08 p.m. the 19th Ward reported 682 votes for Buckley and 658 for Mitchell — ending the suspense and Mitchell's last hope.

Mitchell, who was mayor from 1958 to 1966 until Buckley defeated him, made a stunning

showing in the March 5 primary by leading a field of four and finishing 696 votes ahead of Buckley.

Blanketed City

Buckley hardly campaigned in the primary but in recent weeks formed a campaign organization which blanketed the city.

There had been speculation the election outcome would be close with the winner finishing about 500 votes ahead. However, it turned out to be closer.

Mitchell's only hope was to win heavily in the large 19th Ward, but there it was a near standoff.

It was evident Buckley benefited from the large turnout, which saw people still standing in line to vote when the polls closed at 8 p.m.

Both Buckley and Mitchell campaigned on their records as mayors. Whenever sharing a speaker's platform, they discussed programs but had no sharp confrontations.

Buckley said the city had made "progress without frills" under his administration and claimed Appleton was on the move.

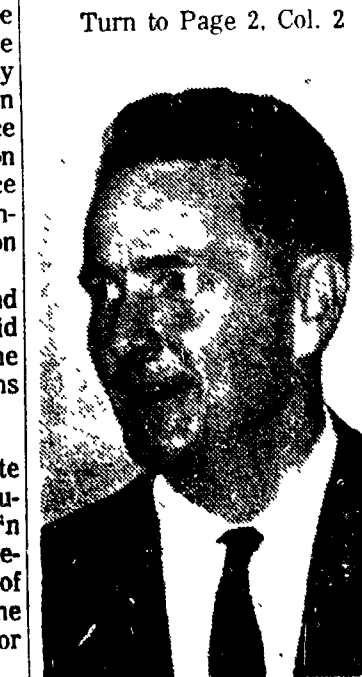

Lack of Leadership

Mitchell at times referred to a lack of leadership at city hall and said, if elected, he would base his decisions on what was good for the city — not politics.

There was considerable undercurrent in the campaign which for all practical purposes started on a quiet note several weeks ago.

One issue which developed in

Schaefer Wins Judgeship

BY BILL KNUTSON
Post-Crescent Staff Writer

Four-term Dist. Atty. Nick F. Schaefer won an overwhelming victory Tuesday over Appleton attorney Joseph Van Susteren for the Outagamie County Court Branch 2 job left vacant last week by the retirement of Gustave J. Keller.

Schaefer, in capturing all but two of the county's 47 precincts, counted an unofficial 23,490 votes, to 9,385 for Van Susteren, brother of County Judge Urban P. Van Susteren, of County Court, Branch 1.

On the basis of an announcement by Gov. Warren P. Knowles on March 14, Schaefer will be named April 11 to fill the criminal court vacancy until Keller's term officially expires on Jan. 1, 1969. At that time, Schaefer officially starts his six-year-term at a salary of \$17,500 per year.

Leaves Vacancy

Schaefer's election to the judge post leaves a district attorney vacancy that also is expected to be filled by a Knowles appointment. It was learned today the appointment also will be made April 11.

Several names, including

those of three Appleton attorneys, have been mentioned in recent weeks as among those seeking the district attorney appointment.

Richard Hamilton of Appleton is a part-time assistant district attorney.

Schaefer said Tuesday night he probably would need about 10 days to clear up the affairs of his office before he could take the bench in Branch 2. Judge Raymond P. Dohr of County Court, Branch 3, has been acting judge in Branch 2 since the retirement of Keller on March 31. Keller, judge since August, 1961, reached the mandatory retirement age of 70 on March 23.

A vigorous advertising and person-to-person campaign paid off for Schaefer in one of the most one-sided judicial elections in years in Outagamie County.

Sweeps Appleton

The 40-year-old Marquette University Law School graduate, always a big vote-getter in the county, swept every Appleton ward and counted a total of 13,144 votes (unofficially) in the city, compared with 3,657 for Van Susteren.

The greatest single margin was in Appleton's 19th Ward,

All State Referendums Receive Solid Support

Annual Legislative Sessions, Judicial, Forestry Changes OK'd

BY ARTHUR L. SRB
Associated Press Writer

MILWAUKEE (AP)—Wisconsin voters, following a growing national trend, have overwhelmingly endorsed a constitutional amendment to permit annual legislative sessions.

With the vote Tuesday, Wisconsin became the 22nd state to adopt the proposal for yearly rather than biennial meetings of the lawmakers. The change does not require annual sessions, and leaves that question up to the legislature.

Two judicial amendments and a proposal lifting the ceiling on forestry fund expenditures also won solid voter approval in the balloting.

Under one judicial proposal, the retirement date for circuit judges and Supreme Court justices would fall on the July 31 following attainment of the judge's 70th birthday. Previously, they had to retire at the end of the month in which they reached 70.

The second judicial change would permit any person who has served eight or more years as a circuit judge or Supreme Court justice to be appointed as a temporary or reserve judge.

Only judges who have served until the compulsory retirement age are now eligible for such appointment.

The forestry referendum would permit the legislature to appropriate funds for forestry purposes much as it does for other state government operations.

The present forestry fund tax, set in 1937, is limited to 20 cents per \$1,000 of property tax valuation.

With 3,169 of 3,291 precincts reporting, the amendment for annual legislative sessions was being endorsed 638,484 to 254,772.

The judicial retirement proposal was winning 695,898 to 206,813 and the change in requirements for reserve judges was winning 647,520 to 233,843.

The forestry issue was ahead 638,484 to 254,772.

By endorsing the proposal for annual sessions, the voters reversed the action taken in a statewide referendum in 1982. At that time, voters decided lawmakers should meet biennially rather than yearly.

The constitutional change isn't expected to have a drastic impact on the operation of the legislature. There have been 24 special sessions of the legislature—18 since 1900. And they've become more common in recent years.

Except for the 1951 session, there has been a reconvened session in Wisconsin following every regular session since 1943. The governor has the power to call the legislature into special session at any time to meet an emergency. He retains that authority under the constitutional change.

The legislature also can call itself back into session if it recesses rather than adjourns following a regular legislative session.

Proponents of annual sessions contend society has become so complex and state problems so pressing that legislators need to spend more time deliberating issues and bills.

The judicial amendment on circuit judge appointments will

Schaefer New County Judge

CONTINUED FROM PAGE 1

of Kaukauna 75 to 72, and was downed 746 to 651 in Little Chute.

Schaefer, who is unmarried, carried all but five of the county's precincts in topping a field of four candidates in the March primary election. He polled more than the combined vote of Van Susteren and Appleton attorneys George Greisch, who ran third, and Mark Catlin.

Van Susteren, 51, has served as the county's public administrator. He lives at 219 S. Durkee St., while Schaefer lives at 602½ W. College Ave.

Life-Long Resident

The new Branch 2 judge graduated from Marquette Law School in 1953. He is a life-long resident of Appleton, and is the son of the late Steve Schaefer, an Appleton grocer.

Schaefer has held several offices in the Wisconsin District Attorneys Association, in which he is now first vice president.

In his new capacity, Schaefer will handle most of the criminal and traffic matters from police agencies throughout the county. The Branch 2 court also has jurisdiction in non-support, paternity and illegitimacy matters.

"I am most grateful for the wonderful support I received today," Schaefer said late Tuesday night. "I appreciate the trust the voters placed in me, and I will do my best to justify their trust in carrying out the duties of the office."

Madison Passes Bus Referendum

MADISON (AP)—Madison's city council has permission to buy and operate a public bus system.

Voters, by wide margins in Tuesday's election, authorized the city to take two steps to provide transportation.

One allows the city to buy and operate a bus system. The vote was 36,871 to 10,241. The other allows the borrowing of \$1 million to buy and set up the system. The vote was 35,575 to 12,089.

Another city referendum rejected a proposal to give the mayor four instead of two-year terms. The vote was 31,975 to 15,771.

Spanish Masterpieces Delivered to HemisFair

SAN ANTONIO, Tex. (AP)—Fourteen Spanish art masterpieces, estimated to be worth more than \$200 million, arrived safely at HemisFair '68 Tuesday where they will go on display when the exposition opens on Saturday.

The paintings, thought to be the most valuable art collection ever shown in Texas, include works of El Greco, Velazquez, Goya, Zurbaran and Murillo. Lloyd's of London has insured the paintings for \$10 million, but Spanish officials said they would bring much more if offered for sale.

provide a larger pool from which the state court administrator can select reserve judges.

Under the amendment, judges can retire before age 70 and still be eligible for reserve service. Incentives for judges to retire before the mandatory age will tend to provide a pool of experienced reserve judges which would be both larger in number and younger in average age.

Under the forestry amendment, the voters decided that the legislature should be empowered to appropriate additional funds for "acquiring, preserving and developing the forests of the state."

The proposal had bipartisan support of Republican Gov. Warren P. Knowles and Democratic Atty. Gen. Bronson C. La Follette.

In a 1964 referendum, Wisconsin voters rejected a proposed forestry amendment which would have raised the forestry appropriation limit from the equivalent of 20 cents to 25 cents per \$1,000 equalized valuation.

The vote in 1964, was 536,724 to 440,978.

Lame-Duck Pattern

Resignations Could Dot Remainder of LBJ Term

WASHINGTON (AP)—Although few if any Cabinet resignations are foreseen, administration sources voice concern that many second-tier and third-tier officials will quit Washington in the nine remaining "lame duck" months of President Johnson's term.

Only 1 of the 11 Cabinet officers, Postmaster General Lawrence F. O'Brien, has old and obvious political ties that might draw him from Johnson's official family now that Johnson has declared himself out of 1968 politics.

As for the others, White House aides say they suspect there may be fewer resignations in the months ahead than in those just past.

Since late November Johnson has had to find new secretaries of defense, commerce, and health, education and welfare—as well as a new budget director and a new economic council chairman.

Scramble for Jobs

But if the lame-duck days of Presidents Harry S. Truman and Dwight D. Eisenhower are any guide, many bureaucrats in the echelons just below the Cabinet level will be scrambling for job security—in private industry or in safer political havens.

Cabinet officers seldom need to wonder where their next lucrative connection is coming from. But it is bread-and-butter problem for most assistant secretaries, bureau heads and division chiefs. Below that, the

Hanley Wins Uncontested 10-Year High Court Term

MILWAUKEE (AP)—Justice Leo B. Hanley, who was appointed to the Wisconsin Supreme Court 18 months ago, won election Tuesday in an uncontested bid for a 10-year term on the high tribunal.

With 3,169 of 3,291 precincts reported, Hanley received 570,089 votes.

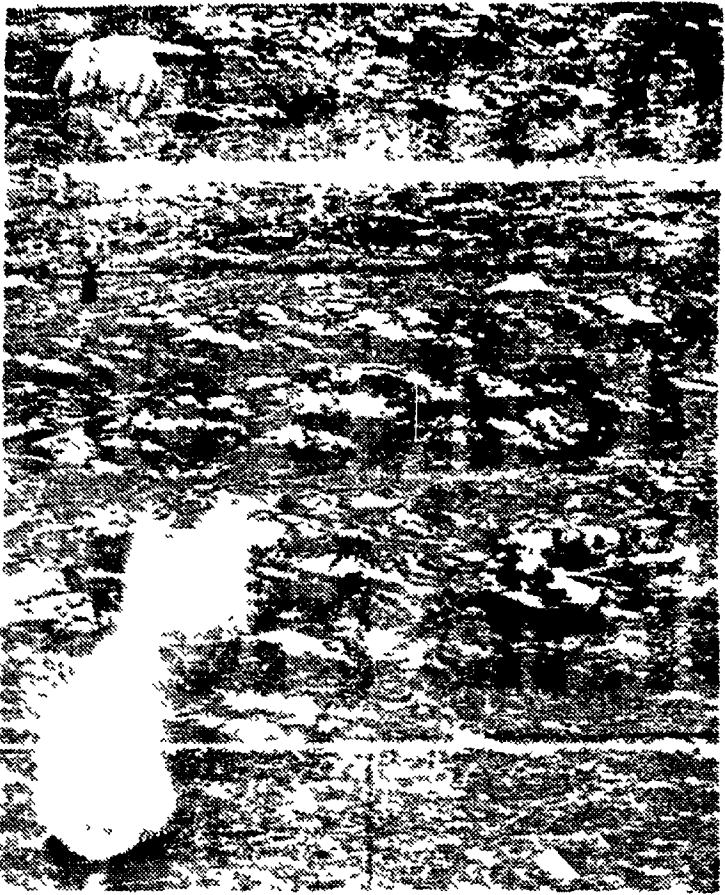

Hanley, 59, of Milwaukee, was appointed to the court in

Justice Hanley
September 1966 by Gov. Warren P. Knowles.

Prior to the appointment, Hanley served as a circuit judge from 1953 to 1965. He is a graduate of Marquette University Law School and a veteran of World War II.

Although he was defeated as a

Eight Survivors, Floating on a Raft and dinghy lashed together, are found Tuesday off the tip of Mexico's Baja peninsula after the 54-foot yacht of comedian Bill Dana split open and sank. A Coast Guard search plane from San Francisco photographed the survivors while it dropped supplies and distress flares to the shipwrecked persons who spent the night awaiting rescue. Dana, known for his character of Jose Jimenez, was not aboard at the time. No one was injured. (AP Wirephoto)

winds of political change are not generally felt, even if a new party comes into office.

Truman suffered many defections in 1948, when even his subordinates figured he was a loser. Finding replacements became increasingly difficult, his associates admitted, until he confounded the forecasters with a stunning victory.

End in Sight

Similar problems may beset Johnson. But at the Cabinet level, some hither to restive officers may be better content to remain, now that an end is in sight.

Postmaster General O'Brien, once a leader of President John F. Kennedy's famed inner circle called the "Irish Mafia," hasn't given any indications of his plans. Many have assumed, however, that he might feel duty-bound to lend his political skills to the late president's younger brother, Sen. Robert F. Kennedy, D-N.Y.

Here's a rundown on the other Cabinet members:

Secretary of State Dean Rusk—He has often declared himself in for the duration if Johnson wants him. He'd want to lead the U.S. negotiations, if Johnson can bring about a peace conference.

Fowler Restive

Secretary of the Treasury Henry H. Fowler—he has admitted some financial strain and considered resigning, after years away from a thriving law practice. But friends predict

Republican candidate in a primary bid for the Wisconsin Assembly in the 1970s. Hanley no longer has a political affiliation because of the nonpartisan capacity in which he serves on the Supreme Court.

The justice is married and has three children.

Today's Chuckle

There's some consolation in the thought that if Congress spends all its time in investigations there will be no chance to pass any more giveaway laws. (Copyright, 1968)

House Unlikely to Accept Senate-Passed Tax Measure

By JOE HALL
Associated Press Writer

WASHINGTON (AP)—The Senate has voted for hiking taxes while holding down federal spending but election-year consideration and a parliamentary squabble with the House casts doubts on the final congressional verdict.

The Senate voted 57 to 31 Tuesday for a bill combining three major provisions:

—The 10 per cent surcharge on income taxes proposed by President Johnson, which has been blocked in the House Ways and Means Committee since last summer.

—A \$6 billion reduction in federal spending.

—Extension of federal excise taxes on cars and telephone service.

Backers of the tax hike-spending cut proposal voiced confidence the Senate's strong endorsement of the measure boosted prospects for an eventual tax increase and some House members agreed with that analysis.

Re-election Question

But the Senate vote also demonstrated that most congressmen up for re-election this November may not be enthusiastic about voting for a tax increase.

Of the 28 senators expected to seek re-election this year, 19 voted against Tuesday's package proposal.

This problem is likely to be accentuated in the House, where

Village Dark for Not Paying Bills

SERGEANTSVILLE, N.J. (AP)—Sergeantsville is in the dark because it didn't pay its light bill.

This tiny community's 20 street lights were turned off by workmen of the New Jersey Power and Light Co.

The blackout stems from failure of voters to approve a budget calling for \$330 to pay the bill for the lights this year. The budget was defeated in February, 1964.

The only illumination on village streets was from some privately-owned lights and one kerosene lantern which a resident affixed to a stake in front of his home.

Dog Catcher's Dog

COLUMBIA, S.C. (AP)—Someone unfasted the latch on a dog pen behind the Richland County Health Department and made off with Son, a German shepherd. The dog belongs to county dog catcher Bob Day.

all 435 members face re-election.

House and Senate conferees charged with forging a bill acceptable to both chambers scheduled their first meeting for late today.

Advance word from the House conferees was they would look favorably on few if any of the 18 provisions approved by the Senate.

House Prerogative

The House traditionally has been jealous of its constitutional prerogative to originate tax measures in its Ways and Means Committee. Chairman Russell B. Long, D-La., of the Senate Finance Committee, manager of the original excise tax bill, said he saw little chance the House would accept the package amendments.

Long, who opposed the package plan, voiced belief Johnson's Sunday night speech, urging passage of the tax hike and expressing willingness to accept a spending cut, swung enough votes to win Senate approval.

Product of Scandal

Ethics Code Outline Presented to House

By WILLIAM F. ARBOGAST
Associated Press Writer

WASHINGTON (AP)—The House, its one vacant seat the legacy of a congressional scandal, is preparing to debate a proposed code of ethics for the other 434 members.

The House Rules Committee planned to bring the code to the floor today and approval appeared certain.

It is the product of a 12-member committee headed by Rep. Melvin Price, D-Ill., which was formed after Adam Clayton Powell was excluded from the House for alleged financial misconduct.

Financial Dealings

The proposal would require members to disclose their financial dealings, the aim being to prevent conflict of interest.

The Senate adopted its own ethics code last month but not until there was considerable debate and considerable revision to tone down the original proposal—considered by some Senators as too severe.

The financial disclosure provision of the House code would require members, officials and top employees to detail their business dealings. They would

Long said Johnson's announcement he would not seek re-election also won him Senate sympathy.

Sen. George A. Smathers, D-Fla., a co-sponsor of the package, agreed there was slight chance it would be accepted at the conference.

But Smathers, who will be conferee, said he would insist that House leaders make a statement about greater friendship toward a tax boost before he would agree to have the amendment dropped.

Sen. John J. Williams, R-De., the other co-sponsor, told a reporter he would be unwilling to settle for such a statement.

"Either we get a tax increase on this bill or I don't think we will get it," he said.

"If we wait for the House to act later, it will be close to the election, and it will never pass."

The package plan also calls for a \$10 billion slash in new appropriations for the next year and a 315,000 rollback in the number of federal employees.

have to list annually any concerns in which they have an interest of at least \$5,000 or an annual income of at least \$1,000. The firms do a substantial business with the government.

Available to Public

These reports would be available to the public under conditions set by the ethics committee.

It also would list the name of any other business or activity from which income exceeded \$1,000 and income in excess of \$5,000 for "services rendered."

A second report—this or sealed—would list the amount of the individual's interest in companies or income from activities identified in the first report. It would be examined only by the ethics committee during probe.

Helps Solve 3 Biggest FALSE TEETH Worries and Problems:

A little FASTEETH sprinkled on your dentures does all this: (1) Help hold false teeth more firmly in place (2) Hold them more comfortably (3) Lets you bite up to 35% harder without discomfort. FASTEETH Powder is alkaline (non-acid), Won't sour. No gummy, gooey, pasty taste. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Boosts for McCarthy, Nixon

The preferences of Wisconsin voters for presidential candidates emerged Tuesday just about as expected, but they were almost as significant for what they did not say about present and potential candidates whose names did not appear on the ballot.

Richard Nixon's solid victory added to the impression that he has the Republican nomination all but sewed up. Certainly there was nothing in the Wisconsin results which would give any comfort to those who still hope New York Governor Rockefeller can emerge as the nominee.

Senator Eugene McCarthy's majority vote was not surprising in view of the way popular sentiment has been running in Wisconsin in recent weeks and in the light of President Johnson's withdrawal. The most encouraging note as far as the Minnesota senator is concerned is that he attracted a sizeable number of Republican votes. These Republicans who crossed over into the Democratic column did so in opposition to Nixon, because of his position on Vietnam or possibly for other reasons. They could no longer be interpreted as protest votes against President Johnson.

But the question lingers on as to how loyal those voters may remain to McCarthy as the Democratic campaign intensifies in

Industrial Land Banking

A new kind of a "bank" is gaining in popularity in Appleton and every taxpayer will benefit.

We are referring to the policy of the City Council which calls for purchasing undeveloped tracts to be reserved for industrial growth.

Recent action of the Board of Public Works in recommending that the City Council give the go-ahead for further expanding the city's industrial land bank holdings is to be applauded for encouraging present and new industries to build here.

It goes without saying that Appleton's venture into an all-out industrial park development — acquisition of the 153-acre old county airport less than a year ago — has been an overwhelming success. As a result most of the land is already committed.

For the citizen who has not paid much attention to the city's efforts in the industrial development area, a brief explanation is in order. The city obtains raw land and zones and reserves it for future industrial expansion. Industries purchase the land and pay for the utilities — the city making no money on the deal but not engaging in any kind of a give-away program either.

Little Progress in Latin America

The United States need not look as far away as Asia to find areas which seem to be sliding backward despite massive doses of American aid and sincere efforts to promote economic changes. Covey T. Oliver, Assistant Secretary of State for Inter-American Affairs and United States Coordinator for the Alliance For Progress, gave the House Foreign Affairs Committee some disturbing statistics about Latin America.

Mr. Oliver was testifying on the need for the \$648 million President Johnson had requested for the Alliance For Progress program. He conceded that the optimistic goals of the Alliance had not been reached. Agricultural production has been increasing only by about 3 per cent annually which barely keeps up with the population growth in most Latin American countries. There has been little real land reform because such changes must come through changes of "the social as well as the economic conditions in the countryside." These must include "not only vastly expanded programs to extend vital educational and health services to the rural areas, but also increased agro-industrial employment opportunities, reforms in wages and working conditions and redistribution of land to the landless."

Although Mr. Oliver said that there has been considerable progress in Latin American education, more than half the population over 15 years are illiterate "and the number is increasing." Half of the 14 million children of primary school age are not in school and only a fourth of those entering first grade get through the sixth. "Almost half of all primary school teachers still have no systematic training or certification; school curricula are rigid, outmoded and rote-taught. University education is

Looking Backward
Sharp Bootmaker, Says Crescent

100 YEARS AGO
Quoted from the Appleton Crescent for April 4, 1868.

What do you think? As soon as Jennerjahn was ready to open his Boot & Shoe store on the Avenue, he was wise enough to use a little printer's ink!

He wanted to let it be known among the people that he was in business.

Is there any danger of his failing to secure a good trade? Not a bit of it!

He is no sleepy-head, but an active, wide-awake, clever mechanic, who cannot fail to do a good business — willing to invite customers to come in to see him.

Go and see John — and get him to make you a pair of boots "as is boots!"

25 YEARS AGO
Wednesday, March 31, 1958.

Officers of the newly organized 4-H club at Combined Locks were Marvin Schumacher, president, Patricia Scherer, vice president; John Scherer, secretary-treasurer, and Donald Van Getten, reporter.

The Wisconsin Senate that day unanimously confirmed the appointment of James B. Mulva, Oshkosh, to the state banking commission. Gov. Walter S. Goodland had made the appointment earlier.

The Wolf River at New

London broke into free water at exactly 5:25 p.m. the previous day, with the left channel free of ice under the Dorr Street bridge at 5:20 p.m. Dr. J. W. Monstad, C A Jeffers and James Edminster all checked the time as the last chunk of ice flowed under the bridge.

10 YEARS AGO
Wednesday, April 2, 1958.

Michael Hammond, Appleton, was elected student president of Oriel College, Oxford University in England. He was the first American student ever to hold the office. He also was captain of the Oxford basketball team.

Glenn Harke, Kimberly stu-

the vacuum left by the President. The results in subsequent primaries in Indiana, Oregon and California, where McCarthy will run head-on into Senator Robert Kennedy, will be much more revealing.

And there is the very real and immediate prospect that Vice President Humphrey will also become a declared candidate, and certainly such a declaration would imply the silent backing of the President. At the moment those Democrats who support the present administration have no place to go, and there certainly is sufficient base there to launch Humphrey as a major contender.

Nixon and the Republican Party now are both in the enviable position of having seven months in which they can concentrate their efforts behind a single candidate. They may be a bit handicapped for a time in not knowing whom they are running against, but Nixon has already begun to clarify his position on Vietnam as opposed to that of both McCarthy and Kennedy.

It will be some months yet before two major questions are answered about the future leadership of the Democratic Party, first whether it will remain in the hands of a legitimate heir of Lyndon Johnson, and second, if it is to pass into new hands, will it be Kennedy or McCarthy?

Because city officials have demonstrated eagerness and sincerity to help build a better Appleton, and thus add to the tax base in hopes of holding the tax rate down, various firms have responded with enthusiasm and capital outlay dollars.

The city administration, Common Council, Board of Public Works Commerce-Industrial Development Committee and the all-important Land Acquisition and Negotiation Committee are to be congratulated for a job well-done in revitalizing local government's role in extending a cooperative hand to industry looking for places to expand.

And if Appleton continues the fine program it now has going, there can be no doubt but that various firms will give No. 1 consideration to building within the city limits rather than going to outlying areas or other states.

Those who have contributed to the success of Appleton's new industrial-commercial development venture — and there are private groups outside the government structure — are to be hailed for a job well-done . . . but are also issued a reminder that the job of promoting advantages of locating a home, business or industry in this city is an unending challenge.

poorly organized with part-time teachers and students and turns out twice as many graduates in law as in the natural sciences and agriculture combined."

If there are substantial cuts in our aid to Latin America, Mr. Oliver warned that there might be "violent revolutions and widespread terrorism."

Certainly our government officials are sincere about the importance of our foreign aid. And to some extent that aid may have prevented such violence in the last few years in Latin America. As Mr. Oliver pointed out, the per capita economic growth rate over the last four years has averaged 2.2 per cent, far better than during the first two years of the Alliance For Progress program.

But there must be a very real desire on the part of local Latin American officials to find ways to social and economic reform if our assistance is not to go down the drain. Some Latin American government leaders have been making these efforts although with varying degrees of success. The trouble is that time may be running out. Whatever the influence of Communist elements, the hard fact is that peasant unrest in many countries is reaching the terrorism level. The continued influence of ultraconservative military bigwigs and landed aristocracy is large just as they are in some of the poor Asian nations where revolutions also threaten.

It well may be that when the history of the second half of this century is written, it will emphasize the failure of the wealthy, democratic nations to find ways of encouraging change and economic progress in the underdeveloped countries. And such failure is almost sure to mean extended military efforts to put down revolution.

Taylor Writes
Big Brother Government Never Knows Where It Should Quit

BY HENRY J. TAYLOR

I do not smoke cigarettes but I certainly have mixed feelings about the government's anti-cigarette smoking push.

How big is Big Brother supposed to get?

Cigarettes are not automatically injurious in the way implied. It's oversmoking cigarettes that is injurious, although that truth is not what Big Brother is saying. And anyway, I'd just rather decide for myself such a reasonable question without being prodded by Big Brother. That's one of several reasons why I prefer living here than in the U.S.S.R.

The trouble with Big Brother government is that it never knows where to quit. Its paternalism just grows and spreads and spreads until Big Brother has his immense nose into absolutely everything.

EVERYBODY'S BUSINESS

Reforming everybody but himself, Big Brother tends to everybody's business but his own. Big Brother can't even put his own Washington house in order, keep taxes reasonable, keep the country out of wars, keep our youth out of Khe Sanh, keep peace in our streets, or keep up with its own bills and debts — but Big Brother is to decide everything for you and me just the same.

Big Brother tells us free citizens we should not travel. We're told to prop up the American dollar which Big Brother himself has butchered by boobland decisions and incredible waste year after year. Meanwhile, in not one single major instance are the politicians themselves sacrificing anything whatever to stop our dollar's dwindling purchasing power or keep our savings safe.

"Do as I say" not "Do as I do" is Brother's motto.

Big Brother says one thing and does another, lies to us, manipulates the news, breaks promises, juggles the books, pads the public payrolls, plays

defent at Stout State College. Menomoneie, Wis., became a member of Phi Omega Beta social fraternity. A freshman, he was enrolled in the school of industrial education.

K. C. Kimball, cashier of the State Bank of Wabeno for the past five years, began his duties as vice president the previous day at the First National Bank of Menasha.

politics with pressure groups and other minorities no matter what happens to the majority and saddles us with one mismanaged program after another that collapses under its own confusion and weight. And every time Big Brother falls flat on his face the cost to us goes up.

If the government really wants to do some things that are good for us I can think of a hundred places to start

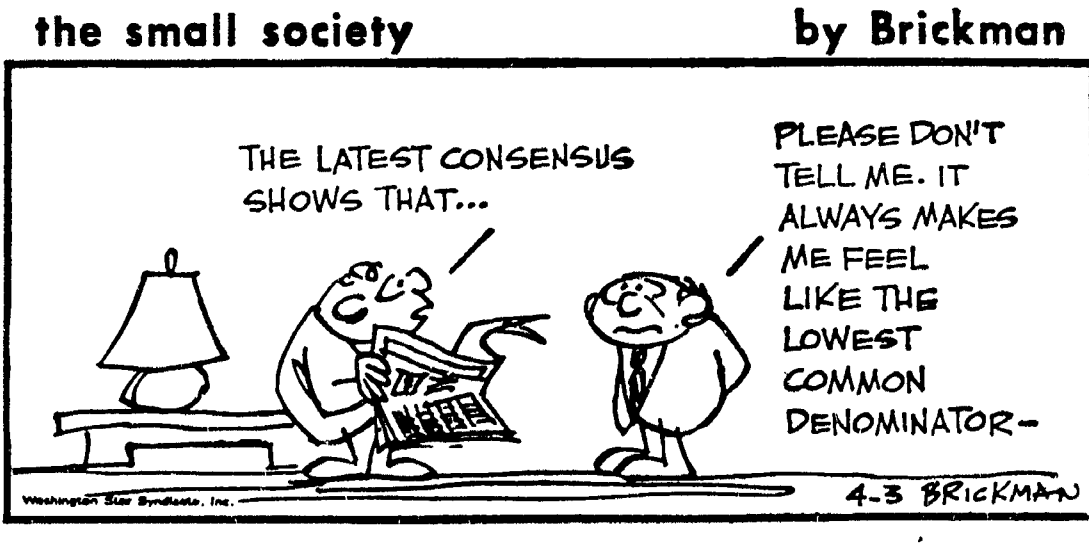

People's Forum
City Soot Could be Profit Item

Editor, Post-Crescent:

As a student interested both in sound engineering principles and in prudent government, I would like to propose logical action which could save money for the city of Appleton. It is well known that the city treats the drinking water with activated carbon to remove certain odoriferous impurities. My estimate of the concentration reaching the consumer is 10 grams per thousand gallons. It is also well known that industries in the area emit through smoke stacks large quantities of partially combusted organic material, i.e. soot. This material has a large specific surface area and has the same properties as the carbon which is added to the drinking water.

My proposal is as follows. Instruct the city sanitary department to remove this valuable soot from where it is deposited, eg. cars, houses, windows. It could then be added to the city drinking water replacing the carbon that to now had to be purchased. By efficient collection, a surplus could be accumulated and this could be sold to other Fox Cities bringing a profit to the city of Appleton.

Wisconsin Report
State Ranks High in Nation in Quality Of Its Education

BY JOHN WYNGAARD

MADISON — In the anxiety and pressure of local budget-making in a time of taxpayer sensitivity and in the sometimes angry arguments that accompany such proceedings, the impression is often left that Wisconsin is somehow more tightfisted about basic public services than other states. Moreover, some of the special interest groups do not

hesitate to exploit such selected statistics as may be available to serve their immediate debate purposes.

Thus it is refreshing as well as informative to find a calm and matter-of-fact recital of the comparative statistics on one of the major and most costly of the public services, the local schools of Wisconsin, by the State Department of Public Instruction. Many persons will be surprised, after what they have heard in local finance arguments lately, that in many respects Wisconsin ranks very well, indeed, both in its public education service performance and in the amount of tax effort dedicated to the public schools.

POINTS TO INVESTMENT

William C. Kahl, the state superintendent of public instruction, points to a dramatic illustration of the comparative rank of Wisconsin in educational effort, and one striking example of its greatly expanding investment in the schools.

Wisconsin now ranks eighth among the states of the country in expenditure per pupil in average daily attendance.

That rank must be considered in perspective. For example, Wisconsin per capita income is about average. Moreover, Wisconsin ranks only 16th in population among the 50 states.

Thus it is clear, on the one hand, that it is serving comparatively more students in its schools than is the nation as a whole, but it is doing more for them. One proof is in what the educators call the "retention" record. In this state slightly more than 89 per cent of the students who enter the ninth

grade are ultimately graduated from high school, which is a strikingly more impressive performance than the national average of just under 78 per cent.

RANK HIGH IN TESTS

As Mr. Kahl says, the quality of the Wisconsin education service program on a comparative basis, whatever local exceptions or problems may remain here, can be deduced from the record of its young people in national selective service testing. It ranks sixth among 50 states in having the fewest failures in induction tests of young men called up for military service. The failure rate here is about 4.4 per cent, against a national average of 12.4 per cent.

Salaries paid to elementary teachers here are about equal to the national standard, which is something not often acknowledged in the discussions about the need for higher salary authorizations, which can doubtless be demonstrated. High school teachers here earn slightly more than their compatriots on a national average.

Wisconsin has more of its population enrolled in the schools than does the average state. Its ratio of pupils to teachers is better, that is, there are fewer pupils per classroom. The length of school term is longer, although only slightly. In per capita expenditures for all public education, the state's rank falls, but that can doubtless be explained by the circumstance that the ratio of private and parochial school enrollment in Wisconsin is comparatively high and that many parents, therefore, are bearing a dual school tax.

FEDERAL WANTS SMALL

The school cost burden is one of the major factors of Wisconsin public finance, but it is characteristic of the whole. This is shown in the fact that the state last year ranked seventh in the country in state and local tax collections as a percentage of personal income. One curious comparison is not readily explained, although it undoubtedly should have the attention of the state's leadership. In an era of vastly expanding federal tax support of local services, Wisconsin has been left out in the cold. According to the latest data available, Wisconsin ranks 48th among 50 states in per capita federal aid payments.

Strictly Personal
Breast as Sex Symbol Unique to America

BY SYDNEY J. HARRIS

While in New York not long ago, one of the plays I went to see was "Scuba Duba," described by its author as a "tense comedy." One of the most tense moments occurred when a female member of the

cast descended a staircase with a totally bare bosom.

A little gap went through the audience — I almost said a titter — as the actress stood around chatting with other members of the cast. Then, insouciantly carrying a glass of milk in her hand, she ascended the staircase and disappeared from view.

What was interesting about this singular event on the Broadway stage was not the initial reaction of the audience, but its subsequent indifference. After the first momentary shock, she might as well have been covered with a Mother Hubbard for all the attention she was paid.

It is not regarded as a secondary sex characteristic. In Western society — and most hysterically in America — the breast has become the primary sexual symbol. Entire "acting" careers have been based on it. Mammary measurements are cited in the entertainment columns, much like stock market quotations on the financial page. And, of course, a multi-million dollar industry has sprung up (or out) devoted to the synthetic enhancement of the bosom.

Yet, within 30 seconds on the stage, that actress' breasts assumed no more importance than her elbows or her shoulder blades. The audience was caught up in the dialog, in the plot and action; she could have sprouted a third breast, and hardly anyone would have noticed, so quickly did we become accustomed to the exposure.

It is a peculiar characteristic of the Western world to identify the degree of nudity with a corresponding degree of "immorality" — when, of course, there is no correlation between the two. A nudist colony, for instance, is the most depressingly hygienic and antierotic place on earth. If we all walked around naked, sex would take its proper place as the funny, awkward, sometime thing it really is.

Editor's Note

People's Forum letters should be kept as short as possible and, in no case exceed 500 words in length. The editor reserves the right to shorten letters and to delete inflammatory or libelous statements. Letters must be signed and include the address of the sender. A pseudonym may be used, and the writer's signature withheld, if he has a sufficient reason.

Purges Increasingly Common in China

Strange Absences Becoming Rule Among Possible Enemies of Mao

By JOHN RODERICK
TOKYO (AP) — In Communist China unexpected absences are becoming the rule. Fore-sighted politicians could emu-late doctors with office signs which say: "Out. Back after the purge."

Since August 1966 the purge has been the thing with which to catch the conscience of the er-ring, but its style has changed wildly.

Time was when the wayward —President Liu Shao-chi, party General Secretary Teng Hsiao-ping, Peking Mayor Peng Chen, and a host of others—were de-nounced as rightists. This year's fashion is to attack the leftists.

What makes an already con-fusing situation more baffling is the carefree way the latest sin-ners—party propagandist Wang Li, purge committeeman Chi Pen-yu, army leader Hsiao Hua and others—are accused of being old cronies of yesteryear's villains.

All are charged with being an-tiparty, antirevolution and plot-ting to restore capitalism on the mainland.

The chief charge is that those who have tumbled into disgrace in some way opposed the sacred word of 74-year-old Communist Chairman Mao Tse-tung.

The punishment which fits

this crime varies according to the degree of opposition. The merely wrong-headed are given a chance to reform through self-criticism. The wilfully stub-born, those who persist in their mistakes, are labeled counter-revolutionaries. Prison sentences, even death, are reserved for this latter category.

No one is safe from the scrub brush of the Maoist crowd, not even those, like Chi Pen-yu, who for months stood beside Mao and his wife among the favored few.

Mrs. Mao
There was a period, over the new year, when Mrs. Mao —Chiang Ching—was rumored in the doghouse. She was absent from a series of important pub-lic occasions. Premier Chou En-lai said she was ill. She has since reappeared and no one has yet said whether she had had her turn at self-criticism.

To have done so would not have been necessarily a sign she had fallen into disfavor. Vice Premier-Foreign Minister Chen Yi last year underwent a deep soul-searching for his wrong thinking but he has come out of it as strong as ever.

Mao's demands on those around him are simple. He is willing to forgive and forget if they will admit they were wrong and pledge themselves—as Chen Yi did—to be good boys in the future. What he is after is a new kind of human, totally dedicated to his ideas and those of his appointed successor, Defense Min-ister Lin Piao.

Those purged are in hot water only when they are classed as counterrevolutionaries. Until a few months ago, most of Mao's enemies were given this label, along with others: it didn't mean too much. But now, a court decides who is to be a counterrevolutionary.

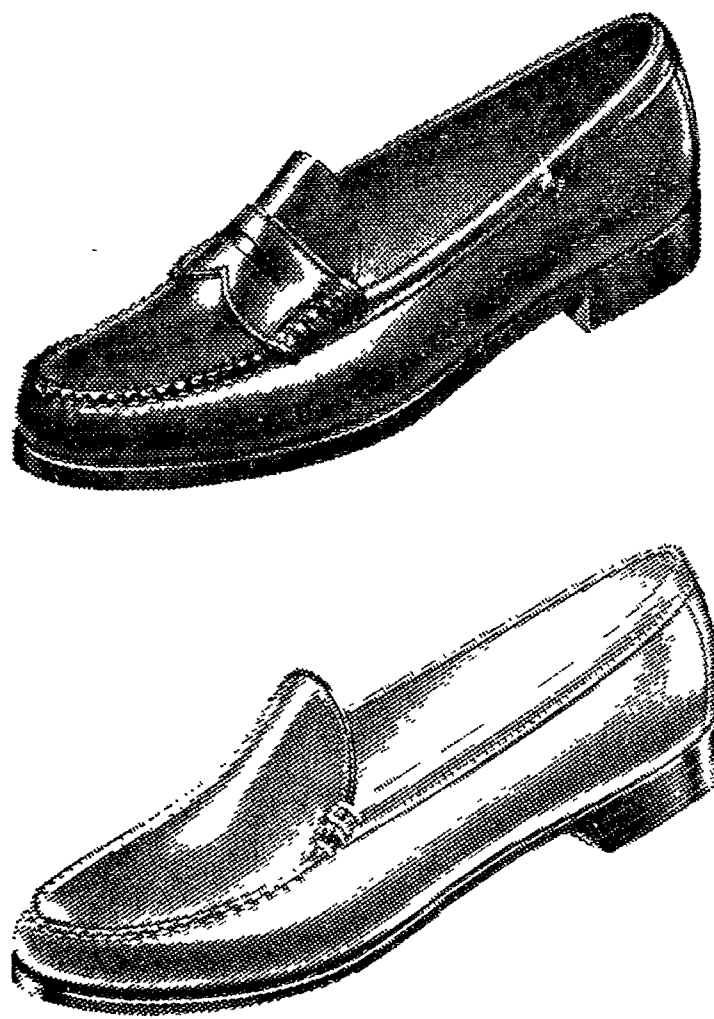

There is no turning back from that listing. On March 15, the Yunnan political and legal office held a "sentencing rally to sup-press counterrevolution."

Is there a cure for hemorrhoids?

Many leading authorities say there is no cure for hemor-rhoids short of surgery. But in some cases there is a product that may relieve hemorrhoid pain. Its name is M.P.O.—Mentholatum Pile Ointment. M.P.O. contains Benzocaine, a topical anesthetic hospitals use to soothe burns and skin rash. It can give relief for hours. Get M.P.O. at your drug counter, in ointment or suppositories.

Want Stronger Voice Democratic Governors Set Meeting on National Race

DES MOINES, Iowa (AP) — Gov. Harold Hughes has called a meeting of the nation's Democratic governors to discuss the presidential campaign and their voice in national affairs.

The Iowa governor, chairman of the National Democratic Governors Conference, announced Tuesday that he has called the meeting for April 15 in St. Louis.

He said several governors had contacted him about such a meeting and that he agreed to set it up.

"We have felt unanimously that we would like to have a stronger voice in national affairs," Hughes said.

"Some of us felt this would give us a chance to swing some weight in national affairs, if we can agree on anything."

"As to whether we can agree, I haven't the slightest idea."

In 1966, the Iowa chief executive spoke for Democratic governors when they complained that the Johnson administration paid too little attention to them in establishing federal programs and policies.

A week later, he led a delegation of governors to the LBJ Ranch and shared a platform with Johnson in a display of amity. Since then, Hughes has said several times that contact

Cigarette Ember in Eye Causes Fatal Accident

PIRU, Calif. (AP) — A cigarette ember that flew in the driver's eye caused a car accident which killed a young North Hollywood woman, the coroner's office said.

Carole Cole, 24, was killed Sunday when the car driven by her husband, Gary Allan Cole, 25, went out of control and rolled over in a field. Authorities said she was thrown from the car and then crushed by it.

McCarthy Faced by Rough Road

CONTINUED FROM PAGE 1

voices to count, but go to the polls to express condolences. An explanation of the Johnson vote that is equally plausible is that many regular Democrats expect that Vice President Hubert Humphrey will figure in the nomination fight in the end. As Humphrey showed himself to the country Tuesday night, he did not have the demeanor of a man who regards his career as finished. Humphrey during his career has had considerable popularity in Wisconsin, a factor that will be considered by Wisconsin politicians if McCarthy loses the succeeding and more crucial primaries to Kennedy, and releases his Wisconsin-pledged

delegates to vote as they please at Chicago in August. On the Republican side of the Wisconsin election, there was reassurance in the resounding triumph of Nixon and the proportion of the vote he drew in spite of the temptation of thousands of voters to "vote where the action is," namely in the Democratic primary.

There is no longer much serious doubt among Wisconsin Republican leaders that Nixon will be their presidential nominee, as indicated by the prompt pledge of support by the usually circumspect and cautious Gov. Warren P.

McCarthy Gets 57 Per Cent of Vote

CONTINUED FROM PAGE 1

read this way, with 3,291 precincts counted:

Nixon 384,953, or 80 per cent; California Gov. Ronald Reagan 51,574 for 11 per cent, habitual candidate Harold E. Stassen 28,448 or 6 per cent.

With that victory, Nixon captured 30 Wisconsin votes at the Republican national convention.

McCarthy won 17 Democratic votes with his state-wide victory, and another 32 by carrying eight congressional districts.

Johnson won eight votes for the nomination he said he will not seek or accept by running ahead in two Milwaukee districts, both bulwarks of organized labor strength.

No Real Contests

Johnson's Sunday decision to stand aside and retire from the White House turned the Wisconsin campaign into a million-dollar exercise with no real contests.

Presumably, Johnson could later ask the delegates he won to support an active candidate, possibly Vice President Hubert H. Humphrey, who is considered a possible successor to administration candidacy.

"Even though there may be a few more late entries," McCarthy said, "I don't think it will make a difference. We now know what the contest is."

He did not mention Kennedy's name, but that is the rivalry he meant.

McCarthy's late entry remark was aimed not only at Humphrey, but at Kennedy, who stepped into the presidential campaign after the Minnesota had proved the breadth of opposition to Johnson by taking 42 per cent of the vote in New Hampshire.

Kennedy, campaigning in Philadelphia, congratulated McCarthy "for an outstanding job in presenting the issues in both Wisconsin and New Hampshire."

"I am presenting my case across the rest of the country," he said.

McCarthy said he will, too. He programmed a hectic day of campaigning, first in South Bend, Ind., where he will confront Kennedy for the first time in a May 7 primary; then in Hartford and New Haven, Conn., where 44 nominating votes will be allotted by a state convention.

"It looks as if we may be able to challenge John Bailey in Hartford," McCarthy said in a reference to the Democratic national chairman, a Johnson man who was an early ally of the late President John F. Kennedy.

"This is something amateur politicians shouldn't be able to do."

Opposition to President Johnson's course in Vietnam had been the focus of the McCarthy campaign.

That issue was pinpointed in

'Act of Political Courage' DeGaulle Offers Cautious Praise for De-escalation

PARIS (AP) — President Charles de Gaulle today described the U.S. move to de-escalate the war in Vietnam "as an act of reason and political courage."

In his first public comment on President Johnson's limitation of U.S. bombing of North Vietnam, De Gaulle called the move "a first step toward peace."

However, De Gaulle pointed out that the bombing halt was "neither general, nor unconditional." This seemed to be a reference to North Vietnamese conditions that all attacks on North Vietnam must cease before peace talks can begin.

Full Statement

De Gaulle's remarks were made at his weekly Cabinet meeting and were reported later to newsmen by Information Minister Georges Gorse. The president's comment was unusually brief.

In full, as reported by Gorse, it said: "The fact that the President of the United States has publicly prescribed the halt in the bombing of North Vietnam, though this halt is neither general yet nor unconditional, appears to be a first step in the direction of peace and consequently is an act of reason and political courage."

This was the first time in recent memory that De Gaulle did not condemn U.S. involvement in the Southeast Asian conflict, despite the numerous American "peace offensives" in the past.

De Gaulle's conditional support of President Johnson's proposals of Sunday night indicates that the French president is taking the Johnson move quite seriously.

Contact with North

It may also be a hint that the North Vietnamese will demonstrate some willingness to meet the United States part way for peace talks.

The French are in constant contact with North Vietnamese officials. Mai Van Bo, the chief of Hanoi's diplomatic delegation here, saw Etienne Manac'h, chief of the Foreign Ministry's Asian desk, again Tuesday.

They were said to have discussed the Johnson proposals.

De Gaulle, as well, could be telling the adversaries of the United States in Vietnam that he considers President Johnson's initiative as a serious one which ought to be seized.

By associating himself publicly with Johnson's offer to lower the level of violence in the war as a prelude to peace talks, De Gaulle is, in a sense, putting pressure on Hanoi not to reject the proposal out of hand.

In most of his previous statements on the war, De Gaulle has blamed the United States for the conflict and has advocated the retreat of U.S. forces to let the Vietnamese settle their own affairs.

2 Million in North Subject to Bombing

SAIGON (AP) — President Johnson's order halting American bombing north of the 20th Parallel leaves 25 per cent of North Vietnam's area and about 10 per cent of its people still subject to attack.

More than 2 million of North Vietnam's estimated 20 million people live in the three and a half provinces still on the target map, an area that includes the southern panhandle and the densely populated plains around the cities of Thanh Hoa and Vinh.

These are the provinces of Quang Binh, Ha Tinh, Nghe An and the southern half of Thanh Hoa.

Transit Points

The area contains the main transit points for North Vietnamese troops and supplies moving south. It also contains almost half of North Vietnam's cultivated land, since the inland mountain area north of Hanoi is barren and sparsely populated. Rice and vegetables are the main crops.

Thanh Hoa and Vinh, the capital of Nghe An Province, are badly battered industrial centers and staging points. The main north-south Highway 1 runs through both. So does the old French Hanoi-Saigon railroad, part of which is still used by the Communists to move troops and supplies despite three years of American bombing and naval bombardment.

An important network of inland canals also runs down the panhandle parallel to the coast. From Thanh Hoa, military convoys move south along Highway 1 to the Ho Chi Minh trail through Laos. The city has phosphate and chromium mines, processing plants and four bomb-damaged electric power plants. A fifth plant, the 5,000-kilowatt Ban Thach hydroelectric station, is 20 miles

CONTINUED FROM PAGE 1

their siege lines, but officers pointed out that the enemy is only a few hours away on the Laotian border.

It was too soon to tell if a major battle would erupt when the relief force strikes the main North Vietnamese positions. Informed sources reported that it was presumed a big air and sea search was under way for the patrol plane in the Gulf of Siam.

Antiaircraft guns on the Cambodian ship brought down the four-engine turboprop P3B Orion Monday, the sources said. The plane was reported over an area of the Gulf of Siam where the territorial waters of South Vietnam and Cambodia are not clearly defined, and some South Vietnamese islands are just off the Cambodian coast.

The plane apparently was the first American aircraft brought down by Cambodian guns.

Mayor Buckley Re-Elected In Close Appleton Voting

CONTINUED FROM PAGE 1

recent weeks was a question raised by a northwest side alderman as to the propriety of some land purchases Mitchell and others in his former administration had made during office.

Mitchell denied any wrongdoing and gave a detailed public disclosure of his property holdings. While Buckley did not directly become involved in the issue, he did suggest a code of ethics be considered for elected and appointed officials.

Lost Momentum

The Mitchell campaign was steamrolling by the time the primary arrived March 5. However, it did not appear to have the same momentum in the closing days of the campaign.

Buckley gradually picked up strong support and did considerable pioneering at industrial plants and commercial establishments in the community.

It is believed the record vote — triggered by the presidential primary which had major candidates making public appearances in Appleton — helped the incumbent.

Buckley was able to make up the 696-vote deficit from the primary and add another 391 votes in what appeared to be an uphill campaign as of March 6.

Ald. Roy Pointer (14th) and William Wachtendonk (3rd), the two candidates eliminated in the primary, did not endorse Mitchell or Buckley. They had 4,500 votes between them.

5,000 More Votes

In addition, about 5,000 more votes were at stake Tuesday, representing those who did not show up at the polls for the primary.

Buckley, an attorney, and Mitchell, employed by Badger Highways, Inc., and also associated with A. C. Lange Co., Oconomowoc, both are 52 years old.

Mitchell was an alderman and county supervisor for several years before being elected mayor in 1958, beating Robert Roemer — the latter elected to the city council Tuesday as 8th Ward alderman.

Buckley had served one term on the council when he made his unsuccessful bid for mayor against Mitchell in 1964.

An indication something was in the wind came at 8:20 p.m.

Hanoi Wants Talks

CONTINUED FROM PAGE 1

President Johnson said in his Sunday broadcast would be standing by to join in any peace talks—Ambassadors Averell Harriman and Llewellyn E. Thompson—were in Washington.

Hanoi's response was regarded as a step forward from North Vietnam's earlier refusal to talk at all.

Also, Secretary-General U Thant of the United Nations welcomed North Vietnam's announcement and said he hoped "such talks will constitute a positive first step" toward ending the war.

'Promising Development'

Thant's statement, in New York, also said he was "happy to note that the initiative taken by President Johnson has led to this promising development."

Senate Democratic Leader Mike Mansfield, of Montana, said Hanoi's statement sounded encouraging and expressed hope it would be "the move that will break" the present impasse.

"I'd say the President's plea has been heeded," Mansfield said.

He said he regarded Hanoi's statement as a counter offer and added that: "If it means a cease-fire and a stand-fast on

both sides, I think it has a lot of merit."

Mansfield said that if this is the case and the North Vietnamese "don't go after our men along the DMZ", then he thought "we could go the rest of the way" in halting the bombing of the North in the interest of peace.

Pre-Condition

It was still unclear from the initial Hanoi broadcast whether North Vietnam was still sticking to a demand that has been unacceptable to the United States: That there be an unconditional halt to the U.S. air assaults as a pre-condition before any negotiations can be started.

The Hanoi broadcast denounced the U.S. "war of aggression" and the continuation of that bombing which is still going on in the southern part of North Vietnam.

No Promises

And it made no promise about a cutback in North Vietnamese infiltration against the South in reciprocity for the U.S. bombing cutback.

The key part of the Hanoi broadcast—the offer to meet with U.S. representatives—was surrounded by the more customary Communist invective against the American actions in Vietnam.

The 69.95 suit that should sell for \$100

designed by Salvatore!

After years of designing and controlling the quality of America's most famous \$95-\$145 suits, Salvatore creates the 69.95 suit that should sell for \$100.

Salvatore says:

"Our imported fabrics are equal to and many are superior to cloths used in the \$100 and up men's suit."

Salvatore says:

"Our styling is as distinctive and forward-looking as the most expensive men's suits in the country."

Salvatore says:

"Seven of the \$100 and up men's suit makers use the same inner canvas we have in our \$69.95 suit."

Salvatore says:

"There are details in the \$100 suit that add to the price without adding to its appearance or life. We put the significant details in our 69.95 suit."

Salvatore says:

"We use the same shoulder pads found in the \$100 and up suit."

Salvatore says:

"Our hand-tailored shoulder work is found in suits that sell for \$100."

Salvatore says:

"The \$100 and up men's suit has the same sleeve-head construction as our suit at 69.95."

Five elected officials' salaries were raised and one was temporarily lowered by unanimous vote at the annual Town of Grand Chute meeting Tuesday evening.

Town Chairman Thomas Thorson and Supvs. Ira Livingston and Edward Ziegler will receive \$12, instead of \$8, for each monthly town board meeting which they attend.

They will continue to receive \$12 for each full day's work on behalf of the town but will get \$8, instead of \$6, for each half-day's work. The maximum daily payment to each, however, has been set at \$12.

Town Clerk Leslie Woldt was given a raise of \$300 over his previous yearly salary of \$2,400. City Treasurer Eugene Paltzer's salary was raised from \$1,750 to \$2,000 per annum.

Because of the hiring of special assistants to help with this year's assessment project, John Stevens, assessor, will take a \$600 cut in his \$2,100 salary.

Recommended Changes

The salary changes were recommended by the wage and salary committee.

The planning committee recommended preparing a zoning ordinance to cover the anticipated construction of high-rise apartment buildings within the town.

Grand Chute has no ordinance governing the locations of such structures. The proposal will receive further study.

The assessor reported the total assessed valuation of real and personal property at \$25,273,000 in 1967, an increase of \$3.3 million over the previous year.

The treasurer said the town's total income the past fiscal year was \$1,991,000, and overall disbursements were \$1,965,000.

The largest single increase in expenditures anticipated for the coming year is in the highway fund, which will jump from \$38,000 to \$178,000.

Over-Assessed Claim

Town Attorney Donald Herring said at the meeting the town's claim that it was over-assessed by the state tax board in connection with the equalized property valuation for the county will be heard by the State Board of Tax Appeals sometime this summer.

Thorson announced that an open meeting of the town board to discuss salary changes for appointed officials will be held Tuesday night at the town hall.

Most of the other townships in Outagamie County also held town meetings on election day. They set up programs and financing or authorized their boards to do so for the coming year.

Freedom

A \$10,000 park site, previously approved at a town meeting, was defeated 372 to 251 in a town's election.

Pros and cons of the referendum and the connotations of the previously approved purchase were discussed at the town meeting which followed the election. No action was taken.

In other action the town adopted a budget of \$118,000 and agreed to install additional lights in the village.

A motion to blacktop a mile of Rock Road was altered to graveling and grading with the surfacing to be delayed until next year was approved.

It also was announced that Clyde Weyenberg, town assessor, had resigned.

Greenville

Purchase of eight acres to enlarge Greenville Community Park at a cost of \$5,500 was voted. Half of the cost will be paid by the town with the balance paid by federal Land and Water conservation Act funds.

Purchase of a tank truck for fire protection at a cost of \$2,500 was approved.

Salary of the town clerk was raised from \$1,080 to \$1,200, and of the assessor from \$862 to \$1,000. The town treasurer's salary remains at \$1,000.

Candidates for town office will be nominated by the circulation of nomination papers rather than by town caucus as formerly.

The residents also voted an increase in beer and liquor licenses for taverns from \$70 per year to \$100.

Buchanan

Reassessment was discussed Tuesday by town residents at the annual meeting but no action was taken. Reassessment had been a prominent and sometimes controversial issue, with some residents complaining of inequities.

There is little likelihood of reassessment this year, voters were told, because the appraisers recommended by the state are under contract for the year.

The local assessor will be asked to look for ways of reducing any glaring inequities on the tax roll.

In other action, it was decided that more oil will be used for dust control on gravel roads since road binder is no longer

Chairman John G. Kellogg and Thomas J. Jansen, speakers chairman. The Law Day theme is "Only a Lawful Society Can Build a Better Society." Speakers from the bar association are available on request. (Post-Crescent Photo)

Law Day 1968 Will be observed May 1 and will be featured by speakers from the Outagamie County Bar Association appearing before community groups. Bar Association President Stanley Chmiel, left, maps plans with Law Day

available. Use will be left up to the town board.

Contracts were renewed with the Outagamie County Highway Department for snowplowing and with the Rural Fire Department for fire protection. The fire contract calls for a \$200 retainer and \$50 for each fire.

Maine

Cold-mix blacktopping of three miles of town road was approved Tuesday by electors at their annual meeting. Of the total program, two miles will be on Newland Road and the other mile stretch will be selected by the town board. Costs are estimated at \$6,000 and it is expected that the county highway department will do the work.

Feeling that snow fences are no longer as important as they had been, the board was authorized to sell most of the town's fencing and posts. Some will be kept for specified areas.

Zoning was discussed but no action was taken.

Due to the frequency of grass fires, the board announced it will look into methods of prosecuting offenders whose fires spread into major blazes that require a fire department call.

Raises of \$50 a year were approved for the clerk and treasurer bringing their annual pay to \$450.

Bovina

A petition to consider reassessment of the town was presented to the town board at its annual meeting Tuesday night but no formal action was taken. The proposal will be studied by town officials.

A \$13 per \$1,000 assessed valuation tax, the same as last year, was set to support town activities this year. About \$25,000 was placed in the road fund, also the same as last year. Town roads will again be sealed with oil and road binder.

Deer Creek

Town of Deer Creek voters approved an extra \$2 per \$1,000 tax rate for blacktopping town roads this summer with the regular highway fund for maintenance remaining the same as last year. The mill rate for general town operations also remains about the same as last year.

Oneida

A budget of \$110,000 for the 1968-69 fiscal year was voted by the town meeting, an increase of \$10,000 over the past year.

Width of town roads came up for discussion with the proposal that they be narrowed from five rods to four. The proposal was voted down.

Hortonia

Under the new appraisal system, the town residents approved at the annual meeting to have the total assessment and referred to the town board real estate and personal property taxes be listed with each taxpayer receiving a copy of all residents' payments after the roll is completed in December.

The new appraisal, approved in 1966, is being put into effect this year. A voice vote passed the motion to publish the roll.

Maple Creek

The Town of Maple Creek residents authorized the town board in the annual meeting Tuesday to determine whether to blacktop a second mile of gravel town road. The board will select the road stretch to be covered, and cost is expected to be about \$4,500, based on past expenditures for blacktop.

The board put in a mile of blacktop last year as a part of a town effort to eliminate gravel roads. The board also was authorized to repair existing blacktop town roads.

Residents voted to keep town officials and labors' pay as

they were adjusted a year ago. Per hour wage is \$1.50. The board was authorized to raise by taxation \$11,000, which is the estimated operation cost for the coming year.

Kaukauna

Town meeting adjourned to 8:30 p.m. April 4.

Seymour

Town of Seymour residents, in an almost record annual meeting for briefness, authorized the town board to determine which town roads should be scheduled for repair and what policy to set on grass cutting.

Cicero

Because Nichols has been incorporated as a village and thus is dropped from the town tax rolls, the 1968 Town of Cicero budget shows a drop of \$26,000 from 1967.

At an otherwise uneventful town meeting, a handful of voters approved a budget of \$231,000, compared with a 1967 budget of \$257,000.

When Nichols incorporated, the Town of Cicero lost approximately \$342,000 in assessed valuation.

Ellington

Town of Ellington residents authorized the town board Tuesday to handle building and maintenance of town roads during the coming year. Salaries of town labor, which handles maintenance and other local town work, were raised from \$1.50 to \$1.60 per hour, effective today. Town officials also were authorized to borrow money in case of emergency.

The town residents moved to hold a referendum in 1969 on the question of building a mile of road between Section 13 of Ellington and Section 18 of the Town of Center. The referendum, to be in the spring election, was urged by residents who felt the road was needed to complete the boundary line between the towns. Center residents also will have to okay the construction since it would be a joint project.

Center

A motion to reassess the Town of Center at 100 per cent was voted down 31-20. The assessment rate is about 37 per cent of valuation. Other action included raising salaries of town officials. The clerk's salary was raised by \$300 yearly and the treasurer by \$250. Supervisors' salaries were raised by 50 cents per hour.

The wage the town pays for labor was raised from \$1.25 to \$1.60 per hour.

Osborn

Only two items came before the town meeting. Maintenance of town roads was discussed and referred to the town board as was the policing of the public dumping ground.

Black Creek

The hot issue of the town dump remained unsolved Tuesday night and town electors dumped the issue back into the town board's lap for a solution.

The board was instructed to find a controlled dumping area to replace the present system which has resulted in rubbish being spilled on neighboring land and on the roadways.

Dale

No town taxes will be levied for 1968 by vote of the town meeting. Taxes will be levied for school district, county and state purposes.

An appropriation of \$1,000 was voted for the Dale recreation department and \$1,500 was voted for a new roof on the community building.

Three miles of black top road

will be seal coated with the location to be determined later by the town board.

Pay for labor was increased from \$1.50 per hour to \$1.75.

The meeting voted to close the public dumping ground week-days, keeping it open only on Saturday.

Appraisal Firm Quotes Price of \$17,000 for Job

SHERWOOD — Harrison officials were authorized at the annual town meeting Tuesday to proceed with reassessment of the town, which was requested by more than 100 taxpayers in January. The last reassessment was in 1954.

Four appraisal firms were contacted for prices and the only quotation was for \$17,000. The price does not include maps or examining records.

George Schwalbach, chairman, said that if the town did not act, a petition representing 5 per cent of the assessed valuation would force the issue.

In other action, yearly salaries of \$300 for the chairman and \$200 for each of the two supervisors were approved in addition to the \$12 per diem they now receive. An additional \$200 a year also was approved for the clerk, treasurer and assessor, bringing the clerk's salary to \$1,950 and the treasurer and assessor salary to \$1,650.

The clerk and treasurer are allowed \$12 a meeting as well as the salary.

Electors also okayed construction of a building — estimated to cost about \$22,000, to house the increased amount of machinery owned by the town. The steel structure will be built at the town hall site, west of here on State 114.

Harrison fire chief, Hilard Brantmeier, Sherwood, requested town officials be authorized to purchase a fire truck should the need arise to eliminate calling a special meeting. Brantmeier pointed out the truck used by No. 1 company was 21 years old and though it was giving good service now, he was making the request in case of emergency. The board received authorization to purchase equipment if the need arose.

Oiling Approved

In other business electors decided they wanted town roads oiled since road binder would not be available and approved the purchase of "piggy back" oiling equipment to be attached to one of the gravel trucks. Road binder cost about \$5,000 a year. Schwalbach said the town has been quoted a price of \$850 a mile for oiling, with \$400 of the amount going for oil. This prompted the taxpayers to authorize purchase of equipment. The possibility of stepping up

the road blacktopping was discussed with the matter left to the decision of the board. Currently 20 of the 70 miles of road are blacktopped at the average rate of two miles a year.

Continuation of library service for town residents also will be decided by town officials. For three years Harrison has had a contract with the Kaukauna Public Library for 35 cents a book. Because residents with children attending Appleton and Menasha schools also requested the service the contract was not renewed this year. All residents could use the Kaukauna service however, regardless of school district.

Naming all town roads, as proposed by the county, with half of the cost coming from county funds was approved. Where roads connect two towns the same name will apply.

Officials were authorized to borrow funds to meet next year's March county tax settlement if needed.

Assessor Since 1942

Pierre Turns Back Bid of William Arnold

John A. Pierre, Appleton assessor since 1942 and dean of the city's elective officials in terms of tenure, was re-elected to his first four-year term Tuesday.

He defeated William Arnold, 114 W. Commercial St., 9,571 to 7,439.

City Clerk Elden Broehm, Treasurer Ray Feuerstein and City Atty. David Geenen — all unopposed — also were elected to four-year terms.

A year ago the city council changed the terms of the city's four constitutional officials from two to four years, effective April 17.

Little Campaigning

Pierre, 72, resides at 717 E. Frances St., and has held the

3 Calumet Incumbents Stave Off Challenges

Appleton, New Holstein Wards Seat New Members on County Board of Supervisors

CHILTON — Three incumbent Calumet County board supervisors successfully defended their posts in Tuesday's voting.

Aside from the contests involving incumbents, there were two races with four newcomers vying for vacancies created when incumbents did not seek re-election. These two contests were in Appleton and New Holstein.

Incumbent Supv. Mike Kloeppel, 10th District, Town of Woodville and Village of Hilbert, defeated Lester Eiting 468 to 331 in the 7th District. Town of New Holstein and Kiel's 3rd Ward incumbent Arnold Krupp, defeated Howard J. Langenfeld, 263 to 128, and in the 12th District, City of Brillion, Supv. Alfred J. Burich defeated Clarence A. Pagel, 419 to 337.

will be seal coated with the location to be determined later by the town board.

Pay for labor was increased from \$1.50 per hour to \$1.75.

The meeting voted to close the public dumping ground week-days, keeping it open only on Saturday.

Newcomers Win 2 of 3 Seats at Black Creek

BLACK CREEK — Earl Pasch, incumbent trustee, and two newcomers, Donald Theobald and Herbert Zellmer were elected to the village board Tuesday.

Pasch polled 287 votes; Theobald, 269 and Zellmer, 212. Incumbent Donald Noack was fourth with 147 votes.

Kenneth DeBruin, 19, Has License Revoked for Year

DeBruin was arrested March 29 when police noticed him driving erratically. The youth did not take the drunkometer test.

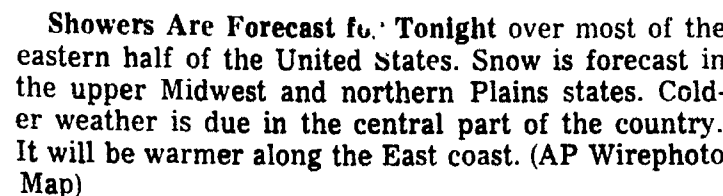

Post-Crescent Madison Bureau

The move is made necessary, the commission noted, because of the rapid increase in division work which is crowding the present division headquarters.

Registration is required for all the courses.

Class "A" winners include Robert Heiman, bass solo and Guy Guyon, tenor solo.

Terri Paulle, Pam Van Rooy, Colleen Keberlin, soprano; Mary Christianson, Janet DeWall and Ann Springer, alto; Mark Sipple, tenor; Mike Garvey, Richard Balza, Robert Balza, Mark Whitman and Richard Goulet, bass, all performed madrigals.

YARD-MAN

SAFETY SERIES POWER ROTARYS

POWER MOWING WITH PEACE OF MIND!

There's an old saying that goes, "You Get What You Pay For." That's why we suggest you see the Yard-Man line of power mowers! Dollar for dollar, feature for feature, Yard-Man Rotary Mowers are the best and safest buys on the market today!

However when measured by the pound, Yard-Man IS a bit heavier than some rotaries. For instance, every Yard-Man has a SAFETY TWIN/DECK that doubles mowing protection . . . larger wheels for easy rolling and safer handling. Some models have the SAFETY CLUTCH/BRAKE which offers fast, safe blade control, load-free starting and crankshaft protection. Self-propelled models feature a MAGIC CONTROL SAFETY HANDLE . . . raise to start, lower to stop and the DIAL-A-SPEED SELECTOR . . . lets the operator dial a safe walking pace or match mower speed to mowing conditions!

Safety adds up to a few extra pounds. Yard-Man believes it's worth it and safety could make all the difference in the world to your peace of mind! All Yard-Man Rotaries carry the ASA seal, are guaranteed for 1 full year and on Safety Clutch Models Yard-Man guarantees to repair or replace without charge, any bent or broken crankshaft for 5 years! Come in . . . see all the new models!

Interaction of Drugs Can Spell Trouble

The Post-Crescent A 12
Wednesday, April 3, 1968

By RALPH DIGHTON
AP Science Writer
LOS ANGELES (AP) — John Jones had trouble getting to sleep Thursday night. He knew Friday would be a long day, so he took one of his wife's sleeping pills.
He woke up Friday with a cold and used nose drops.
On the way to work he started coughing and stopped at a drug store for throat lozenges.
In midafternoon Jones still felt under the weather. He tried

a fellow worker's multipurpose flu remedy.
That night, before dinner, he popped a diet pill in his mouth. After dinner he chewed a tablet to "feed his ulcer."
Later Jones and his wife went to a party. They had a few drinks and Jones started feeling better. He readily agreed when a friend suggested an early morning fishing trip.
Motion Pills
The water was choppy, but Jones' foresighted host had

tion-sickness pills handy.
By midmorning Saturday Jones was exhausted. He had a few beers with lunch to perk him up for the drive home.
On the freeway, Jones went to sleep.
Crash.
The autopsy showed Jones was not drunk. Instead he had taken an overdose of drugs.
Jones' death was an accident Southern California's School of Pharmacy, who outlined John Jones' fictional case history in a recent interview, says the same thing could happen to anyone not aware of the increasing sophistication and potency of modern drugs.

Seventy-two persons died needlessly in drug-related accidents in Los Angeles County in a recent two-year period—1965-66, the latest years for which figures are available from the coroner.

Could Happen

Dr. Edward S. Brady, associate dean of the University of Southern California's School of Pharmacy, who outlined John Jones' fictional case history in a recent interview, says the same thing could happen to anyone not aware of the increasing sophistication and potency of modern drugs.

"People assign a single effect to a drug," he said. "They don't realize that sleeping pills, tranquilizers, ulcer tablets, colds-and-flu remedies, motion-sickness pills and alcohol all contain drugs that can be dangerous in combinations."

"Taken singly, none of these is harmful. But it is easy, in a single day, to take a combination of readily available drugs that can add up to an overdose."

Dr. Brady said his and other schools over the country are pushing research in what he calls "a new and hot field of pharmacy—drug interaction."

"We are trying to learn what drugs interact with others and what the effect will be in different types of persons," he said.

"It's a slow process and it is complicated by the fact that new drugs are coming out all the time, and today's drugs are not as simple as they used to be and they are far more potent."

"We have known for some time that alcohol and barbiturates are a dangerous combination. They potentiate—that is, the effect of alcohol and sleeping pills together is more than twice that of either taken singly. Each seems to make the brain more sensitive to the other."

Additive Drugs

"But now we are also becoming concerned with drugs that are simply additive, not multiplying, in effect, primarily because the number of available depressants and stimulants is growing."

"Barbiturates are prescription drugs, and thus less easily obtained. You're not so likely to take liquor and barbiturates together. But you can get the same effect—illness or even death—from mixing liquor with a number of over the counter drugs, or even from mixing them without alcohol."

Dr. Brady said he was citing alcohol only because it is so commonly used and thus more likely to be taken with other drugs not generally known to be depressants or stimulants. He cautioned that one can no longer feel safe simply by avoiding alcohol when taking medications.

Will baseball be successful in Milwaukee this year?

Shortages Plaguing Cuba After 7 Years of Embargo

By CHARLES GREEN
Associated Press Writer

HAVANA (AP) — Two young women, in their mid-teens when Prime Minister Fidel Castro came to power nine years ago, were talking during a birthday party. What would they do first if by some strange stroke Cuba suddenly had everything it needs and wants?

One decided she would buy every brand of shampoo on the market and wash her hair repeatedly until she had tried them all, meanwhile eating chocolate candy until she was sick. The other would enter the largest dress shop she could find and try on everything in the store before making a purchase.

Their conversation was one manifestation of the trade embargo the United States imposed almost seven years ago to make life as difficult as possible for Castro's Communist government. The embargo was announced April 25, 1961—eight days after the unsuccessful Bay of Pigs invasion and the day after President John F. Kennedy accepted full responsibility for that exile attack.

Not a Blockade

The United States government forbade American trade with Cuba and threatened to cut off from the U.S. market any foreign firm doing business with Castro. This embargo is often called a blockade but that word implies a ring of war ships around the island to stop trade. No such ring exists.

"I didn't think too much of the embargo's success when I arrived 18 months ago," a European diplomat says. "Now I

have seen more and I think the embargo is successful."

Other foreign observers agree and Castro's repeated attacks on the embargo back them up.

To the government, lack of feminine finery is one of the smaller problems. Larger worries are caused by critical shortages of spare parts for American-made vehicles, machinery, communications equipment, appliances and—most important—sugar mill equipment. Castro set out to sever all economic ties with the "Yankee Imperialists" in a country whose economy was tightly hitched to that of the United States before his revolution succeeded in 1959. He has, partly with the help of the embargo, succeeded. But he has failed so far in his drive to make Cuba economically independent. Dependence has only switched from the United States to the Soviet Union and Eastern Europe.

Communist countries account for 80 per cent of Cuba's foreign trade. The country's economy is kept alive by Soviet injections estimated at more than a million dollars a day. Sugar remains the pillar of the economy despite a drive for economic diversification.

The Soviet Union buys most of Cuba's sugar for well above the world market price, just as the United States used to do.

Ninety-nine per cent of all petroleum used in Cuba must be shipped thousands of miles from the Soviet Union. Gasoline, when it finally reaches the filling station, is severely rationed and costs the equivalent of 60 cents a gallon.

Obsolete Parts

There are no reliable statistics here on the effect of the embargo but it obviously hurts the economy. The difficulty in replacing or repairing obsolete or broken milling equipment hampers sugar production.

Shortages of food, medicines and consumer goods may be the final straw which pushes a technician or doctor to divide his family and leave his homeland as a refugee.

It is difficult to say how much of the domestic shortages can be traced to the embargo and how much to Cuba's need for exports to balance her trade deficit. But almost everything from meat to toilet paper is rationed and the embargo serves

as a handy whipping boy in government explanations.

Great Britain, Canada, France, West Germany, Italy, Spain and Japan continue to do business with Cuba—a profitable business with exports to Cuba outweighing imports.

Britain is typical. The amount of trade between the two has eased a bit in recent years, with

British imports from Cuba amounting to about five million pounds last year. Exports to Cuba were about seven million pounds. The pound equaled \$2.80 until November. It is now worth \$2.40.

Protest Futile

The sale in 1964 of 700 British-built buses to Cuba brought a futile protest from Washington. Now those buses sometimes dominate traffic on Havana streets because of gasoline rationing.

Britain's largest current project on the island is a \$50-million fertilizer plant being built with British credits. The foundation has been laid in Camaguey province with production ex-

pected to start in 1970 with British technical assistance.

To the average Cuban, be he militant Communist or on the list for a refugee flight, the embargo is a nuisance. What is closest to him is the shortage of consumer goods, of spare parts for his old American car, of medicine for his children, of new tubes for his television set. Old Havana used to be the big shopping area here. Windows are almost bare there now. A men's shop may display one pair of pants, a shirt, a pair of shoes. Women wear mended hose or seamed hose from Eastern Europe. A pair of seamless nylons from Canada costs \$12, if they can be found.

Railways to Convert Warning Lamps to Reflector Devices

Post-Crescent Madison Bureau
MADISON — A proposal to convert 70 mainline switches on the Kewaunee, Green Bay and Western and Green Bay and Western railways to reflectorized switch lamps has won partial approval from the state Public Service Commission.

The two railroads had requested that the switches, now supplied with oil burning or electrical switch warning lamps, be converted to reflectorized devices equipped with reflecting tape which would reflect the lights of the train back at the engineer.

Of the 70 switch lamps, 43 are located on the Kewaunee, Green Bay and Western; the remaining 27 are on the Green Bay and Western.

The commission noted that the railroads had supplied no information as to the speeds of trains along the route, and that many of the switches not located within yard limits are located on curves along the route.

The state agency approved the request for the conversion of 49 switch lamps located within yard limits along the route, but denied the change of those located outside of the controls of yards. Six of the Kewaunee, Green Bay and Western were denied; 15 on the Green Bay and Western were turned down.

Nelson Bill Provides Low-Interest Loans To Young Farmers

WASHINGTON (AP) — Hearings on legislation to provide long-term, low-interest loans for young farmers were requested Monday by Sen. Gaylord Nelson, D-Wis.

In a talk to a meeting sponsored by the National Farmers Union, Nelson said he is asking the Senate Agriculture Committee to hold hearings as soon as possible after Easter on his bill to provide loans to young farmers.

The Nelson bill would provide real estate and operating loans through the Farmers Home Administration to young farmers at 4 per cent interest.

Mosinee Paper Head Dies in California

MOSINEE (AP)—Norman S. Stone, president of Mosinee Paper Mills Co., died Sunday in San Diego, Calif., where he was vacationing. He was 76.

Stone

Stone had been associated with the firm for 45 years, was a director of Bay West Paper Co., Green Bay, and former president of the Kraft Paper Association.

Nigeria's Efforts Hurt By Sagging Economy

By ARNOLD Zeitlin
Associated Press Writer
LAGOS, Nigeria (AP) —
Nigeria's shrinking economy ap-
pears to be hindering the feder-

al military government's ability
to fight all-out war against Bia-
ra's secessionists.
Despite a steady but slow ad-
vance into secessionist territory

In the former Eastern Nigeria, have slowed the outflow of for-
the central government has eign exchange.
been talking about negotiations. Chances of replenishing the

Edwin O. Ogbu, the country's reserve are dim, according to
representative at the United Na- economic forecasts. The petro-
leum industry produced at a rate
of 30,000 barrels a day in Janu-
ary, representing 53 per cent of
the man who declared Biafra in-
production in the prewar month
of April 1967.

Nigeria's cocoa crop is ex-
pected to bring in \$154 million in
foreign exchange on 220,000 tons
of beans, down 50,000 tons from
last season. The peanut crop
from the North, usually good for
about \$112 million annually, has
been hit by slow sales and fall-
ing prices.

Avoid Devaluation
"We must earn foreign ex-
change," said Dr. Clement
Ison, governor of Nigeria's
Central Bank and leader of the
struggle to avoid devaluing the
Nigerian pound, pegged at \$2.80.
I said which has risen from \$63
million to \$100 million. But
drawings from the IMF, he ex-
plained, give the fund greater
control over the borrowing
country's economy; the Nige-
rian are resisting handing their
economy over to international
agencies.

As of mid-February, the Cen-
tral Bank held \$98 million in for-
eign exchange. A year ago the
figure was \$182 million. Cost of
fighting the war and buying mil-
itary equipment has cut the to-
tal.

Economists in Laos say the
published figure does not reveal
the full picture. New Nigerian
exchange control regulations
debts.

Hospital Supplier Buys Hamilton In Two Rivers

CHICAGO, Ill. — Properties,
assets and business of Hamilton
Manufacturing Company, Two
Rivers, were transferred Mon-
day to American Hospital Sup-
ply Corporation in exchange for
788,431 shares of American

The stock was delivered to E.
P. Hamilton, board chairman,
by American president, Harry
K DeWitt. The transaction was
authorized by the Hamilton
stockholders in February.

Through this action, American
moves into several new product
areas, including cabinetry and
specialized furniture for schools,
drafting tables and related
equipment for architects and
engineers, woodtype and type
storage cabinetry for printers,
and laundry equipment for
home use.

Hamilton's product line also
includes folding tables for indus-
trial use and scientific cabinetry
for laboratory and medical uses.
American announced that
present management will con-
tinue and that no changes in
Hamilton policy are con-
templated.

Neenah Soundly Rejects Manager

NEENAH — Manager back-ers, clustered around a radio in the home of Mowry Smith Jr., were numb in disbelief Tuesday night as the first reports from the polls were broadcast.

By the time five wards were in defeat was almost certain. Shaking their heads in bewilderment, they still clung to the slim hope that the big wards, especially the Ninth, previously labeled "manager territory," would reverse the trend.

But the voters in the Ninth Ward wouldn't buy the city manager concept as "The Big Question" went down to defeat by a margin of 3-2 throughout the city.

One Ward

Only the First Ward gave its support to the council-manager form of government and the margin there was an impressive 461 to 271. However, it wasn't even close in the other wards,

Klein Takes Holmes in Return Match

Menasha Incumbent Edged Out by Slim 93-Vote Margin

MENASHA — In a tight, turnabout vote, John L. Klein edged into his fourth term as mayor Tuesday over Mayor Kenneth Holmes.

Klein's victory margin of 93 votes was not much wider than the razor thin 12-ballot edge that put Holmes behind the mayor's desk two years ago.

In a heavy 81 per cent vote yesterday, Klein polled 2,498 votes to Holmes' 2,405.

The results climaxed a return match that had been bitterly fought from the start, and which saw more stress placed upon personal enmity than upon the broader issues of city administrative policy.

It was a fight between two former political allies turned foes.

"Today, Klein said, "I intend to pursue some of the projects I initiated some time back, and to follow through with the continuity of projects that have been brought up in the past two years."

Holmes said he plans to "continue to be in the office from now until the 16th," winding up the business remaining for his administration. Tuesday's election winners officially take office April 16.

"I hope the choice of the voters will turn out to the benefit of the majority of the city of Menasha," Holmes.

Holmes said he would be willing to fill in Klein with any information about pending business that Klein might inquire about, and Klein said he would appreciate such a discussion sometime before April 16.

Legal Action?

However, there was lingering bitterness as Holmes continued to speak of possible legal action over campaign statements Klein made. Holmes said he hadn't gathered enough information to make a decision. "I'm trying to get some information now. I'm going to look it over," he said. He referred particularly to Klein's claim of having statements from former city employees blaming Holmes for their resignations.

Turnout in Twin Cities Tops 80 Per Cent Mark

NEENAH-MENASHA — Drawn by the presidential primary and crucial city contests, Twin City voters flocked to the polls Tuesday.

In both cities, more than four of every five registered voters made it to the polls.

Neenah Council Seats Go to Two

NEENAH — Former city treasurer Walter H. "Doc" Loehning, known to taxpayers throughout Neenah for the past 37 years, easily outpolled incumbent Ald. Thomas Ryan Tuesday to capture the Second Ward aldermanic seat.

Loehning will be one of two

new faces on the council at the April 16 reorganizational meeting. He will also be the last Loehning in city government, since Mayor Carl Loehning is retiring.

William J. Zelinski more than doubled the vote of Curtis Kleeman to win the Eighth Ward post left vacant by Ald. Stanley Drews, who was an unsuccessful candidate for mayor in the primary election.

Ald. Lester Herzfeldt, Sixth Ward, again defeated challenger Robert M. Spilman in the city's only other aldermanic contest. Ald. Robert Frank, Fourth Ward, and Ald. Harold Young, 10th Ward, were unopposed in their bids for re-election.

Loehning, 65, a cousin of the outgoing mayor, left city hall last September when he reached the mandatory retirement age. He had been city treasurer

Hassler Wins Close Neenah Mayor Race

Victory Not Decided Until Count Taken In Final Ward

NEENAH — Almost three hours after the polls closed Tuesday, the two mayoral candidates were still nervously pacing the floors at their homes, uncertain who had the lead.

Radio station reports erroneously had Ald. Peter Fara ahead by almost 300 votes, with only the Second Ward in question. It seemed like an insurmountable lead but Fara called the city hall to discover he was trailing by more than 50 votes.

Donald Hassler also was confused. His backers were keeping a running tally and their figures showed him ahead by a slim margin.

The Second Ward gave Hassler a 122-vote plurality and by the time the absentee ballots and machine reports were checked, his total was 335 votes more than Fara's.

The race was closer than Hassler backers expected, since their candidate had beaten Fara badly in the primary last month, 1,752 to 1,055.

However, the first reports from the polling places gave Fara a commanding lead. The trend was stopped when the Sixth Ward gave an extra 127 votes to Hassler and the Second Ward provided the clincher.

Fara, in accepting defeat, since graduation from the University of Wisconsin in 1930. Loehning hadn't run in an election since 1958, when the treasurer's job was put on

Neenah Mayor Term Changed to 4 Years

NEENAH — The question more than 52 per cent in favor of the longer term. But the edge between the manager vs. mayor forces and the hot two-way race was razor thin.

The only ward to turn down the four-year term was the Ninth, where only 481 citizens wanted the extended term while 652 were opposed.

The final tally showed 3,128 in favor of the longer mayoral term with 2,883 opposed.

The longer term question followed five other referenda on the ballot, including the lengthy manager question.

There had been little discussion on No. 6 since almost all of the political activity in the past months has been devoted to

airing the mayor and manager issues and the race between the two candidates for the elective office.

Initially, the council passed a charter ordinance March 1, 1967, upping the mayor's term from two to four years.

Referendum

A group of citizens, headed by members of the League of Women Voters, felt the issue hadn't been sufficiently discussed in public and forced the issue to a referendum by gathering

607 signatures. The council turned down a special election last fall to handle both the manager and four-year mayor question.

Since that time, the political scene has been focused on the manager question, and lately, the four-year term came in third place in the popularity polls as only 6,011 of the 6,851 persons who cast ballots Tuesday decided to register a vote on the matter.

Wisconsin Ave. by a 429-210 margin.

Four Unopposed

Four aldermen unopposed for re-election received sizeable votes.

Ald. John Ayers (12th), common council president, polled 862 votes in being elected to his third term.

In the 2nd Ward, Ald. Walter Kalata received 748 votes in winning his second term.

Ald. Al Stoegebauer (4th), the senior member on the council with 20 years service, got 476 votes.

And Ald. Eldred Mullen (6th) was elected to his second term with 554 votes.

Aldermen serve parttime and receive \$1,200 a year.

Tools Valued at \$250 Stolen From Garage

Thomas Truesdale, 411 N. Outagamie St., reported to Appleton police Tuesday that a box

Fire of Undetermined Origin burned several acres of grass and woodlands near Appleton High School-East Tuesday afternoon. Firemen, who were at the scene two hours, said the blaze started in tall grass and spread quickly to wooded areas near the 1700 block of S. Schaefer Street. Firemen and volunteers used hoses and brooms in fighting the blaze, which was near a threat to buildings.

Veterans Lose Seats On Outagamie Board

CONTINUED FROM PAGE 1

Greenville gave him an overwhelming margin to overcome Perkin's lead in the smaller Town of Dale. Spreeman outpolled Perkins 552-88 in Greenville while Perkins had a 330-51 margin in Dale.

Roepke, a 17-year board veteran, who defeated Norman Helms by 36 votes in a battle of incumbent supervisors two years ago, lost in the return match 350 to 260. Helms built up a big lead in the Town of Seymour to offset Roepke's margins in the Town of Cicero and the Village of Nichols.

In the third rematch, Mrs. Rose Schroeder defeated incumbent Henry A. Bartz, 263-168, in Appleton's third district. In 1966 Bartz had won by a narrow three-vote margin.

Other incumbents who lost included Arnold Welch who was defeated by restaurant owner Nick Karras, 550-493 in Appleton District 18; R. Clayton Vanddyke lost to Richard Helf, 465 to 381 in Kaukauna District 26, and Stanley Gillespie lost to Harold Miller in Grand Chute District 27, 484-313.

Incumbents successfully warding off challenges included Charles Wussow who defeated Robert Schmieder in a rematch in Appleton District 6, 363-313; Clarence Miller, Appleton District 11, defeated Richard Schrage, 192-100;

Arthur Hoolihan, Appleton District 12, defeated Juanita M. Sanders, 621-241; Waldemar E. Klein, Appleton District 15, defeated Daniel Dorchester, 457-331; Sylvester Esler, Appleton District 19, defeated Leslie Gebheim, 538-302;

Ralph Schwartz, Appleton District 21, defeated Joseph Coonen, 351-305; Bernard Tillman, Grand Chute District 28, defeated Curtis L. Biggar, 324-246; Theodore Kemps, Kimberly District 31, defeated William P. Courchane, 289-182;

Norman Austin, Town of Oneida District 42, defeated John VandenEng, 392-140, and Irving Grunwaldt, District 43 (towns of Black Creek and Osborn and Village of Black

containing about \$250 worth of tools was stolen from his garage Monday or Tuesday. He said the garage door was closed but not locked.

Hamilton or Greisch May Be Appointed

CONTINUED FROM PAGE 1

this morning that the governor is expected to name a new district attorney, to complete Schaefer's unexpired term, simultaneous with the appointment as judge. Keller's term is not officially over until Jan. 1. At that time, Schaefer will officially start his six-year term.

Hamilton, 30, of 1717 S. Connell St., was appointed assistant district attorney by Schaefer in June 1965, replacing Gerald Bloch who resigned. Hamilton, who is single, is a graduate of Harvard University Law School. He was admitted to the state bar in 1962. The assistant district attorney post in Outagamie County is part time. Hamilton also has a private law practice.

Greisch, 48, was district attorney from 1957 to 1961, when he was replaced by Schaefer. Board Supervisor The Appleton native, a graduate of the University of Wisconsin Law School, was on the Outagamie County Board, representing an Appleton district, from 1963 until this year, when he did not seek re-election, so he could instead run for judge. Greisch, of 906 N. State St., ran third in a field of four in the primary election for Court Branch 2. He has a private law practice in Appleton.

The district attorney job in Outagamie County pays \$16,500 per year.

Space Heater Causes Chimney Fire Today

An overheated space heater that developed into a chimney fire brought Appleton firemen to the Gerald Mauthe home, 1945 N. Harriman St., about 12:05 p.m. today.

Firemen were at the scene only a short time. Damage was minor.

Plane Used in Search for Milwaukee Pair; Two Held

Police Capture Escapee After Wild Chase Near Seymour

BY BILL KNUTSON

Post-Crescent Staff Writer

SEYMOUR — Outagamie County and Seymour police late this morning halted a ground, air, and water search for two youths who were among four young people, including a Milwaukee jail escapee, who fled a stolen car following a police chase near here early today.

Appleton and Outagamie County police took the escapee, an 18-year-old youth, into custody about 4:15 a.m. today at N. Richmond and W. Franklin streets, following a high speed chase on State 47 into Appleton.

One of the two girls in a stolen car stopped near Seymour was taken into custody by Green Bay police about 5 a.m. today at the Chicago and North Western Railway station in that city. She is identified as a 19-year-old Milwaukee girl.

Still Missing

A boy and a girl are still missing, and are believed to be in the Seymour area, where a manhunt started early today. Police found several .22 caliber shells in a purse at the scene, leading them to believe that at least one of the subjects may be armed. Both of the missing youths are believed to be from Milwaukee.

Events began unfolding about 2:50 a.m. today when County Patrolman Conrad Schadler reported he was chasing a 1964 Ford Falcon west on State 54, from Oneida toward Seymour.

Minutes later Schadler radioed headquarters that he had the car stopped near MRK

Construction Co., a mile east of Seymour. He said the four occupants, all young persons, fled on foot, following the five-mile pursuit.

Car Stolen

At 3:50 a.m., it was discovered by Seymour police that a 1967 Buick owned by Robert Huettl, route 3, Seymour, was stolen from the Francis Huettl home, near where the first car was abandoned.

At 4 a.m., Sgt. Robert Keating of the county police began pursuing the stolen auto from near Woodlawn School, south on State 47, toward Appleton. Keating said the car reached speeds of up to 85 miles per hour, but slowed to the speed limit when it reached Appleton.

Keating radioed the Appleton Police Department, and several city police cars were dispatched to assist. They got the car stopped at Richmond and Franklin.

No Resistance

Police said the 18-year-old escapee, who was alone in the stolen auto, offered no resistance, but was evasive in answers to their questions. He was not armed.

Police later learned that the youth, who is being held in the county jail, escaped from the Milwaukee House of Correction on March 9. It was not immediately determined what he was sentenced for. He told police he was "on the burn."

Police said that although there was no damage to the Huettl auto, the ignition wires

had been crossed to get the auto started. Police found the keys under the seat.

The 1964 Ford, police learned, was stolen from a Milwaukee parking lot about 10 p.m. Tuesday. The auto is owned by a Milwaukee man, Martin J. Ewert.

At Depot

The Milwaukee girl was taken into custody after Outagamie County police were notified about 5 a.m. that she had gone to a rural Seymour home and asked for a ride to Green Bay. Brown County police learned after stopping the auto that had delivered her to Green Bay, that she had been left at the railroad depot. Green Bay police apprehended her at the depot. She will be brought to the Outagamie County jail today.

Police abandoned the search about 11 a.m. today, after finding no trace of the pair. They said it was possible the boy and girl fled the area. Further checks of the Seymour area will be made throughout the day and police indicated shield. Lom was treated at the Kaukauna Community Hospital and released. Miss Humney was hospitalized but is reported in While county and Seymour good condition.

police searched the ground, including barns and abandoned buildings, Sheriff Norbert Marx was in the air, with a rented plane. A boat also was used to search the area along Isaac Creek.

Youths Escape Serious Injury

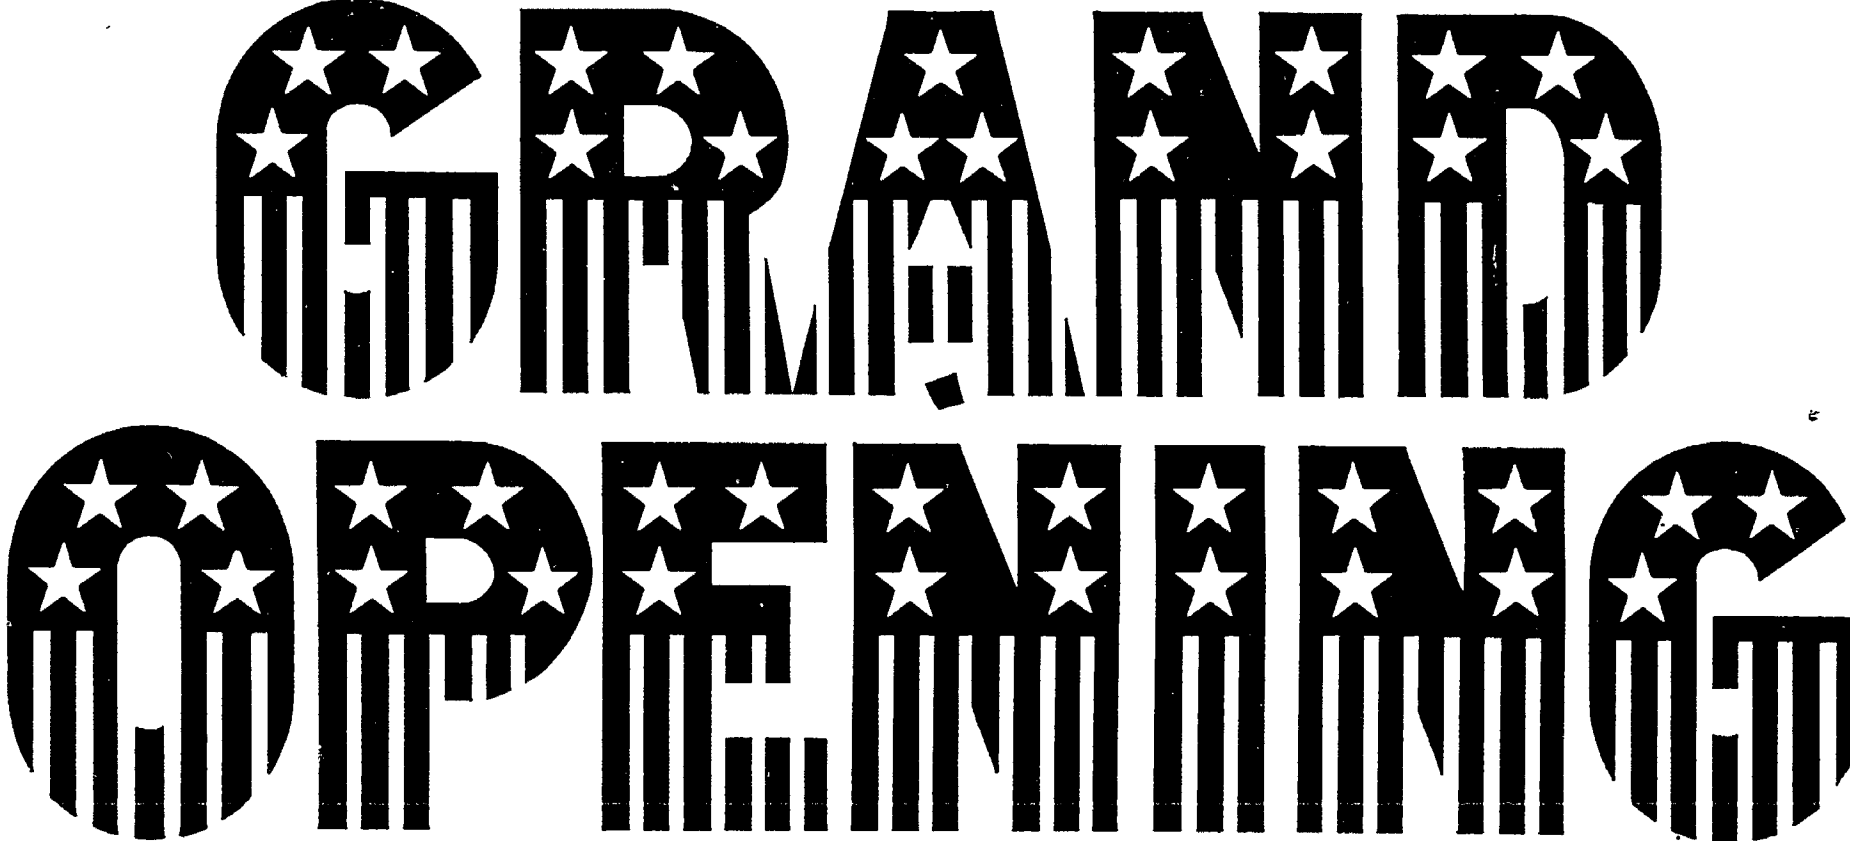

KAUKAUNA — Two young people escaped serious injury in an accident which demolished the car they were riding in at about 1:45 a.m. today.

According to police, the driver, Alfred Lom Jr., 18, 214 Kamps St., Combined Locks, sustained a knee injury. His passenger, Margaret Hubney, 19, 920 Desnoyer St., Kaukauna, received cuts to both legs and knees and a bump on the head. Lom was traveling north on the Crooks Ave when he failed to negotiate a curve, traveled 157 feet on the left side of the road and hit a light pole breaking it off. The car flipped onto its top and slid another 36 feet before coming to a halt against a tree. The two were pulled from the area through the broken windshield. Lom was treated at the Kaukauna Community Hospital and released. Miss Humney was hospitalized but is reported in While county and Seymour good condition.

LAUX Winnebago RAMBLER, the new American Motors Dealership, for NEENAH-MENASHA now open at 27 MAIN ST., MENASHA

Yes, we're opening our doors. On our new showroom, our new service facility, and especially our cars. Because we believe that a customer can't make a judgment about a car without getting in there and looking, and trying, and squeezing upholstery. So when you come in, please don't feel bashful about asking a salesman to open the hood. Or even the trunk. Whether you're shopping for a car, or

just browsing. After all, you wouldn't browse in a bookstore without opening a book, would you? There's another reason for you to dig. American Motors puts a lot more into its line than you can find by just looking from a respectable three feet away. Ask one of our salesmen. He'll be glad to point things out to you. He never can tell, you know. You might be a customer.

Anderson Winner
In Kaukauna Race

14-Year Political Veteran Is
City's First Full-Time Mayor

KAUKAUNA — Gilbert Anderson, a 14-year veteran of city politics who has served the last 20 months as mayor, was named the first full-time mayor Tuesday by defeating Russell Dix, present 4th Ward alderman, 2,623 to 1,437.

Both candidates staged strong campaigns although no major differences on views or platforms were debated. Voters approved the full-time mayor's post in a referendum election last year. Anderson served as both 4th and 5th Ward alderman before being named to the mayor's office by the common council in August, 1966, following the death of Joseph Bayor.

Voters returned him to the one year remaining on Bayor's term last year. In winning the office which is to pay \$11,000 per year, Anderson won every ward. He outdistanced Dix 638 to 277 in the 1st Ward, 562 to 343 in the 2nd, 558 to 277 in the 3rd, 507 to 374 in the 4th and 358 to 166 in the 5th.

Hotly-Contested

The hotly-contested race for city attorney saw incumbent Donald Green defeat Emmet Rohan 2,104 to 1,924. The two had taken turns winning this post for the past six years. Green gained his advantage in the 1st and 2nd wards winning 558 to 346 and 546 to 347 respectively. Rohan took the 3rd Ward 483 to 342 and the 5th Ward 309 to 214. Green had a slight advantage 444 to 439 in the 4th Ward.

21-Year-Old
Beer Limit
In Kimberly

Board Prohibits
Sale Without
Parent or Guardian

KIMBERLY — The village board Monday night adopted a 21-year-old local option beer ordinance which is permitted under state statutes.

The new ordinance prohibits the sale, dispensing or giving of beer to anyone under 21 years of age unless accompanied by a parent or guardian. There are no teen bars in the community affected by the ordinance, but a few grocery stores will now have to limit the sale of the beverage to persons of 21 or older.

Formerly 18-year-olds could purchase beer at picnics or other activities sponsored by clubs or organizations, but this will change after the ordinance is posted this week.

Board members also amended local traffic ordinances by adopting the state traffic code by reference.

Bid Accepted

Low bid of Fox Valley Construction Co. of \$65,020.17 for street improvement on Patrick, Karlyn and four blocks of W Fourth Street was accepted. An assessment rate of \$6.65 per lineal foot was set for the street improvement and a public hearing on assessments charges called for 8 p.m. April 16.

Contract for storm sewer work on Fourth Street was awarded to Bower Brothers, Kaukauna, with a bid of \$12,243.60. Approval was given to the purchase of an end loader from Engine Power Company, Milwaukee, at a price of \$10,117 less one per cent if paid within 10 days.

The appointment of Dennis Schumacher to the fire department was approved and a five-year agreement was signed with the Town of Buchanan permitting the village to transport garbage across township roads.

Clean-up week for the village was set for April 15 through 19.

registered voters went to the polls, representing slightly over 84 per cent. The 1st Ward had slightly under 87 per cent turnout, 2nd Ward over 83 per cent, 3rd Ward over 83 per cent, 4th Ward over 85 per cent and the 5th Ward about 79 per cent.

Donald Swetz Is
Named Director
Of F and M Bank

KAUKAUNA — David Hartjes, executive vice president and cashier of the Farmers and Merchants Bank, has announced the appointment of Donald E. Swetz as director and legal advisor to the banking institution.

His appointment increases the board of directors to eight. Others are Walter Roloff, Earl Gilling, John Van De Loo, Joseph Van De Loo, Bernard Van Zealand, Eugene Haen and Hartjes.

Originally from Wisconsin Rapids, Swetz received his preparatory education from Wisconsin State University-Stevens Point, and after a tour of duty with the United States Air Force, took his legal education at the University of Wisconsin, graduating in February, 1958.

He is a member of the McCarty, Swetz and Curry law firm, starting with the firm immediately after graduation. He is a member of the state and Outagamie County bar associations. He is active in city affairs having served as director of the Chamber of Commerce and as secretary for both St. Mary and St. Aloysius congregations.

He is married and the father of two children.

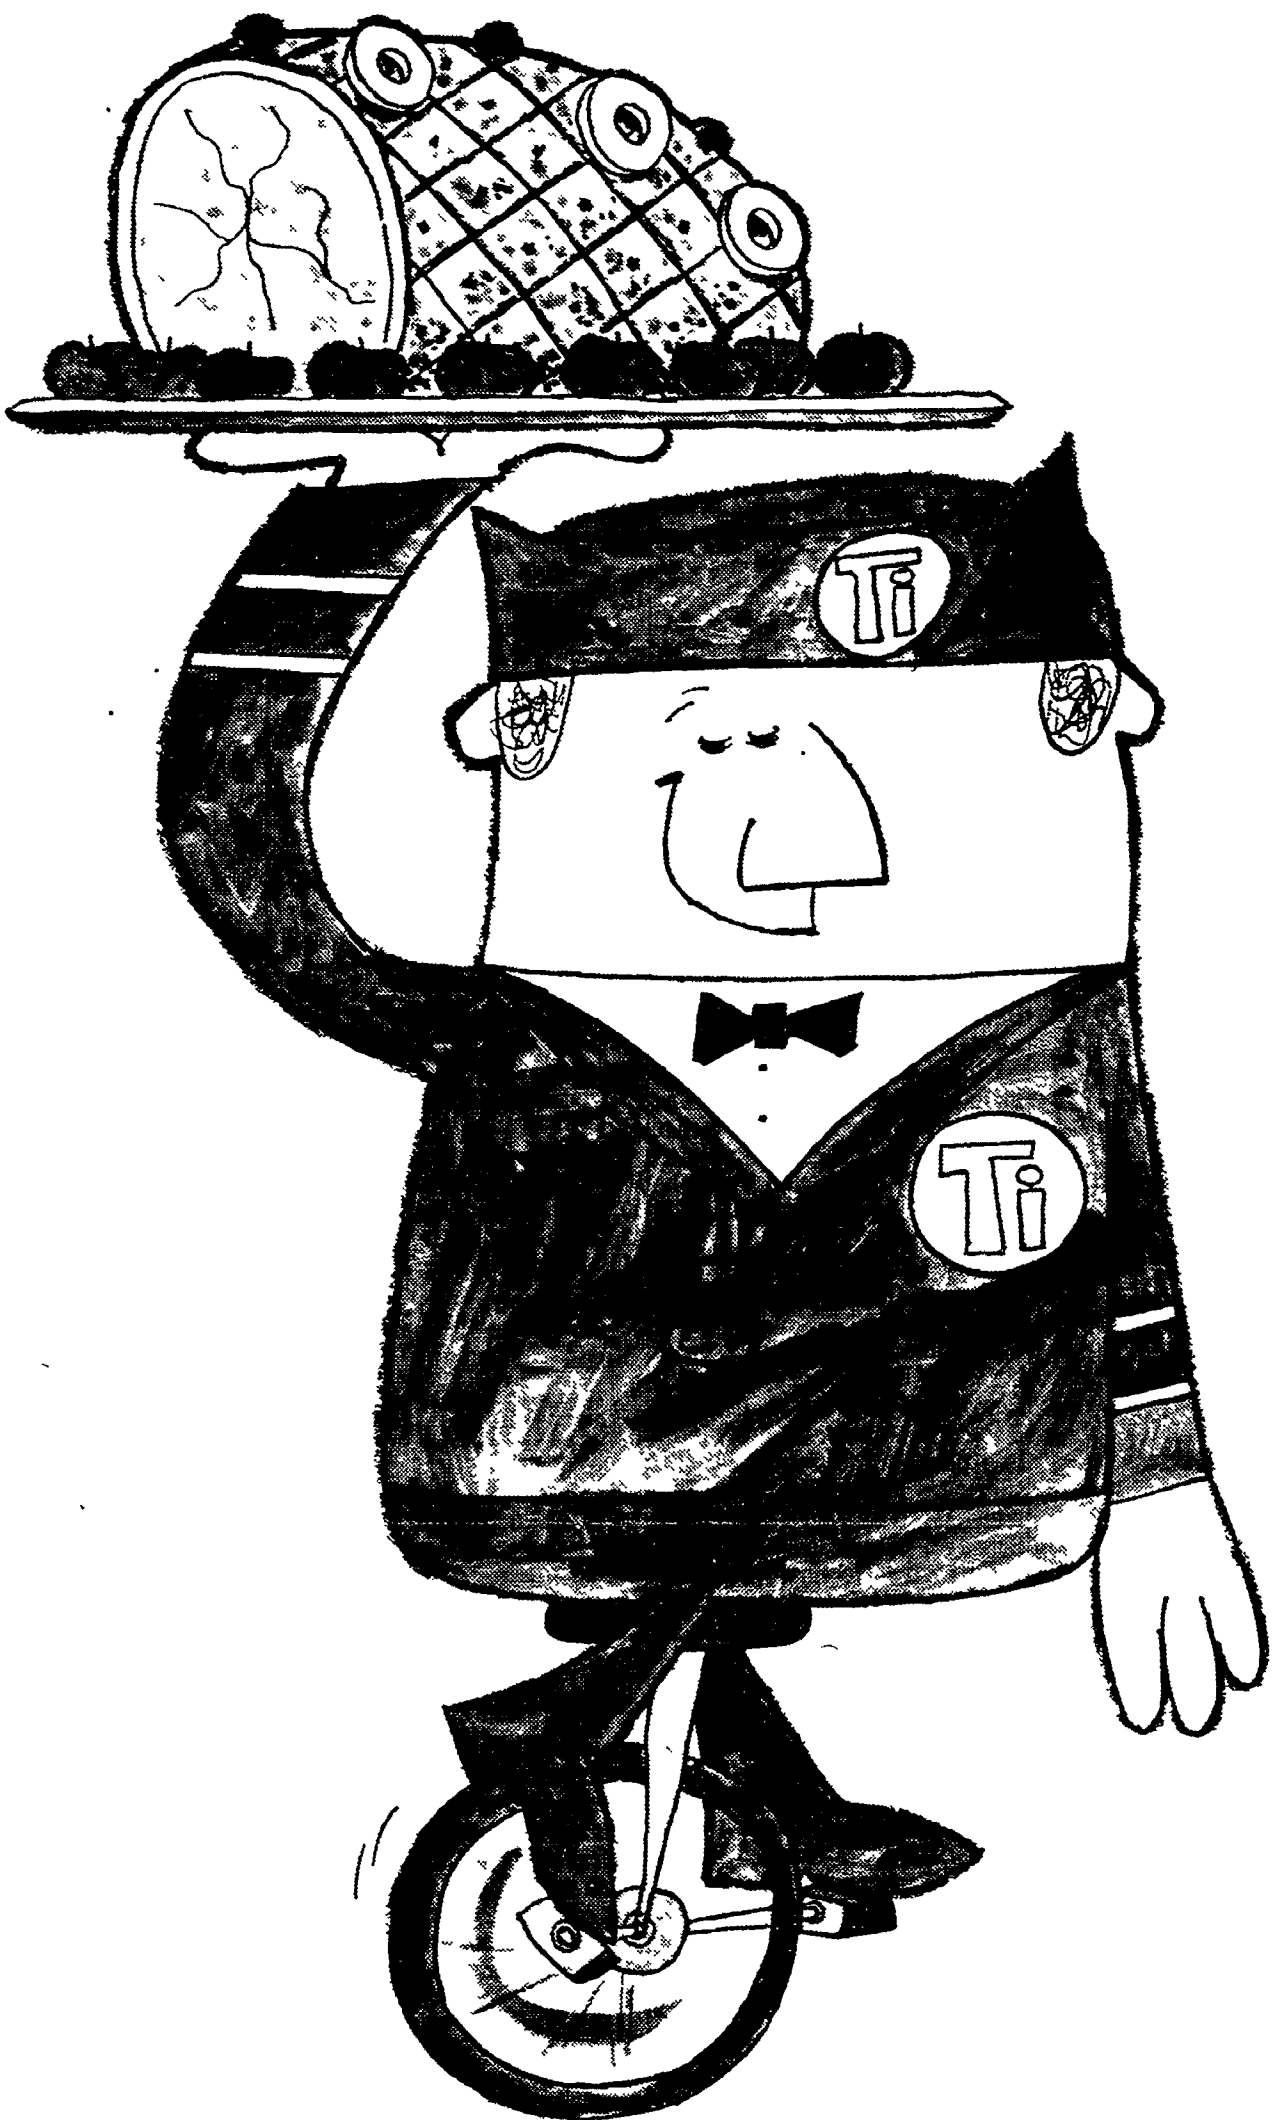

Building Inspector to
Enforce City Statutes

KAUKAUNA — City building inspector Gene Ditter has been instructed to enforce the city building code which requires permits for all types of structures.

He will check sheds, paper car shelters and other similar buildings to ascertain whether a permit has been issued and if not, they will be ordered removed. Owners of buildings erected without first securing a permit will have until May 15 to remove the structures or they will be prosecuted under the city ordinance.

HAM-I-NESS
IS EASTER DINNER
from
TREASURE ISLAND
FOOD DEPARTMENT

At Easter time ham is a traditional favorite at all Treasure Island Food Departments.

Total Savings is even more traditional at Treasure Island Food Departments.

You can take our word for it (shop and compare if you wish) Treasure Island meat markets offer the greatest variety of hams in the entire Appleton area — cooked hams, fresh hams, baked hams, smoked hams, canned hams, all your favorite brands of known quality. Treasure Island is the logical answer to Easter Ham-i-ness — the ham you want at Total Savings prices, guaranteed to save you money.

TOTAL SAVINGS PROGRAM

Instead of spending money for dishes, trading stamps, bonus stamps, or other give-aways, it is Treasure Island Food Departments' policy to pass the cost of these gimmicks on to our customer in the form of lower prices which means cash savings. In this way you can buy dishes of your choice, or maybe you don't need dishes, maybe you would rather put the money in the bank for a rainy day.

TOTAL SAVINGS PROGRAM

When Vivian Graham bakes, she dissolves the yeast in the familiar time-tested way.

(The results are delicious.)

When neighbor Sue Ellis bakes, she uses the new no-dissolve Rapidmix method.

(The results are delicious.)

They both use New Improved Fleischmann's® Yeast. What else?

Important: On the back of every package of New Improved Fleischmann's Yeast you'll find easy directions for adapting your favorite recipe to the new Rapidmix method. Just be sure to include the water that you normally use to dissolve the yeast.

Remember Total Savings originated under the squiggly roof!

FOOD DEPARTMENT

Offering the Greatest Food Value in the Entire Fox River Valley

Bluemound & West College Avenue

how many ribs in a pork loin rib portion?

We think there should be seven.
Not five or six.
With A&P's seven-rib portion, you get more of the select meat.

How can you tell how many ribs you're getting?
It's easy.
With your fingers, you can feel and count
the rib bones in the package.

Next time you're buying a Pork Loin Rib Portion, check it.
If you can't count one, two, three, four, five,
six, seven ribs, you're missing select meat.
You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example
of the full value A&P meats offer.

We think that caring like this about fair portions
has helped make A&P America's largest meat retailer.

When you think about it, shouldn't A&P be your store!

Reflecting the religious meaning of Easter, these Trinity breads are modern adaptations of Old World classics. Above, is Maple Trinity Bread and, at the right, the three-layered Italian Panettone prepared in a mold with the frosted, three-part Mediterranean Feast Bread.

Easter Breads

By Lillian Mackesy POST-CRESCENT FOOD EDITOR

Easter Sunday, for most Christians the world over, is the most significant religious feast of the church year. Steeped in the tradition of centuries, the feast foods also have meaning.

Customs may vary from country to country, but in most homes a sumptuous holiday breakfast is a long-awaited event. It is the meal which breaks the long fast of the lenten season and serves as a bright prelude to the joyous Easter dinner.

Also in most communities around the world, Easter breads are an important part of the breakfast in Christian homes. Rich in symbolism, they closely link the rising

action of the dough with the resurrection . . . many of the breads carry the symbol of the cross or the Trinity.

These festive breads are baked to share with family and friends. In some households, there are many kinds of breads to give variety to meals from Palm Sunday through the great day of Easter Sunday.

Special for today are adaptations of classic, age-old recipes which have their origin in European households. There's the Maple Trinity Bread in which the three round portions of dough form the smbyolical base of the loaf and a cross is shaped from twisted strands of

dough, arranged on top before baking.

The dough of this bread handles easily and with its delightful bouquet of maple syrup while it's baking it will be difficult to keep until Easter.

Two other recipes on the Trinity theme come from the Mediterranean coastal countries. One is the traditional Italian feast bread called panettone. This may be baked in a three-part mold, then garnished beautifully with icing and red maraschino cherries after the layers are put together.

The panettone also is made in the three-part bread form in many Italian homes with

the diners eating a piece from each part as a holiday tradition.

One of the prettiest of Easter breads is the Mediterranean Feast Bread with bits of bright red maraschino cherries added to the dough to give it a delicate pink hue. This bread is made more festive with a simple glaze and decoration of both green and red cherries. Traditionally, each person is served a slice from each of the three joined loaves.

MAPLE TRINITY BREAD

2 packages yeast
¼ cup warm water
¾ cup maple flavored syrup
½ cup oil
2 teaspoons salt
¾ cup milk, warmed
5 cups sifted enriched flour (about)
1 egg
1 egg yolk
1 egg white, slightly beaten
1 tablespoon water

Soften yeast in water. Measure syrup, oil and salt into

large bowl. Stir in milk until well blended. Beat in two cups flour until smooth. Blend in yeast, egg and egg yolk. Stir in enough flour to make a soft dough.

Turn onto lightly floured surface and knead until smooth and satiny, 5 to 8 minutes. Shape into ball and place in lightly greased bowl, turning to grease all sides. Cover and let rise in warm place (80 to 85 degrees) until doubled, about 2½ hours. Punch down.

Divide in fourths; cover and let rest 10 minutes. Shape three portions into balls; place on greased baking sheet in clover-leaf design; flatten each to one inch high.

Cut remaining dough into fourths; shape each with palms of hands into 20 inch ropes. Twist ropes together in pairs; press ends to seal. Arrange to form cross on cloverleaf, curving ends in semicircles and tucking under cross. Cover and let rise until doubled, about 45 minutes. Combine egg white and water; brush on loaf.

Bake in preheated, 350 degree oven 40 to 50 minutes, or until

done. If necessary, cover loosely with foil during baking to prevent excessive browning. Remove from baking sheet immediately after baking.

PANETTONE

2 cups milk
2 teaspoons salt
1¼ cup sugar
½ cup butter or margarine, softened
2 packages active dry yeast
2 eggs
1 egg yolk
¾ cups (about) all-purpose flour
2 tablespoons dark rum
2 jars (4 ounces each) mixed, candied fruit
1 cup red glace cherries, chopped (about 60 cherries)

Scald the milk; pour 1¼ cup into large bowl. Stir in salt, sugar and butter, cool to lukewarm. Cool remaining half-cup scalded milk to lukewarm (110 degrees); add yeast and stir to dissolve.

Combine eggs and yolk; beat lightly.

Add five cups of the flour to Turn to Page 6, Col. 6

Marketing Memo

Buying Habits Won't Change, Food Bill Will Keep Going Up

Although little change is expected in buying habits, you'll likely be spending 4 per cent more of your income for food in 1968.

Because food supplies stay about the same and demands go up there is an increase in food prices. However, employment and income are expected to rise more rapidly this year than last, according to Rosemary Stare, consumer marketing specialist at the University of Wisconsin.

You'll probably be buying fewer fruits and smaller amounts of veal, lamb, turkey, eggs and dairy products. It's expected that beef and broilers will continue as important meat buys, and the use of pork may increase slightly.

The good buys you find in pork this week may help account for this expected increase in use. You'll find good prices on both center and end cut shops, loin roasts, bacon, pork steak and butt roasts.

Your best buys in beef will be ground beef, round steak, rump roasts and liver. You may see some specials on steak.

Turkey will continue as an exceptionally good buy through April. You may want to consider serving turkey for Palm Sunday or Easter dinner.

Eggs are a good buy in protein foods. They show little change in price this week, but may get higher as Easter

approaches. There's no difference in quality and food value in brown and white eggs. However, you may prefer white shells if you're buying eggs to color for Easter. White shells will take dye in clear, bright colors. Brown shelled eggs will take on toned-down, muted colors.

Bananas, oranges and grapefruit are the best fruit buys this week. Eating quality of Florida grapefruit is especially good. More expensive fruits include California and a large variety of imported fruits. Apples are becoming more expensive as the supply gets smaller.

At the vegetable counter, you'll find reasonable buys on asparagus. The supply is at its peak this week, but an canneries open and much of the crop goes for processing, the price will get higher.

Green onions and radishes are also good buys. A new crop of dry onions are in the market and prices will be getting more reasonable as supplies increase. Cauliflower, cucumbers and green peppers are still expensive. You'll find the quality of Florida tomatoes is good and the price is more reasonable this week. Potatoes and carrots continue to be the best buys in fresh produce.

Careful Soil Preparation Precedes Planting Roses

Now is an excellent time to plant roses in most parts of the country. The plants which have been in air conditioned storage are still fresh and full of vigor, the ground is warming up, yet the weather is still cool. Thus, the plants are encouraged to build up good root systems — if the soil is properly prepared for them — while the cool weather holds the tops back.

Plant choice for most people means the floribundas and hybrid teas. Both are everblooming; produce attractive, shapely flowers, and grow on moderate-sized plants. The major difference between the two groups is that the hybrid teas are inclined to produce single, specimen blooms whereas the other group are likely to be cluster-flowered. Polyanthas are still more cluster-flowered.

Planting Easy
Next are the climbers. Today nearly all are everblooming. For connoisseurs there are the shrub roses, most of which are old-fashioned types of iron-clad hardiness. These include the hybrid perpetuals which bloom intermittently throughout the season and the species and old historical types. Lastly are the miniatures — everblooming beauties 6 to 10 inches tall, for edgings, pot plants, low beds, etc.

Planting is done only once and lasts many years. For most gardeners this means preparing the soil a full green thumb spade depth — or as deep as necessary to get all the roots in, comfortably — and mixing in at least a 2-inch layer of compost and some slow-acting fertilizer like dried cow manure, a quart to a plant.

For better results prepare the soil for some of your plants by digging out the whole bed, not just individual holes. Dig the top shovel depth out and pile it to one side. Then dig and prepare the soil in the bottom as you do any garden soil with humus, plant food, etc. another full spade deep.

Next improve the top layer you removed in the same way and return it to the hole. Settle the bed by watering it well, let it set a week, then plant your roses.

You will find your roses in this double-deep soil will be twice as good as the others. It's work but you can prepare a small piece of your bed this way every year until it is all remade. In either case spread the roots out carefully, water well and bank the soil up around the plants 6 to 8 inches high until growth is well started. Then hoe it back down and rake the bed evenly.

AAUW Announces April Study Group Schedules

The schedule of April study group meetings has been announced by the American Association of University Women (AAUW).

"How Politics Affects Development" will be the topic when the study group of the Growing Gap between the Rich and Poor Nations meets at 8 p.m. April 10 at the home of Mrs. Peter Thomas, 1315 S. Alicia Drive.

The Law study group will visit Wisconsin State School for Boys at Wales April 24. The bus will leave at 8 a.m. and return at 3 p.m. Interested members may contact Mrs. Walter Brummond for further information.

William Golding's "Lord of the Flies" will be reviewed at the 1:30 p.m. April 10 meeting of the Modern Novel group at the home of Mrs. Paul Gladdeter, 507 E. Roeland St. The evening Modern Novel group will discuss "The Optimist" by Herbert Gold and "Sybil" by Louis Auchincloss at 8 p.m. April 18 at the home of Mrs. Roger Reichardt, 1048 E. Jardin St.

Members of the Play Reading group will read "Chalk Garden" by Bagnold at 8 p.m. April 10 at the home of Mrs. William Arnold, 122 E. Marquette St.

Mrs. Robert Stillings will present, "A Way of Life, Four Fundamental Emotions," at the 8 p.m. April meeting of the Pre-School and Elementary Education study group at the home of Mrs. Gene Hockemeyer, 1712 E. Frances St.

Society's Reflections in the Arts study group will meet at 8 p.m. Monday at the home of Mrs. John Heitmann, 24 W. Mahler Court, where Miss Evelyn Hince will lead a discussion of the play "A Delicate Balance."

Adrienne Kock's "The Philosophy for Time of Crisis" will be

Cranberry Bright Brunch for Easter

Easter is a reverent trip to church at dawn... youngsters with scrubbed faces... a flower in a hat... colored eggs and chocolate bunnies.

All at once it's mid-morning and in spite of jelly beans and chocolate eggs, everyone's famished!

Now's the time for this extra special Cranberry Basket Weave Coffee Cake. Biscuit mix and bottled cranberry-orange relish make it hippy-hop-quick to prepare. Besides, it's delicious.

**CRANBERRY BASKET
WEAVE COFFEE CAKE**
4 cups biscuit mix
2 tablespoons granulated sugar
2 eggs
1 cup light cream
1/4 cup chopped pitted prunes
1/4 cup finely chopped nuts
1 cup cranberry-orange relish

Combine biscuit mix and sugar. Beat eggs and remove two tablespoons for glazing top.

Add cream to remaining egg and beat until well blended. Add liquid to dry ingredients and stir until well blended. Knead a few times on a heavily floured board until smooth. Press two-thirds of the dough into a well-greased, nine-inch layer cake pan. (Press dough up against sides about one inch).

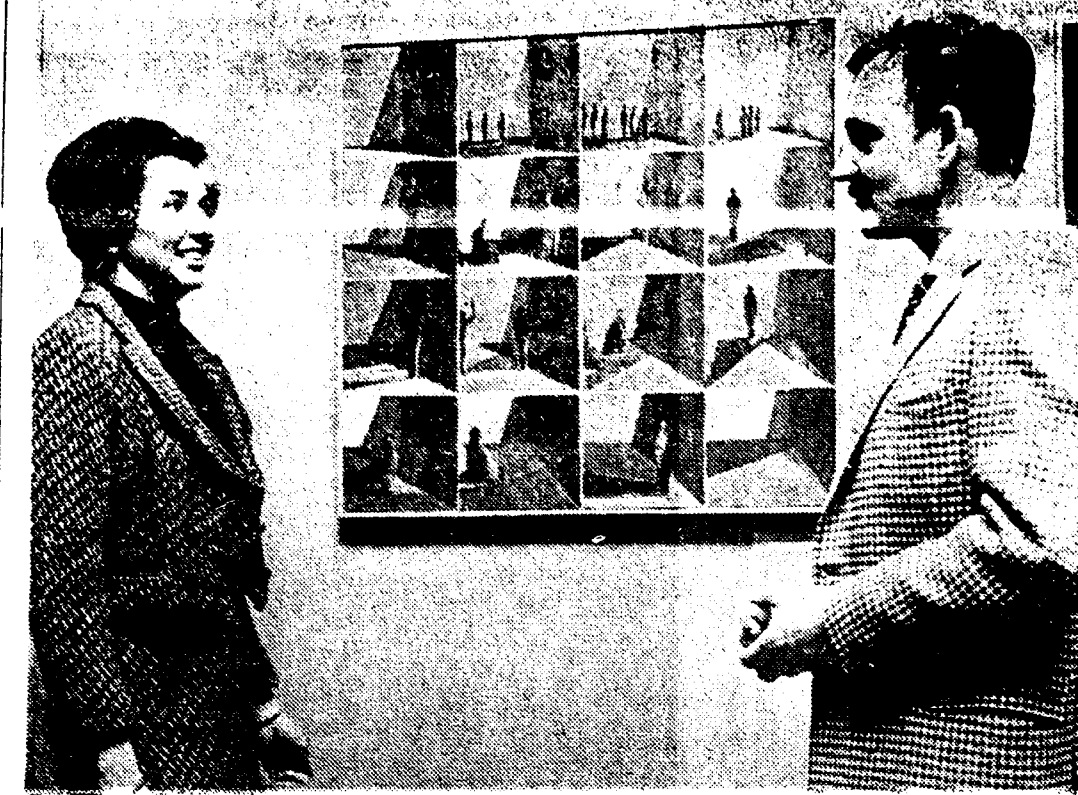

Combine prunes, nuts and cranberry-orange relish. Spread over the top of the dough.

Roll out remaining dough on a lightly floured board to quarter-inch thickness. Cut into half-inch strips and arrange strips in a lattice over filling. Cut a long strip to go over the ends of the lattice strips around the outer edge of the cake. Brush with reserved beaten egg.

Bake at 425 degrees for 20 to 25 minutes or until richly browned.

For Easter brunch, feature this unusual cranberry coffee cake with a basket weave top. The cranberry-orange relish peeking out from the lattice top adds color as well as flavor to the cake. Using a quick biscuit mix cuts mizing time to a minimum.

Artist John Earnest of the University of Wisconsin, Milwaukee faculty explains one of his compartment "doll house" paintings to Mrs. William Vaughan, 600 N. Owaissa St., at the Sunday opening of his one-man show at Worcester Art Center on the Lawrence University campus. Critics have seen in the "doll house" pictures an attempt to discover "the essence in human relationships by the stances

and positioning of figures." The group of 35 paintings and etchings that comprise the show will be on view until April 28. At right, Mrs. Daniel L. Arnaud serves punch to Thomas Dietrich, artist in residence at Lawrence, and the Rev. Donald Noel, St. Norbert College faculty member, during the reception in honor of Mr. Earnest. (Post-Crescent Photos)

Your Problems

People's Own Carelessness Causes Slow Postal Service

BY ANN LANDERS

DEAR ANN LANDERS: I'm fed up with listening to people knock "the lousy Post Office".

It's time people realized that a great deal of the slow service and inefficiency is caused by their own stupidity or carelessness. If these complainers could peek into the back rooms and see to what unbelievable lengths postal employees go to salvage items that belong in the garbage, they would be ashamed.

I work in the San Francisco Post Office and not a day passes that I don't see envelopes with handwriting which is 100 per cent illegible, letters with no addresses, envelopes with no contents, contents with no envelopes, letters with the right city and the wrong state or the right state and the wrong

city — such as Sioux Falls, Iowa, or Sioux City, South Dakota.

Of course there is some inefficiency in the Post Office. We have employees who are incompetent, lazy and careless. But so does General Motors and General Electric and General Foods because that's the way some people are. If the public wants better postal service, they can improve it by using their heads. Thanks for letting me have my say. I feel better already. — Anonymous

Dear Ann: You're telling me about the things people put in the mail? I have

received letters written on paper bags, toilet tissues, garbage liners, paper towels... just name it and I've seen it.

Landers

Thanks for your letter, friend. I hope it does some

good.

DEAR ANN LANDERS: I am a college student with a million pressures. I feel as if the world is closing in on me. Please help me hang on to my sanity.

I was going steady with Freddy and we were very much in love — or at least I was. When we decided to go to different colleges we agreed to call off the steady arrangement, and date others. It was to be a "testing period."

My closest girl friend seized our experiment as an opportunity to make a play for Freddy. I am sorry to say she succeeded. I still value her friendship but

my faith in her is shattered. At present I feel betrayed, rejected, depressed and friendless. I still find it hard to believe she would do such a rotten thing to me.

I realize this triangle thing is as old as the hills and probably not worth space in your column, but I need some words of wisdom to keep from cracking up. — Miss Calculated

Dear Miss: Don't blame the girl, Freddy was right. If it hadn't been your girl friend it would have been someone else.

By your own admission, you and the young man had agreed to call off the steady arrangement. This meant he was free to date others — and so were you. Pick up the pieces and build something.

Dear Boy: There is no such thing as "slightly alcoholic" — it's like being "slightly pregnant." Don't count on marriage to "help" her. A girl who won't stay off the sauce for her sweetheart is less likely to do so for her husband. Suggest A.A.

Unsured of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed, stamped envelope.

Waste No Time on Dreaming

Dreaming the impossible dream works well if your name happens to be Don Quixote, but the don never played bridge. If you know that a finesse cannot possibly work, it may be wise to look for a more reasonable line of play.

Opening lead — ♦ 9

East won the first trick with the jack of diamonds, continued with the ace and then led the king. South ruffed the third diamond with the nine of hearts. South cashed the top spades

and ruffed a spade with the ten, whereupon West casually discarded a club. This convinced South that the heart finesse would work, so he led a club to dummy and tried a finesse with the jack of hearts. West won with the queen and returned a trump to the king.

Now South needed the ace of trumps to draw West's eight. This meant that he couldn't also use the ace of trumps to set up dummy's last spade. It was a dilemma and South had to play carefully to go down only one.

As we can all see, the trump finesse was a mirage. East clearly held the four top diamonds and couldn't have as much as an outside queen in view of his original pass. South should therefore look for a way to make his contract without a trump finesse.

After ruffing the third diamond South should lead out the ace and king of trumps. When the queen of trumps fails to fall, South takes the top spades and ruffs a spade. He next leads a club to the king to ruff another spade and then a club to the ace to cash dummy's good nine of spades.

West can overruff if he likes, but he cannot interfere with the plan, and he cannot get more than one trick. South makes his contract by refusing to take an impossible finesse.

Daily Question

As dealer, you hold: S-K 9 6 4; 3 H-5 4 2 D-7 6 2 C-A-K.

What do you say?
Answer: Pass. You have only 10 points in high cards and 1 point for the doubleton. You need at least another queen or so to make an opening bid.

NEW WAY TO BE SUDDENLY SLIM FOR EASTER

Los Angeles:—Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and

yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available at H. C. Prange Co. and other stores with fashion spirit.

Episcopal Churchwomen Study Nation's Racial Crisis

BY MARY WITT
Post-Crescent Staff Writer

"Detroit is no better off today than it was one year ago — if anything, conditions are worse. My greatest fear is that a white radical will precipitate a holocaust."

Those were the words of Mrs. Glenn Gilbert, Detroit, president of Episcopal Churchwomen of the Diocese of Michigan, and guest speaker at the spring conference of Episcopal Churchwomen of the Diocese of Fond du Lac Tuesday at All Saints' Episcopal Church.

More than 150 women and clergymen from 39 parishes and

missions of northeastern Wisconsin were held captive by the hopes and fears of Mrs. Gilbert who told of her experiences as switchboard operator for Interfaith Emergency Center during the Detroit race riots nine months ago.

Church's Role Defined

Her story combined with the film "A Time for Burning" and Mrs. Harris T. Hall's discussion of the topic "Black Power and Does It Concern the Church?" formed the backbone of the day-long program designed to define the church's role in an era of urban crisis.

Mrs. Richard B. Sawtell, Neenah, president of the Episcopal Churchwomen of the Diocese of Fond du Lac, presided over the day's events. Others participating in the program were Mrs. Robert Thiessen, Oshkosh; Mrs. Russell Pelton, Ripon, and Mrs. C. V. Edwards, Fond du Lac. The Rt. Rev. William H. Brady of St. Paul's Cathedral, Fond du Lac, and the Rev. Carl E. Wilke of All Saint's Episcopal Church conducted noon-day communion services.

A conference program with a message that in Bishop Brady's words was both "inspiring and depressing," began with "A Time for Burning," a compelling film that traced the rise and fall of a young Lutheran minister who fought a losing battle against bigotry in his white congregation in Omaha, Neb.

Church Not Antiquated

From the Negro who felt that his people "were fighting ignorance in the place where there should be the most enlightenment" to the Lutheran housewife stunned at the churchboard's decision to ask for the minister's resignation, the film provided a candid study of frustrated hopes and ambitions.

Using "A Time for Burning" as a springboard, Mrs. Hall of Stevens Point, challenged her audience to prove that the "church is not a museum piece, but an institution alive to the needs of today."

She reminded the participants of the recently released report of the President's Commission of Civil Disorders which states that "white society is deeply implicated in the Negro ghetto. . . white institutions created it, white institutions maintain it, white society condones it."

Black Power Good

Examined in such a context, the Black Power movement is fundamentally good, maintained Mrs. Hall; for, as its name implies, it is an attempt to win the right for Negroes to regulate their own lives. Although militant in the sense of being strongly devoted to their cause, Black Power advocates do not necessarily support violent means to attain their goal, she told the group.

What can Episcopal Churchwomen do to help solve the racial crisis?

"We must help racial minorities by giving them a sense of

The Rt. Rev. William H. Brady complimented leaders of Episcopal Churchwomen, Mrs. Glenn Gilbert, Detroit; Mrs. Richard B. Sawtell, Neenah, and Mrs. Harris T. Hall, Stevens Point, for their

role in assisting spring conference participants to understand the church's responsibilities in today's racial crisis.

Congolese Woman Uses Head to Carry Her Load

By MORT ROSENBLUM

KINSHASA, The Congo (AP) — If you think a book balanced on the head improves posture, try a 50-gallon oil drum.

Or a bed, complete with mattress and bedding.

Or, with a friend's help, a dugout log canoe.

Here, when a woman has a load to carry, she uses her head. Sometimes it's incredible: 2½ cases of beer, massive bundles of fish or firewood, not to mention the items listed above.

The custom, of course, is not peculiar to the Congo but the Congolese must hold some records.

Women here keep a delicate balance so that slim, top-heavy bottles stay put at a steady trot. One woman carries a wide basin of water on her head, a bucket in each hand, a baby on her back, and

pride in themselves and by aiding them financially to attain the social, economic and political power that is their due," urged Mrs. Hall.

She warned the audience of the dangers of making handouts and praised the nation's Episcopal Churchwomen for their decision to allocate \$9 million during the next three years to approved leaders of Negro communities in order to "help the Negro to help himself."

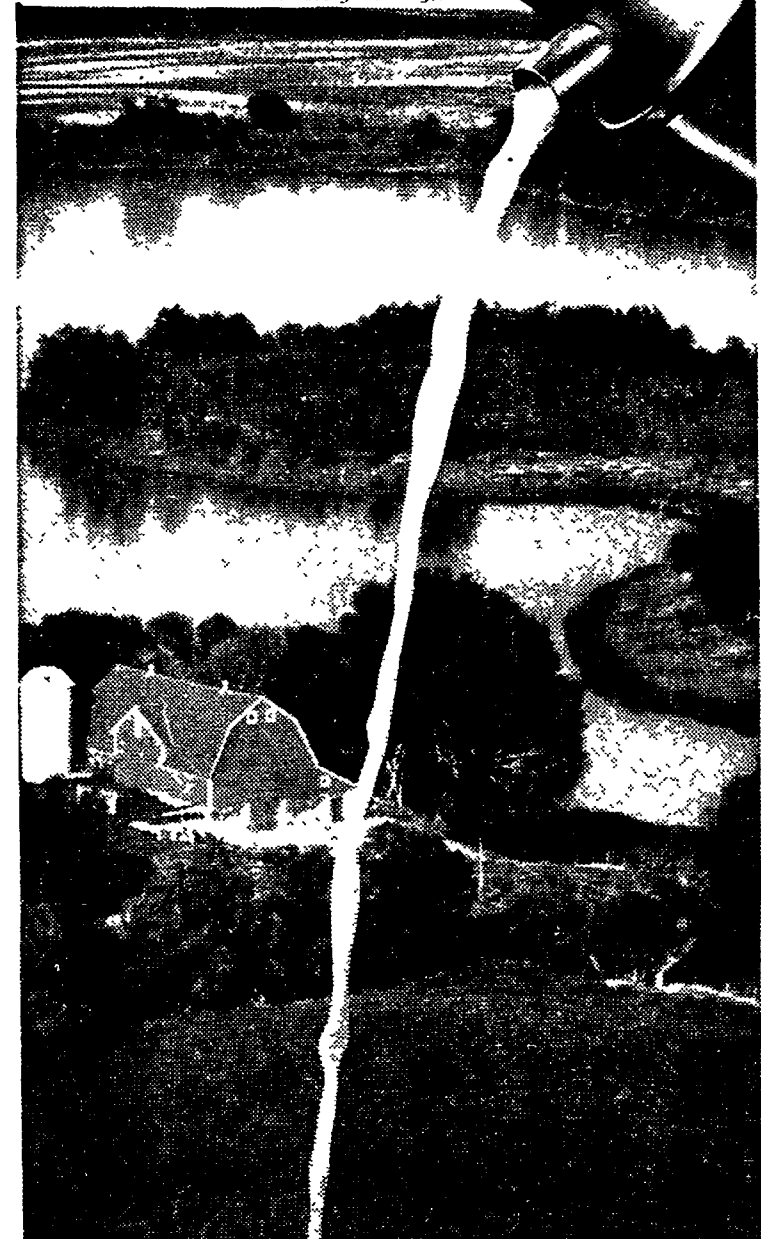

Legislative Process Key

Mrs. Gilbert added that it is imperative that we become thoroughly familiar with every aspect of the racial crisis. "Those of us who have yet to face the problem firsthand cannot afford to use lack of experience as an excuse for ignorance and inaction. I am convinced that it is through the legislative process — not through rebellion in the streets — that changes for the better will come," she concluded.

We churn a whole 1/2 gallon of fresh, sweet cream into every pound of Land O'Lakes Butter

(and we churn it fresh every morning.)

That's the secret of its sweeter, fresher flavor.

Remember the moments that matter.

Promises
Exchanged

Miss Patricia Ann Locke and Richard M. Paulson, Monroe, exchanged wedding promises in a 4 p.m. ceremony Saturday at First English Lutheran Church. The Rev. Leonard Ziemer performed the double ring rite.

Parents of the bride are Mr. and Mrs. Richard Locke, 612 N. Rankin St. The bridegroom is the son of Mr. and Mrs. Orion Paulson, New Glarus.

Miss Clara Anderson attended as maid of honor. Miss Susan Klatt was bridesmaid.

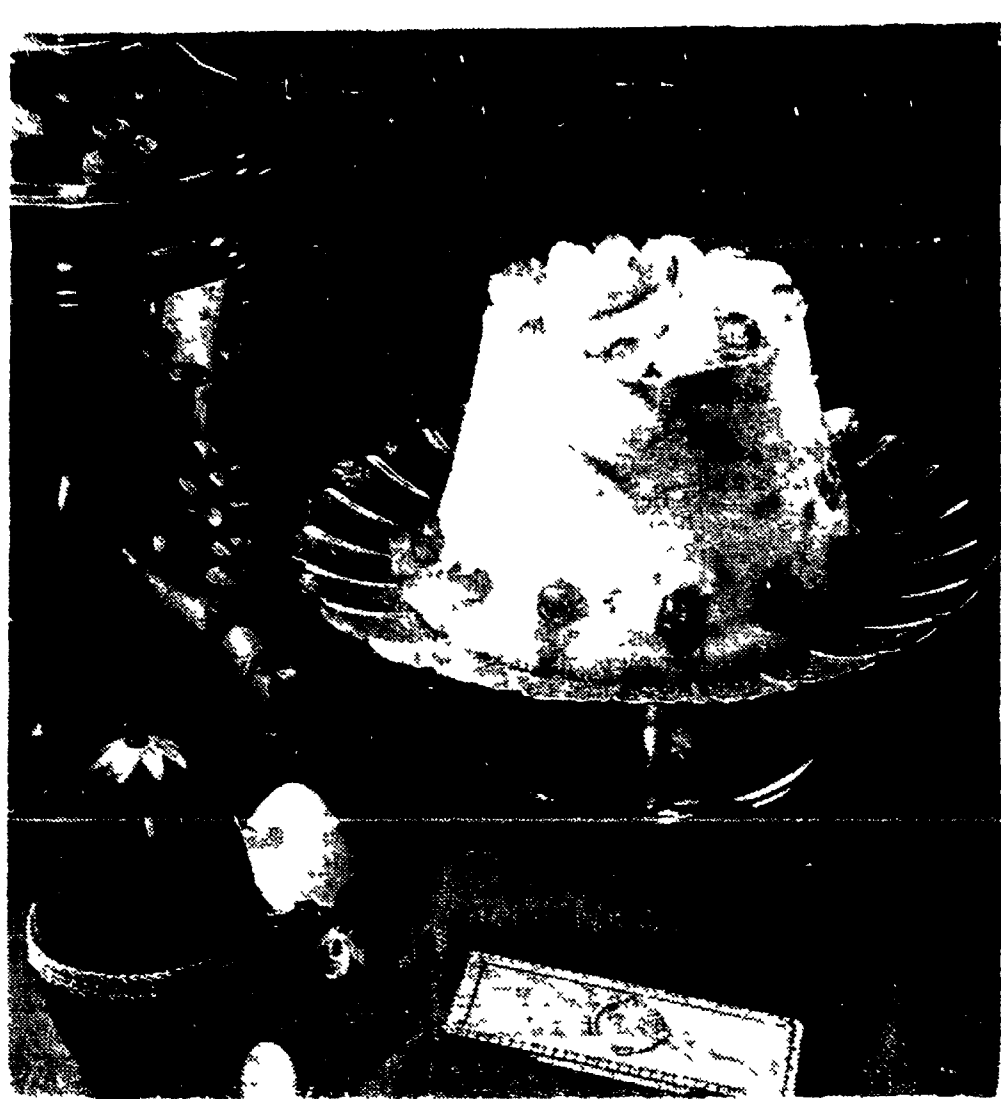

Serving as best man was Paul Locke, a brother of the bride. Larry Schmid was groomsman. Guests were seated by Gary Locke and Randy Hanson.

A reception was held in the couple's honor at the VFW Hall.

Mrs. Paulson has been employed at CW Transport Inc. Her husband is with the Chalet Cheese Co. op, Monroe.

1 egg, beaten
¼ cup butter or
margarine
1 cup sugar
½ pint sour cream
1 can pie-sliced apples,
well drained (1 lb., 4 oz.
can)
½ teaspoon cinnamon
½ cup chopped almonds
Soften gelatin in cold water.
Combine cottage cheese and
egg — heat gently. Add softened
gelatin and stir until dissolved.
Remove from heat and cool.
Cream butter. Gradually add
half-cup sugar and beat until
light and fluffy. Beat in cottage
cheese mixture. Stir in sour
cream. Pour mixture through
strainer. Chill until thickened.
Meanwhile saute apples with
remaining half-cup sugar and
cinnamon in skillet until glazed.
Remove from heat and cool.
Drain off any excess syrup.
Dice apple slices, reserving
several for garnish. Fold diced
apples into thickened cream
mixture.

To mold, line bottom of a 1½
quart clean flower pot with foil.
Pour apple mixture into flower
pot and chill overnight. To
serve, run spatula around side
of mold and invert on serving
plate. Remove foil, and garnish
with apple slices and almonds,
if desired.

An Apple enhanced version of the Russian dessert classic, Paskha, stars convenient canned pie-sliced apples to enrich taste and speed preparation.

Motel Operators
To Hear Talks on
Wisconsin Tourism

Lt. Gov. Jack Olson and Harry Thomas, supervisor of vacation and travel service, Wisconsin Natural Resource Department for the State of Wisconsin, will be featured speakers for the 14th annual Wisconsin Motel Association convention at Lake Delton today and Thursday.

Lt. Gov. Olson will urge the motels to be the "hosts with the most" if Wisconsin is to meet the coming demand that will be made upon the industry to house the ever growing tourist industry. The goals of 1970 will be to attract the great share of the 70,000,000 people who will live in the market area for Wisconsin tourism.

Thomas will tell the motels what tourism can do for them and how best to get their share of the tourist dollar.

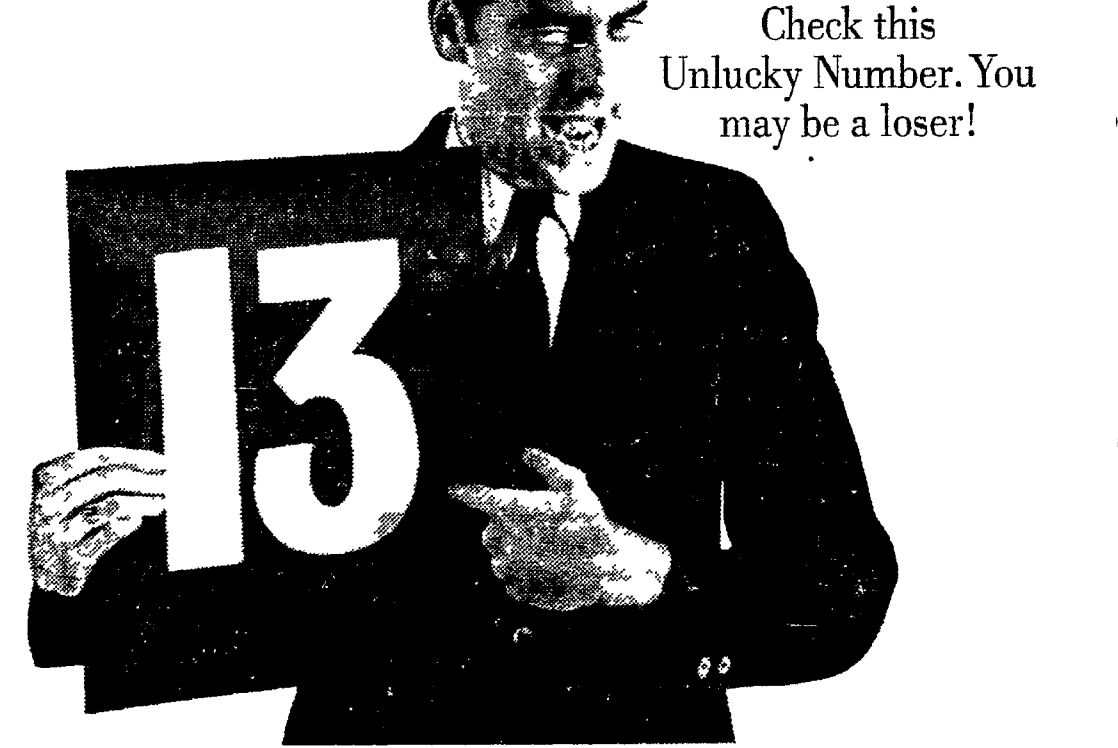

About 1,500 motel operators are expected to attend the convention and exposition. Fifty exhibitors, representing all facets of products and services for the motel industry, have displays and demonstrations on new products and ideas, improvements and renovating proposals for motels.

An Unidentified Nurse Shows the importance of working with a retarded child, not only to provide for his physical comfort, but to give him encouragement and reassurance. Because of the growing importance of nurses, in dealing with the mentally retarded in private homes, as well as in institutions, Central Wisconsin Colony, Madison, is conducting a workshop Friday on "Nursing for the Mentally Retarded" for nurses and nursing students (Central Wisconsin Colony Photo).

Ways to Build a Famous Reputation for Coffee

BY MARY-BETH KUESTER
Wisconsin Michigan Power Co.
Do you want to be known for your good coffee?
Here are a few suggestions that assure perfect coffee pot after pot.
Start with the best brand of coffee — that is, the brand that makes the coffee which best suits your taste. Choose the

Mary-Beth Kuester

proper grind: regular or electric percolators, drip grind for drip pots and drip or fine grind for vacuum coffee makers. The right grind is important.

Coffee must be fine enough for the water to circulate freely and extract all the good coffee flavor. If it is too fine, the brewed coffee will be cloudy

and have a muddy sediment in the bottom of the cup.

Next, be certain your coffee maker is always completely clean. Wash all parts of it in hot water after each use. Use a good detergent, and be sure to rinse thoroughly. If your coffee maker is immovable, it can be washed in your automatic dishwasher. Check the instruction book that comes with the coffee maker.

Use your coffee maker to at least three-quarters of its capacity. You can't hope to make two cups of good, rich-tasting coffee in an eight-cup pot.

Coffee should be fresh. Buy only the quantity you can use within a week of opening, keeping the container tightly closed and stored in a cool, dry place.

Almond Flakes Good for Parties

Separate refrigerator butter-flake dinner rolls into individual flakes; spread each with butter mixed with chopped almonds and tarragon; bake until golden and serve with luncheon fruit salads.

The refrigerator is ideal for coffee storage.

Always measure coffee and water. Don't try to skimp on coffee. Fresh, cold water should be used. Sometimes hot water pipes will deposit minerals in the water that will give coffee an "off" flavor.

Coffee is at its best when

The Narrow Mind
She has her own opinions about everything and everybody, and groups people by nationalities, race and religion, without regard to personalities of individuals.

freshly prepared. Serve it piping hot as soon as it's ready, if possible. If you must keep it standing, make sure it doesn't boil.

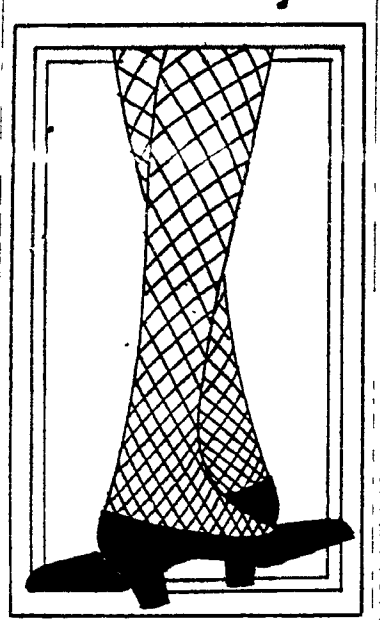

TURKISH COFFEE
¾ to 1 cup instant coffee
½ cup honey
4 cups boiling water
5 cardamon seeds, crushed

Dissolve coffee and honey in boiling water. Add cardamon seeds, cover, and let stand 15 minutes. Strain. Bring almost to a boil. Serve in demitasse cups. Makes four cups, or eight servings, four ounces each

MOCHA JAVA
½ cup water
½ cup milk
1 to 2 tablespoons instant coffee
2 tablespoons instant chocolate flavor mix
Marshmallows (optional)

Combine water and milk; bring just to a boil. Stir in coffee and chocolate flavor mix until thoroughly dissolved. Serve in mug. Top with marshmallows, if desired. Makes one serving.

now! by G.J.L.

Designer's message: A great Irish designer informs us that while she loves the young mesh hose, they do hurt when walking to an older leg. So she wears a lighter than usual tone nylon hose under the mesh hose. A great aid for ladies who like to be in fashion but like their comfort and flattery! Dublin '68

Festive Breads for Eastertide

CONTINUED FROM PAGE 1
milk and sugar mixture alternately with yeast and eggs, beat until smooth. Cover bowl with towel; allow to stand one hour.

Combine rum, candied fruit and cherries; allow to stand one hour, stirring frequently.

Add remaining flour and fruits to dough; beat well. Turn out onto lightly floured board; knead until smooth and elastic, about 10 minutes. Place in lightly oiled bowl; cover with towel and allow to rise in warm place (75 to 80 degrees) until doubled in bulk (about 3 hours). Punch down.

Divide dough and place in three well-greased fluted molds of varying sizes or three 9x5x3-inch loaf pans. Cover with towel; allow to rise again in warm place until doubled in bulk.

Bake in 350 degree oven about 50 minutes.

If desired, frost with thin confectioners' sugar glaze and

whole red maraschino cherries with stems.

MEDITERRANEAN FEAST BREAD
¼ cup warm water
1 package active dry yeast
½ cup milk, scalded
2 tablespoons softened butter or margarine
¼ cup sugar
1 teaspoon salt
1 egg, slightly beaten
¾ to 3¼ cups sifted all-purpose flour
½ cup chopped red maraschino cherries (about 20 cherries)
1 tablespoon grated lemon peel

Pour warm water into large bowl. Add yeast and stir until dissolved. Cool milk to lukewarm; stir in half the flour, cherries and lemon peel; mix well.

Gradually add remaining flour, just enough until dough can be handled easily. Knead on lightly floured board 10 minutes or until smooth and elastic.

Shape into ball and place in oiled bowl. Cover with towel; let rise in warm place until doubled in bulk, about one and one-half to two hours. Punch down; shape into three round loaves. Place on lightly greased baking sheet one-half inch apart to form three-leaf clover. Cover with towel and allow to rise until doubled.

Bake in 350-degree oven, 30 to 35 minutes.

If desired, frost with thin confectioners' sugar glaze. Garnish each loaf with three red glaze cherry halves to form flower and red glaze cherry slice to form stem. Serve with butter. Recipe makes three connecting loaves.

Asparagus 'Tips'

When buying fresh asparagus, look for smooth, round spears with closed, compact tips. A rich green color should cover most of the spear. Stalks should be tender almost as far down as the green extends.

Widow Must Pick Between Working, Mothering Children

BY MARY FEELEY
Consultant in Money Management

haven't crowded our minds till we're too panicky to evaluate properly some other pretty important things in life. One is freedom of choice. The fact remains that we still have some leeway to decide what we want for our money, be it little or lots. The leeway may have narrowed, I grant. But why ditch the privilege entirely?

In a recent letter which appeared in this column, a young widow with three small children asked a question. Did she really have the right to quit work, give up a sure if modest salary, and try to make-do on a pension plus Social Security — in order to maintain a real home for her children? To just "be there" when they came home from school?

Well, Mrs. E. H. of Rochelle, Ill., and her letter sparked some deepdown thinking among women from coast to coast. Taking a thoughtful look at the past and the future, Mrs. K. R., of Hickory Hills, Ill., writes in reply:

"This is the first time in my

life I've ever written to a newspaper or a stranger, but I just want to say this: I'm going to do anything in my power not to have my children experience the 'cold empty house' feeling when Mom isn't there. As a child, it was the warmest and most wonderful feeling to come home from school or play and have my mother there. Some day I would like to work again, when the children are older. But I think you're a wise woman, Mrs. E. H., to realize the difference it makes to your small children to have you at home now."

Having gone through the mill of small income and large expense, Mrs. J. S., of Hagers-town, Md., writes:

"My child was only 3 when my husband died. I decided to try to budget our Social Security and Veterans Pension and see if it would work out, rather than rush out to find a full time job. I'm happy to say that we are making out all right, although at times it isn't easy. I are too tired from the job, it's

employment and do some volunteer work. But my greatest reward in staying home is being here when the children arrive from school with all their bits of information which they need someone to tell about."

To help fill the financial gap left by sacrificing a job, Mrs. M. W. of a midwestern state, says a few dollars can be made at home in various ways:

"Dressing dolls, to custom order; making minor clothes repairs for other women who are employed — at \$1.50 per hem, you can get all kinds of orders! Making party favors for others, baking special order birthday cakes, knitting custom-order sweaters."

And from Mrs. M.G.O., Charlotte, N.C., who made the wrong decision between "money and Mom" and now has discovered it too late:

"The day-to-day keeping up with the children in their school work is so important. If you're not around to show interest or are too tired from the job, it's an expensive experience. When

'Y' Plans Boys, Girls Competitive Diving, Swimming Courses

Courses in competitive diving and swimming for boys and girls will be offered by the Appleton Family YMCA, beginning this month.

The special nine-week diving instructions will be from 6:15 to 7:15 p.m. Tuesdays and Thursdays April 9 to June 6.

Stroke instructions will highlight the seven-week swimming course set from 7:15 to 8:45 p.m. Tuesday and Thursdays, beginning April 23.

Registration, required for both courses, must be made at the physical education department.

danger signals appear, you tend to neglect them, hoping they will adjust. The day to love and supervise is priceless. You cannot pick it up later, it's lost. And when the children wish to be uncharitable they tell me about my seeming neglect, play-by-play and blow-by-blow.

"The scars are for life."

LITTLE PEOPLE'S PUZZLE

Young Hobby Club Adding and Subtracting Is Fun When You Can Win

BY CAPPY DICK

A set of handsomely-illustrated "True-to-Life Books" containing stories about boys and girls, animals and nature around the world is the national grand prize in today's puzzle contest. Five sets will be awarded, one for each of the five neatest and most original correct entries.

The "True-to-Life" collection includes such titles as "Sioux Buffalo Hunters," "The Santa Fe Trail," "Joey Horse," "Adventures of a Squirrel," "Yasin of Arabia," "Pablo, Boy of Mexico," and others. Together, the books make a fine addition to the library of any young reader of this column.

Contestants also have the opportunity to win a qualifying local prize, 10 of which will be awarded for the 5 neatest and most original correct entries from boys and girls of the Appleton area. These prizes are pocket-size "Lucky Horseshoe" games which are for one or two players. The game is great fun to play. Entries winning these prizes will be considered in the national judging where the five grand prizes will be awarded.

To solve the puzzle in the drawing above add and subtract pictures and letters of the alphabet as directed by the plus and minus signs until you arrive at the solution which consists of two words.

When you believe you have solved the puzzle carefully, clip it out and paste it on a sheet of paper. Print the two-word solution beneath it, along with your name, age, address and Zip Code number. With paints, crayons or cutouts, decorate the entry in any neat, original way.

Answer

He can smoke 111 cigarettes. Every 10 he buys gives him 11 to smoke, or 22 to the pack. Multiply 22 by 5, and add 1 for the cigarette he can make from the 10 made from butts.

Add and Subtract

Address it to Cappy Dick's Midweek "True-to-Life Books" Contest at The Post-Crescent and mail it before midnight of day after tomorrow.

After the contest judges have selected the winning entries, names and addresses of the victorious contestants will be published here and their prizes will be sent to their homes by mail.

Decisions of the judges will be final. All entries become Cappy Dick's property; none can be returned.

TOMORROW: Directions for a new game called "Yardstick"! rdstick!"

Lesson in English

BY W. L. GORDON

Words often misused: Avoid the expressions, "Please write me soon," or, "I'll write you next week." It is much better to say, "Please write TO me," and, "I'll write TO you next week."

Often mispronounced: Expurgate. Pronounce eks-purr-gait, with accent on first syllable, preferred.

Often misspelled: Fallacy; observe the "lla." Fallible; "jll"

Synonyms: Suave, urbane, diplomatic, bland, smooth, polite, only, unruffled.

Word study: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Today's word: ERUDITION; learning, especially in literature, history, or criticism; scholarship. (Accent third syllable). "The speaker made an obvious attempt to exhibit his erudition."

Brain Twisters

BY DON DOUGLAS

Budget Smoking

A certain man limits himself to 10 purchased cigarettes per day, and after he has smoked each 10 cigarettes he has enough tobacco left in their butts to make another cigarette. How many cigarettes can this man smoke for every 5 packages of 20 cigarettes each that he buys?

Answer

He can smoke 111 cigarettes. Every 10 he buys gives him 11 to smoke, or 22 to the pack. Multiply 22 by 5, and add 1 for the cigarette he can make from the 10 made from butts.

The New Mormon Building in Salt Lake City's Temple Square is the Visitor's Center framed by the famous, century-old Tabernacle on the left. Both buildings will be used for the 138th general conference of the Church of Jesus Christ of Latter-Day Saints this weekend. The conference meeting Sunday will be televised live in color and may be seen over WFRV-TV, Channel 5, from 9 to 11 a.m. Feature of the program will be the appearance of the Salt Lake Mormon Tabernacle Choir under the direction of Richard P. Condie.

Tara Proves To be Good Replacement

BY TV SCOUT

6:30 - 7:30 — Channels 11-9 — Linda Thorsen as Tara King, is in a wheelchair throughout most of The Avengers, but the show belongs to her anyway as she continues to prove a good replacement for Diana Rigg. A pair of killers have devised a plan to beat scientific detection method. They murder, leaving a perfect set of clues pointing to a man whom they can then blackmail. When Steed gets on to them, they decide to kill Tara and put the blame on him. (C)

6:30-8 — Channel 5 — Trampas ties in with a gunslinger on The Virginian without realizing what he is getting into. The two find themselves on a list of seven people marked for death. When Trampas decides he is not going to sit around waiting for the killer to strike, he sets out to track him down and runs into the gunnie, joining forces with him. Darren McGavin is featured. (C)

6:30-7:30 — Channels 2-7 — Scenic effects, costuming, makeup and a fair-to-middlin' story are the features on Lost in Space. Vincent Beck guests as an oversized humanoid trying to become the leader of his planet. (C)

7:30-8 — Channels 2-7 — A singer who doesn't sing is about par for the course for The Beverly Hillsbillies. But although country and western star Roy Clark doesn't warble a note, Granny howls enough for them both. (C)

8-8:30 — Channels 2-7 — Green Acres is winding up its first-run season with a two-part production that stars Arnold the pig. The prize porker is discovered to be stage star material when he strnds in for an ailing dog in a Hooterville vaudeville. (C)

What to Do — Where to Go

Appleton Theater — The Graduate at 6:30 and 9 p.m.

Viking Theater — W. C. Fields Festival at 6 p.m. and 8:45. Two movies: Never Give a Sucker an Even Break; You Can't Cheat an Honest Man.

Brin Theater, Menasha — Far from the Madding Crowd at 8 p.m.

Neenah Theater — Dr. Zhivago at 8 p.m. Held over.

41 Outdoor — To Sir, With Love at 7:30. Good Times at 9:30.

Plaza Theater, Oshkosh — How to Save a Marriage at 6:30 and 9:55. Come Spy With Me, once at 8:30.

Time Theater, Oshkosh — The Graduate at 7 p.m. and 9:15.

Piano Recital — Thursday, Lawrence Conservatory senior Max Radloff, 8 p.m., Harper Hall, Music-Drama Center.

Barn and Repertory production. (C)

8:30 - 9 — Channels 2-7 — The He and She title tonight is "Dick's Van Dyke" referring to a beard Dick Benjamin grows while on a vacation trip. It starts with Dick and Paula deciding on separate vacations, she to visit her folks and he to get away from distraction and paint in solitude. (C)

9-10 — Channels 2-7 — Try not to miss the family counseling service on The Jonathan Winters Show. If you've any marital problems, Grandma Frickett is sure to have the answer. Despite this funny feature, the show's highlight is beautiful Peggy Lee singing "The More I See You." Pianist Oscar Peterson is an added starter along with Louis Nye who does a musical spot on "how it was" in an ailing dog in a Hooterville vaudeville. (C)

April Activities

Lawrence University Announces Schedule

Concerts by the Lawrence Symphony Orchestra, Concert Choir and Iowa String Quartet are among musical events scheduled for April at Lawrence University.

The month will include a French language theatre production by Le Treteau de Paris, a visiting French company; a winter sports award dinner and opening of the spring sports season; and a convocation address by author Michael Harrington.

The calendar follows:

Thursday — Senior piano recital by Max Radloff at 8 p.m. in Harper Hall. Free admission.

Friday — Appleton Music Symposium, "Implementing Contemporary Concepts to Upgrade Elementary Music Education" at 8 a.m. and 5 p.m., in the Music-Drama Center. Film classics, "Return to Reason" (Ray); "Emak Bakia" (Ray); "Chien Andalou" (Dali); and "Blood of a Poet" (Coe-teau); 7:30 p.m., Stansbury Theatre.

Saturday — Appleton music symposium continues; 9 a.m. to noon. Film classics — "Breath of Death" (Vanderbeek); "Help! My Snowman Is Burning Down" (Davidson); "Pink Swine" (Jordan); and other short films at 7 p.m., Youngchild Hall 161. Le Treteau de Paris presents "Waiting for Godot" (in French); Stansbury Theatre.

Sunday — Film classics, "Cosmic Ray" (Conner); "Dog Burning At Noon" (Machover); "Andy Warhol's Epi" (Nameth) and other short films; 7:30 p.m., Stansbury Theatre. Lawrence Symphony Orchestra, Kenneth Byler, conductor; 8 p.m., Memorial Chapel. Free admission.

Monday — Faculty recital, Kathleen Harris, soprano; 8 p.m., Harper Hall. Free admission.

Tuesday — Student recital; 3 p.m., Harper Hall. Free admission.

April 10 — Baseball with St. Norbert; 3:30 p.m., Whiting Field.

April 11 — Convocation, Michael Harrington, author; 11:10 a.m., Memorial Chapel. Free admission. Junior recital — Paul Emmons, organ; Gary Woelm, tuba, 3 p.m., Memorial Chapel. Free admission. Phi Beta Kappa lecture, Richard Yatzeck, assistant professor of Russian literature; 8 p.m., Art Center. Free admission.

April 12 — Film classics — "School for Scoundrels" (Hamer); 7:30 p.m., Stansbury Theatre.

April 13 — Tennis against Grinnell; 8 a.m., University Courts. Free admission. Golf against Cornell; 1 p.m., River-view Country club. Free admission. Tennis against Cornell; 1 p.m., University Courts. Free admission. Track with Knox; 1 p.m., Whiting Field. Free admission. Film Classics — "School for Scoundrels" and "Alexander Nevsky" (Eisenstein); 7 p.m. Stansbury Theatre.

April 14 — Film classics, "Alexander Nevsky"; 7:30 p.m., Stansbury Theatre.

April 16 — Student recital; 3 p.m., Harper Hall. Free admission. Folk Dance Festival; 7 p.m., Experimental Theatre. Free admission.

April 17 — Tennis with Ripon Freshmen; 3:30 p.m., University Courts. Free admission.

April 18 — Track with Beloit; 4 p.m., Whiting Field. Free admission. Senior Recital — Suzanne Driscoll, violin 8 p.m., Harper Hall. Free admission.

April 19 — Film classics, Silent Films Festival 7:30 p.m., Stansbury Theatre.

April 20 — Film classics, Silent Films Festival; 7:00 p.m., Stansbury Theatre.

April 21 — Film classics, "Son of the Shiek" (Valentino); Stansbury Theatre. Lawrence Concert Choir — Karle J. Erickson, conductor; 8 p.m. (auditorium to be announced). Free admission.

April 22 — Aerospace Team Demonstration; 7:30 p.m., Stansbury Theatre. Free admission. Special Events Concert — Western Michigan Brass Quintet; 8 p.m. Harper Hall. Free admission. Philosophy Club lecture — Edwin Allaire, Philoso-

phy Department, University of Beloit; 1 p.m., Whiting Field. Free admission. Film classics, p.m., Youngchild Hall. Free admission. "Gate of Paris" and "Poll de Carotte" (Duvivier France); Youngchild Hall.

April 23 — Golf with Stevens Point; 12:30 p.m., Riverview Country Club. Free admission. Baseball Doubleheader with Milton; 1 p.m. Whiting Field. Free admission. Student Recital; 3 p.m., Harper Hall. Free admission. Film classic, "Grand Illusion" (Renoir); 7:30 p.m., Youngchild Hall.

April 24 — Track with Lake-land, Michigan Tech; 3 p.m., Whiting Field. Free admission. Film Classics continue; 7:30 p.m.

April 25 — Convocation, Honors Day, Richard L. Yatzeck, assistant professor of Russian literature on "Honor As a Value"; 11:10 a.m., Memorial Chapel. Free admission. Junior recital, Dean Whiteway, organ; p.m., Sunday.

April 26 — Film classics, "Gates of Paris" (Clair Sunday. Late Evening Concert France); 7:30 p.m., Youngchild Hall 161.

April 27 — Baseball with

April 28 — Film Classics — "Poll de Carotte" 7:30 p.m., Youngchild Hall. Lawrence Symphonic Band — Fred G. Schroeder, conductor; 8 p.m., Memorial Chapel. Free admission.

April 29 — Chamber music series, Iowa String Quartet; 8 p.m., Harper Hall.

From March 31 through April 28 Worcester Art Center will show 35 paintings and etchings by John Earnest of the art department, University of Wisconsin-Milwaukee. Viewings Monday through Friday; 7 a.m. to 5 p.m. Saturday; and 2-5 p.m. Sunday.

The university's student operated FM radio station, WLFM (91.1 me) now broadcasts in stereo. The Boston Symphony Orchestra is featured in a series of stereo concerts recorded live this season, at 2:15 p.m. each Sunday. Late Evening Concert with music by telephone request is heard each evening from 10:45 p.m. until midnight.

Ocean Studies Slowed for Year By Budget Cut

\$3,000,000 Center Finish Delayed by Federal Aid Slash

BY JIM STROTHMAN
Associated Press Writer
MIAMI, Fla. (AP) — Budget cuts have set back at least one year completion of the main research facility in Miami for the Environmental Science Service Administration's Atlantic Oceanographic Laboratories.

"We expected to get the whole thing in the fiscal year 1969 budget, and expected to be occupying the building by January 1970," said Dr. Harris B. Stewart, laboratories director.

With no funds included in the President's proposed budget for fiscal 1969, starting this July 1, "obviously now, it will be at least January of 1971" before the \$3 million ocean research complex can be used, he said.

No Space
"It means things will have to continue at a curtailed level. We have no space for laboratories. We'll just have to continue along in crowded, temporary quarters. It also curtails our ability to attract leading scientists. ESSA's future activities in the ocean are held up," Stewart observed in an interview.

The financial snag comes at a time of generally rising budgets for marine science research by the federal government. Despite high costs of the Vietnam war, President Johnson's proposed budget for the total federal oceanography effort in fiscal 1969 is up 15 per cent from the current year—from \$448 million to \$516 million.

Budget Cut
The \$68 million increase includes \$41 million for the Defense Department, \$22 million for the Coast Guard and smaller budget raises for the National Science Foundation and Departments of Interior and Health, Education and Welfare. ESSA's proposed budget is down, by \$300,000.

The facility, to include laboratories and office space on a 12-acre site at Virginia Key with a port for research ships at near-by Dodge Island, is expected to employ about 300 persons with an annual payroll of \$3.5 million, including personnel working on the ships. About 40 researchers now work in the Atlantic Oceanographic Laboratories temporary quarters in Miami.

Miami Selected
The Commerce Department selected Miami over 114 other bidders last April and announced the new facility will centralize three Commerce Department research groups—the Marine Geology and Geophysics Laboratory, the Physical Oceanographic Laboratory and Sea-Air Interaction Laboratory which is interested in the ocean's influence on weather.

Laboratories Planned
The Virginia Key building is expected to include laboratories to analyze water and sediment samples, an instrumented roof for sea-air studies, library to store research data, conference rooms, an auditorium for public ocean-oriented meetings and space for resident and visiting scientists.

Research by marine geologists answer questions applicable to exploiting the sea, such as "if you put something on the bottom, will it sink in?" and "Where is oil-bearing rock located?" said John H. Kofoed, an assistant to Stewart.

Lady Bird Admits Part in Decision

WASHINGTON (AP) — Mrs. Lyndon B. Johnson says of her husband's decision not to seek re-election, "We have lived with it and thought about it for a goodly long time."

Asked Monday whether she had played a major role in the decision she said, "No. I would not say I played a major role. I was a part of it, but not a major part."

The First Lady appeared relaxed as she attended a State Department ceremony Monday and newsmen got their first chance to question her about the President's startling Sunday night announcement

GRIN AND BEAR IT

"I AM thinking of the thrill of being a wife and mother these days, Otis! ... That's why my answer is 'NO!' ..."

New York to Try Angle Parking for Motorcycles

NEW YORK (AP) — Motorcyclists, who long have fought for additional parking space, have won a victory in a city announcement of a test of angle parking for motorcycles. Present regulations require parking motorcycles parallel to the curb. With angle parking, it is estimated, three bikes can occupy approximately the same curbside space now taken up by one. Mayor John V. Lindsay's office announced recently that a 30-day test of angle parking for motorcycles will start in two Manhattan areas on April 1.

Thread on Jacket Sure Test of Woman's Love

By HAL BOYLE
NEW YORK (AP) — Jumping to conclusions;

If many more millionaires drop out of the presidential sweepstakes, the nation may select a poor man to the White House. A number of presidents were born in log cabins. Maybe in this age of wheels we may get one who was born in a trailer.

College professors are more likely to be conversational botes than are bank bandits, truck drivers or politicians. They tend to treat the world as if it were their classroom, filled with a captive audience. They can't simply discuss a thing Habit

Husband Becoming Experienced Midwife

LAWRENCE, Mass. (AP) — For the second time in 13 months, Alfred Dube, a shipping room worker, has delivered his wife's baby.

Dube's wife, Haline, 30, woke up recently and told her husband their baby, two weeks overdue, was on the way. Alfred Jr., 9 pounds, 3 ounces, arrived 10 minutes later.

The mother and child were reported in excellent condition at home. Helena, the couple's second child, was delivered in a similar fashion 13 months ago. Mrs. Dube has five children by a previous marriage.

compels them to deliver a lecture.

Manhattan cab drivers are like top business executives—they don't get ulcers, they give them.

Here's how to tell if a girl really loves you. Take a white thread and put it in plain view on the lower part of the arm of your coat. If your girl doesn't notice it at once and pluck it off, she's got her mind on herself, not you.

One of the worst things about being a former Boy Scout is that you can't sit—without feeling guilty—in a crowded bus where ladies are standing, even though they be half your age and twice as rugged. All men over 40 or 50 should be legally freed from the obligations of chivalry which ruled them when their knight-hood was in flower.

It is always fascinating to watch a small child pick his nose in public. He is unconsciously exercising a pleasurable animal freedom which custom now denies to such dignitaries as kings, diplomats and symphony orchestra conductors.

You can never tell how international crises will affect the common man. A friend of ours said he had a nightmare recently in which a man with a pair of dental pliers was chasing him around Times Square and trying to get the gold fillings out of his back teeth. He said his dream

pursuer had the features of Gen. Charles de Gaulle.

Nothing makes a fellow feel more downright inferior than to find his name misspelled in the phone book.

If people worried as much about keeping their reputations as spotless as they do the fenders of their new cars, this would indeed be the best of all possible worlds.

Politics knows no such backbiting as exists among amateur gardeners. Each suburbanite sneers at the way every neighbor stakes out the tomato plants in his backyard Eden.

Looking for someone to feel sorry for? How about hatcheck girls? They'll have a tough time living on their lean tips in the hot weather months ahead.

To one with an eye for real beauty, there are few sights more pleasing than to see a fat man and woman dancing an old-fashioned waltz well. They have the ponderous grace of two battleships in a swelling sea.

Draw a Flag
We've had 50 states in the Union for several years now, but you can still win money from more than half the people you know by betting they can't draw the present U.S. flag from memory.

The cheapest way to buy friendship is to give a two-bit cigar to a guy who usually smokes the two-for-a-quarter

kind. He'll remember you warmly for months.

We still have with us baseball pitchers who throw spitballs, but what ever happened to the girls who used to wear spit curls?

The man at the top of the success ladder usually knows fewer restaurant headwaiters by name than the guy trying to climb up. He doesn't need to—it is up to the headwaiters to recognize him.

This spring may mark the final heyday of miniskirts, men—so enjoy, enjoy! Those who knocked them most while they were here will secretly miss them the most when they are gone.

Insecticide Danger to Bee Population Cited

Madison — Is there a danger to the bee population of the state in connection with insecticides used in the control of sweet corn insects?

A committee has been set up to study the matter, at the suggestion of the department of entomology at the University of Wisconsin.

Corn canners, officials of the state department of agriculture and representatives of the Wisconsin Beekeepers Association will consider procedures to deal with the problem.

Motorists Pay \$234 in Fines to Calumet Court

CHILTON — Three drivers paid \$234 in fines for traffic violations Monday, in Calumet County Court before Judge D. H. Sebor. A fourth paid court costs and had his license revoked for 40 days.

John S. Judd, 22, New Holstein, was ordered to pay \$1 a mile fine or \$104 for speeding 104 miles per hour in a 55 m.p.h. zone. Judd also had his driving privileges suspended for 20 days. He was arrested in the Town of Woodville on March 15. David R. Bates, 22, 17 School St., Chilton, lost his driving privileges for 20 days and was fined \$80 for speeding 80 m.p.h. in a 55 m.p.h. zone. Bates was arrested March 23, in the Town of Chilton.

A \$50 fine was levied against Samuel J. Beach, 19, route 1, Menasha, for driving too fast for conditions with an accident. The Beach was arrested March 16 in the Town of Harrison.

Richard J. Liebhauser, 17, 216 W. Fourth St., Menasha, paid \$7 court costs and had his driver's license revoked for 40 days. Liebhauser was charged with speeding 79 m.p.h. in a 65 m.p.h. zone, in the Town of Brillion on March 17.

Yale President's Son Arraigned on Narcotics Charge

EDGARTOWN, Mass. (AP) — Kingman Brewster III, 20, son of the president of Yale University, pleaded innocent Monday in District Court to a charge of being present where narcotics were kept.

Brewster was arrested Saturday shortly after arriving on Martha's Vineyard island.

At an arraignment before Judge James A. Boyle, his case was continued until April 10 and, he was released in personal recognizance.

Brewster was one of 21 persons arrested after drug raids Friday night by state, county and town police. Brewster appeared in court wearing his hair long, with long sideburns. He wore a brown turtleneck sweater, striped pants and boots.

A SHANK HALF OF HAM IS NOT A BARGAIN AT ANY PRICE!

A POOR VALUE

A SHANK HALF OF HAM looks good when you see it in the meat counter. BUT these "good looks" ARE DECEIVING, since most of the CENTER SLICES HAVE BEEN REMOVED!

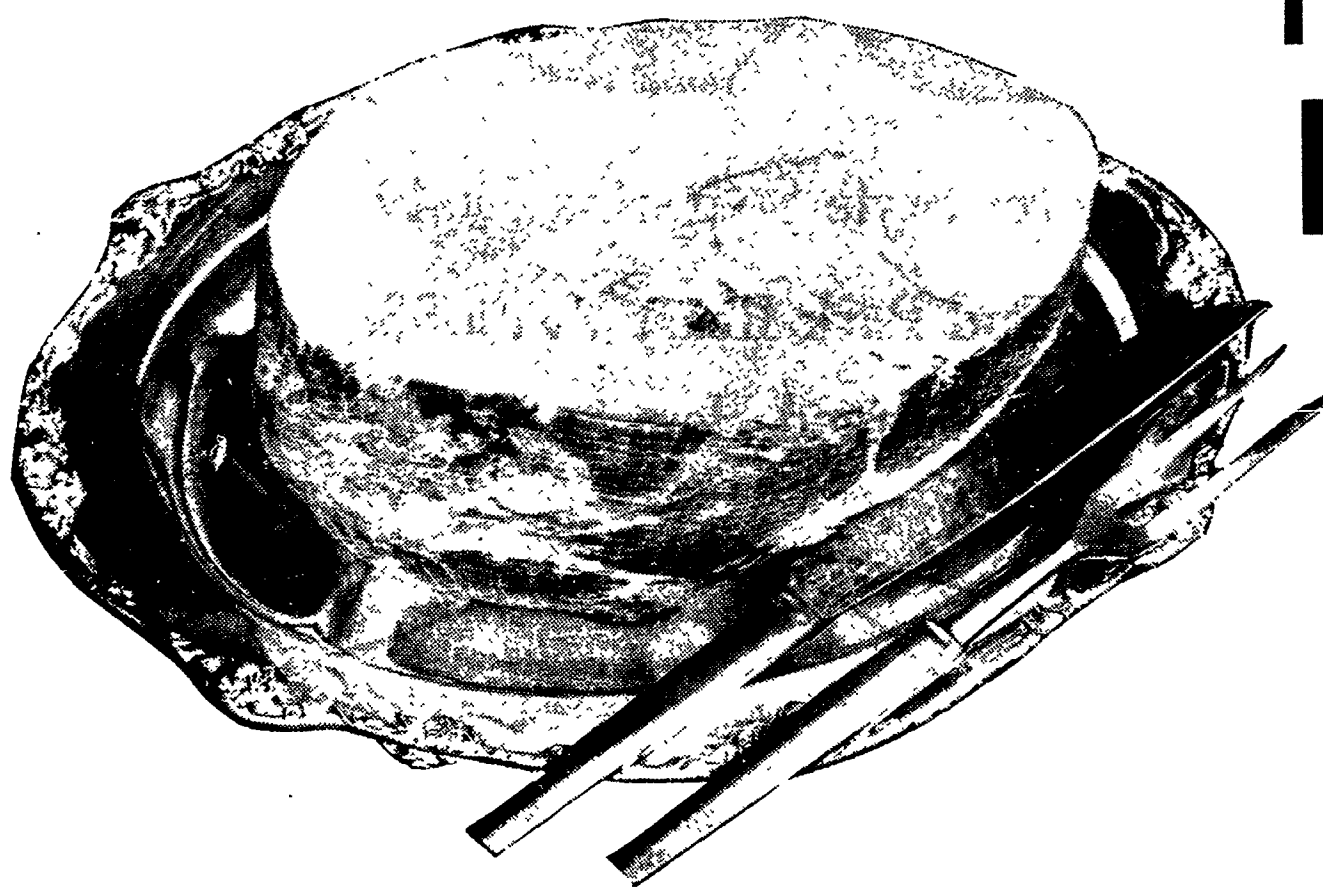

HERE'S WHY!

EDIBLE PORTION
OF A SHANK HALF OF HAM

OVER ONE-THIRD of a SHANK HALF of Ham is SKIN . . . FAT . . . and BONE which is inedible . . . Yet you pay hard-earned cash for it! This makes it a very poor buy for your money!

THIS IS A BARGAIN!

Copps, Hickory Smoked; Fully Cooked, Delicious

Your Money's Worth Remedies Needed for Sagging Farm Income

BY SYLVIA PORTER

At a recent town meeting of a small New England village, residents voted to exempt the village's four dairy farmers from any personal property tax on their livestock, although other types of stock in trade are taxable in this village. The

Porter

reason the farmers got the break, it was explained, was that while the cost of feed grains, farm machinery, fertilizer and farm labor are now rising steeply, the farmer is just about alone among businessmen in not being able to raise the prices of the products he sells.

"The exemption will save me \$80 a year," commented one young farmer, "hardly enough to make the cost squeeze less painful."

You can multiply this cost-squeeze complaint by the more than one million small farmers throughout the U.S., who are today threatened with economic extinction, although you probably won't find many examples of special concessions by townsfolk to help their pinched neighbors.

Although, we, as consumers, are paying 20 per cent more for the food we buy than we paid two decades ago, the farmers who produce the food are getting 6 per cent LESS for their efforts. Meanwhile, the costs of supplies and equipment the farmers must buy have leaped 30 per cent.

Today, the farmer gets only five and one-half cents out of your after-tax dollar for his products, one-half of the share he got as recently as 1947.

Last year alone, the U.S.

farmer was hit by a \$1.5 billion farm price drop. Today, per capita disposable income for U.S. farmers averages only \$1,692, about 60 per cent of the income for other Americans.

As a result, the flight from small farms, usually to big, congested cities, has been relentless. Since 1935, the number of U.S. farms has dropped from 6.8 million to under 3.1 million, the lowest number since 1875. In 1967, 600,000 Americans left their farms.

These are the brutal facts behind the new round of threats by the National Farmers Organization to withhold key food products from the market in order to force up prices they receive.

These also are the facts behind a new proposal to establish a National Agricultural Relations Board at the federal level to serve U.S. farmers in the same way the National Labor Relations Board serves other U.S. workers, or to give farmers a new way to unionize on a national scale.

And these are the facts behind the President's call to Congress for more food price supports, collective bargaining for farmers and the creation of a "National Food Bank" for surpluses which would help support prices to farmers.

The revolution on the farm is speeding up. The end is not foreseeable.

Here are examples of the amounts farmers get for each food dollar you spend:

Item	Farmer's Share of \$1 Spent (in cents)
Corn flakes	7
Sandwich cookies	9
Whole wheat bread	11
Canned corn	12
White bread	15
Frozen peas	15
Fresh spinach	24
Potatoes	25
Sugar	38
Fresh milk	50
Eggs, Grade A large	57
Beef, choice	58

Let's EXPLORE YOUR MIND

By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.

False. Three major studies of the fathers of successful business men from 1785 to the present show that the number of successful men who have come from lowly origins has always been small. There have been, of course, conspicuous exceptions, such as Astor, Rockefeller, Woolworth and Henry Ford. But the great majority of businessmen have been sons of businessmen, and this has always been true throughout our history.

Committee Halts Gratis Weed Cutting Project

The city council's finance committee broke with precedent Monday night in connection with a weed-cutting bill.

For years the committee has been waiving the \$15 charge for cutting services at 1019 S. Mason St.

But Monday night a representative of the park department, who is in charge of the weed-cutting crew, told the committee he didn't think it was fair to drop the \$15 charge each year.

"We send out about \$7,000 in weed-cutting bills a year," he said. "It isn't fair to the others that pay and we get criticized for it."

Ald. Alvin E. Tews (5th), committee chairman, said he knew for years the committee had always waived the fee for the property but couldn't remember why.

The committee voted to disallow the request of Mrs. Clara Van Gorp not to pay the charge.

Sports Car Damaged

BEAR CREEK — The engine of a sports car owned by Donald Bugni, Bear Creek, was damaged extensively when the car backfired through the carburetor Saturday and set fire to the wiring.

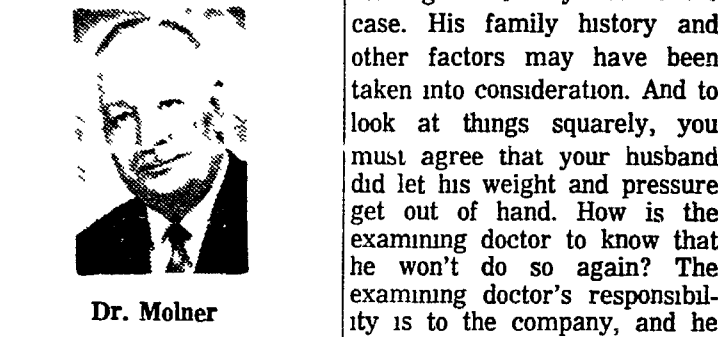

Volunteer firemen were called about 2:30 p.m. when Bugni tried to start the car after returning from hunting. The car was parked on Wege Road.

To Your Good Health Flunk Examination? Take Care of Yourself!

BY JOSEPH MOLNER, M.D.

Dear Dr. Molner: After flunking an insurance exam because of "high blood pressure," my husband, 36, had a complete physical by our own doctor, and was told to lose 10 pounds and restrict the use of salt.

He lost 30 pounds in two years and his pressure became normal, but he has just flunked

Dr. Molner

another insurance medical. Shouldn't he be getting medication in addition to dieting?

Since he is so young to be starting with high blood pressure, does this mean serious trouble sooner rather than later in life?

He has a relatively placid disposition but goes a hectic pace at work. There's a long history of heart trouble in his family. What would you say as to long range prognosis? — Mrs. N. V.

Not to be a Pollyanna about things, I still can't resist saying what often is the truth: Sometimes flunking an insurance examination makes a man start taking care of his health!

Your husband has lost weight, begun watching his salt intake, and evidently brought his blood pressure down to a safer level — all of which he ought to have done anyway, of course, but he didn't until he got the bad news about his examination.

Actual health and an examiner's report are not always synonymous however much we all — including the insurance companies — wish it could be so. For one thing, blood pressure may be elevated because of anxiety at the time of an examination, yet decline to a lower level when one's own doctor is taking the reading.

You take it for granted that he flunked his second exam (and the first) solely on the basis of his blood pressure reading. That may not be the case. His family history and other factors may have been taken into consideration. And to look at things squarely, you must agree that your husband did let his weight and pressure get out of hand. How is the examining doctor to know that he won't do so again? The examining doctor's responsibility is to the company, and he has to report what he finds.

Your husband's own doctor's responsibility is to your husband — to help him keep weight and other elements under control. It may well be that your husband, right now, does not need medication for his blood pressure. But it is important for him to stay that way.

Prognosis? I couldn't say, except that so long as your husband minds his doctor and watches his weight the prognosis is certainly better than it otherwise would be. Leaving aside his losing out on the insurance, your husband's health, happiness and life expectancy may all be much improved simply because he flunked and began taking better care of himself.

Never take a chance on diabetes! For better understanding of this disease, write to Dr. Molner in care of The Post-Crescent for a copy of the booklet, "Diabetes — The Sneaky Disease." Please enclose a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

(Copyright, 1968)

How do kids react to a Peter Panwich?

Three days and three nights just asittin' and arockin' guarding my Peter Panwich. Why don't those young whippersnappers go and make their own. Durned Pan-nibals!

If the gang knew I had 238 Peter Panwiches in here there'd be Peter Panic in the streets.

My duck quacks for Peter Panwiches because this peanut butter is so smooth . . . it doesn't stick to the roof of his bill.

We think you'll quack for Peter Panwiches, too. Even though you might not give a hoot for peanuts. Peter Pan is the easy-eatin' peanut butter with the grown-up taste.

Just peanuts, it's not.

If you like peanuts, buy peanuts. If you like peanut butter, buy Peter Pan.

Lawrence University Swimming Captain Pete House (seated left) displays the Midwest Conference championship trophy won by the 1967-8 Vikings. Basketball coach Clyde Rusk is seated at the right. Standing, from left, are swim coach Gene Davis, cager Mike

3 Teams Feted

Viking Swim Season Represented 'Coach's Dream,' Says Davis

BY JOHN L. PAUSTIAN
Post-Crescent Sports Editor

The fulfillment of a coach's dream highlighted the 1967-8 Lawrence University winter sports season.

Gene Davis, Viking swim team mentor, proudly assured the Lawrence winter sports awards banquet audience Thursday night that the recently-completed Vike aquatic season was indeed a "coach's dream."

He pointed out that the Vike swimmers went unbeaten in 10 meets, then won the Midwest Conference title. Lawrence wins were recorded in five of the MC events.

Davis attributed the team's success to the swimmers' "dedication." He said that the squad members had double practices most of the season and gave it that "little extra" that makes champions.

Athletic Director Bernie Heselson, who has been at Lawrence 30 years, said "This is the greatest swimming team we've ever had here." He and Davis pointed out that Pete House is the first All-American swimmer the school has had.

Receives Ovation

Team captain House, who broke 103 different records during his Vike career, received a standing ovation.

Toc Mitchell was introduced as the captain-elect of the swim team.

Dave Toyen was named by wrestling coach Ron Roberts as the 1968-69 mat captain.

Brian Bock has been named most valuable player on the basketball team, cage coach Clyde Rusk reported. Karl Hickerson won the free throw trophy — with a record of 38 out of 45.

Varsity and freshmen athletes were introduced by their coaches. Tom McKenzie gave the Viking Bench, banquet sponsor. Jim Warrick, of the Appleton Family YMCA, was the toastmaster.

Coach Bob Mueller announced that Jim Dyer was picked as freshman basketball captain.

Rusk reported that Brad Childs won the team's rebounding trophy — with 222 — and that Vance Gudmundsen was named "most improved." Rusk

Andrews, wrestler Jerry Nightingale and wrestling coach Ron Roberts. The Viking winter sports teams were honored at a Tuesday night banquet. (Post-Crescent Photo)

John Weinert (left), Ripon College basketball coach, was guest speaker Tuesday when the Appleton Rotary Club honored the two Appleton public high school cage teams. Shown with him, from left, are Russ Berg-

Ships Heavy Favorites to Retain Indoor Track Title

Gets Revenge in Hurry, KO's Foe in 17 Seconds

BUFFALO, N.Y. (AP) — Dixon was on the canvas for five minutes but was fully re-ton scored one of the quickest knockouts in modern boxing his-dressing room. "I still don't know what happened," he said. Herman "scatterhawk" Dixon of Miami in 17 seconds.

Ralston, of Buffalo, was a knockout victim of Dixon in two rounds in Miami two years ago. Dixon opened the first round Wales, Sept. 2, 1957 when Teddy Barker of England stopped Bob Roberts of Nigeria in exactly 10 seconds. In a bare knuckle fight hook over Dixon's arm and at Leavenworth, Kan., on Jan. 4, 1968, Tom Dow beat Ned Kien's jaw for the knockout.

2 Appleton Schools Set for Thursday's Meet; Matzdorf Eyes Record for the High Jump

BY RON WITT
Post-Crescent Staff Writer

Team competition for the Fox River Valley Conference indoor track meet title at Manitowoc Thursday night isn't likely to generate much excitement. The host Ships, it must be conceded, possess such an array of talent that they must be labeled heavy favorites to continue domination of the affair.

But that outlook aside, track enthusiasts in the Fox Valley area may still flock to the John F. Kennedy Field House in order to view some of the best athletes in the state compete in individual events. The opening field events and race trials begin at 5 p.m., with semi-finals slated for 7:15 p.m.

Much of the attention is sure to be focused on Sheboygan North's sensational high jumper, Pat Matzdorf. The lanky senior, who set the conference indoor mark last year of 6 feet, 3 3/4 inches, leaped 6-8 in a dual meet against Manitowoc Monday evening. The jump is an inch over the state outdoor record of 6-7.

Another boy to watch will be Manty's ace sprinter, Tom Gass, who holds the state Class A outdoor 100-yard dash crown, will be shooting for the FRVD 60-yard dash mark. He has turned in a 6-4-second clocking in the 60, one-tenth of a second off the league standard set by Fond du Lac's John Zoelle in 1964.

Gass will be an integral member of the Ships' crack 4-lap relay team, which owns the league record of 1:15.8 set last year. He will be joined by the same three teammates who helped establish the record — Jim Nickels, George Wood and Al Novak. Manty's top 10-lap relay team also has two returning members in Fran Wergin and Nickels.

Other defending champions returning include John Oaks, Oshkosh, in the pole vault, and Jerry Jorgenson Manitowoc, in the 880-yard run.

Appleton East will be fielding its first team, and coach Paul Freund inherits two boys who fared well in last year's meet. One is pole vaulter Cliff Tierney, who finished third after clearing 12 feet, and miler Scott Schultz, who placed second, with a 4:40 clocking behind Green Bay Southwest's brilliant Greg Aubinger. Steve Kagen, a fourth-place finisher in the 60-yard dash will run in a relay event.

Best possibilities for points on a young Appleton West squad appear to be Steve Lamers in the long and high jump events and Joe Boelter in the 60-yard dash. First-year coach Pat O'Reilly has only three lettermen on the squad.

Appleton has the next to the most wins in the FRVC indoor with two. Manitowoc leads with three and Sheboygan North has one to its credit.

Manty ran away and hid from the field of 10 teams a year ago, compiling 50 points. North was second with 28 1/2, and Appleton wound up fifth with 15, behind Oshkosh and Green Bay Southwest.

Educate Your Heart, Ripon Coach Advises

Weinert Speaks At Dinner for East, West Cagers

The athlete who can "educate his heart" is the one who becomes a champion, declared John Weinert, Ripon College basketball coach, here Tuesday.

Speaking at the Appleton Rotary Club's banquet for the Appleton East and West basketball teams in the Conway Hotel, Weinert said that education of the heart produces such attributes as desire and pride that Turn to Page 2, Col. 6

daylight He suffered blurred vision when he was hit near the left eye by a pitch last August, and missed the rest of the 1967 season and the World Series. He had 20 homers, 67 runs batted in and a .287 batting average at the time.

This spring, he is hitting only .167 and has struck out frequently.

Wilson, Milt Pappas and Jerry Stephenson sparked.

Fryman, acquired by Philadelphia from Pittsburgh in the Jim Bunning trade last winter, turned in a three-hitter for seven innings and struck out 11 as the Phillies blanked Minnesota 1-0 on Tony Taylor's sixth-inning homer.

McCormick, who won 22 games, the Cy Young Award and the comeback award in the National League in 1967, stopped Cleveland without a run for six innings in San Francisco's 6-1 triumph over the Indians.

Carty Receives Stack of Mail

TB-Stricken Brave Relaxes in Hospital, Signs Autographs

WEST PALM BEACH, Fla. (AP) — Atlanta baseball slugger Rico Carty says he has been deluged with mail, most of it from Atlanta, since his confinement a week ago with tuberculosis.

"Most of it was from the fans in Atlanta," the Braves' outfielder said in a telephone interview from the Southeast Florida Tuberculosis Hospital at nearby Lantana. "They said they're going to miss me."

"Some of them said they watch me play from the left field stands and that they're not going to another game until I come back," he said.

"I'm walking along like normal and playing a lot of cards and pool," he said, adding he is doing fine and has been signing autographs for other hospital patients.

Detroit Wins

Wilson, another 22-game winner last season, gave up six hits and one run in seven innings, pitching Detroit over the Chicago White Sox 5-1.

Cincinnati got a one-hitter for five innings from Pappas and the Reds went on to a 4-2 decision over Houston.

Ron Hansen hammered a two-out ninth inning homer to break a tie and hand Washington a 5-4 victory over Boston, despite Stephenson's efforts.

Stephenson stopped the Senators on two hits and one unearned run for seven innings before Washington scored four runs in the last two innings against relievers.

Jim Hardin, John O'Donoghue and Pete Richert stopped the New York Yankees on five hits in Baltimore's 2-1 12-inning triumph over Elrod Hendricks' sacrifice fly.

Bobby Tolan stole home with the winning run off Don Shaw in the eighth inning to give St. Louis a 3-2 victory over the New York Mets.

Don Drysdale was touched for four runs in seven innings, but Los Angeles bombed Ken Holtzman and Rich Nye for a 5-4 demoralizing and playing a lot of cards and pool," he said, adding he is doing fine and has been signing autographs for other hospital patients.

Several First-Round Choices Told Early

76ers Pick Shaler Halimon

NEW YORK (AP) — Shaler Halimon, 6-foot-5 star of Utah State, has been drafted by the Philadelphia 76ers, champions of the National Basketball Association.

This was disclosed today by a spokesman for the 76ers in advance of the formal announcement from NBA headquarters in New York.

A spokesman for the NBA said the official first-round draft choices by all teams would be announced late today.

Franklin Mieuli, owner of the San Francisco Warriors, said he would draft Ron Williams, 6-3 West Virginia star "if he's available."

Drafted and Signed

Bob Kauffman, 6-8 Little All-American from Guilford, N.C. College, has been drafted and signed by the Seattle SuperSonics, the Seattle Times said.

Don Richman, Seattle general manager, would neither confirm nor deny the report, but called a press conference for today.

With the exception of the San Diego Rockets, who signed

Houston's All-American Elvin Hayes last week for an estimated \$400,000, none of the other NBA clubs made known their first-round draft picks. The selections were made in a telephonic draft by Walter Kennedy, commissioner of the league.

There were unconfirmed reports that the Baltimore Bullets had chosen All-American Westley Unseld of Louisville and that the Boston Celtics had picked Don Chaney of Houston. The New York Knicks were understood to like Jo Jo White of Kansas.

Leading Stars

Some of the leading collegiate stars likely to be drafted include All-American Larry Miller of North Carolina, Don May of Dayton, the Most Valuable Player in the recent National Invitation Tournament, Bill Hosket of Ohio State, Mike Lewis of Duke, Sam Williams of Iowa, and Tom Boerwinkle of Tennessee.

Among the small college players eligible are John Ray Goldfrey of Abilene Christian, Henry

Logan of Western Carolina, Jerry McGreal of Illinois State, Larry Newbold of Long Island, Dallas Thornton of Kentucky Wesleyan and Otto Moore of Pan-American.

Meantime, it was announced the final divisional playoffs will start Friday night. In the Eastern Division it will be Boston at Philadelphia. In the West, it will be San Francisco at Los Angeles.

Pin Tournament Has Three New Leaders

Three new leaders emerged in the latest Central Fox Valley Women's Bowling Association tournament action.

New London's Evelyn Myers took over the Class A singles leadership with a 636 scratch series. She socked games of 243, 201 and 192 at R and R Lanes, Black Creek, en route to the national honor series. The former leader, Freedom's Del Evers (604, including a handicap of eight pins per game) drops to second place.

Menasha's Shirley Paless has taken over first place in all-events, with a 1,680 (including handicap). Former leader Sandra Lornson, of Neenah (1,663) now ranks second.

In Class C doubles, Appleton's Bobbe Ulman and Adelle Melzer have captured the lead with a 1,059 total (including 63 pins per game handicap). The erstwhile leaders, Menasha's Ruth Hansen and Jean Smith, dropped to second with their 1,017 count.

In the class B singles, Neenah's Doris LaSalle has tied Kimberly's Ade Evers for fifth place with a 568 count.

Two other changes were recorded in the all-events. Carol Sommers, of Black Creek has moved into third place with a total of 1,646 (including a handicap of 18).

Appleton's Ruth Schmidt smashed a 619 national honor count in team competition at Jerry's Lanes, Kimberly, en route to taking over fourth place in the all-events. She has a total of 1,641, which includes only two pins per game handicap. Her games in the big series were 190, 203 and 226.

Two newcomers crashed the top five in the Class A team events. New London's Klatt Plumbing took over third, with 2,580 (including 90 handicap) and New London's Bucky's Drive-In tied the Embers, of Appleton, for fourth, with 2,567.

Belinsky Gets His Wish—Astros Sell Him to Hawaii

HONOLULU (AP) — The Hawaii Islanders of the Pacific Coast League have purchased the contract of pitcher Bo Belinsky from the Houston Astros.

The announcement was made in Sarasota, Fla., by Jack Quinn, general manager of the Islanders, who said Belinsky will report to the Islander training camp there on Thursday.

The colorful Belinsky, who jumped the Houston training camp because of curfew problems involved with his dating Miss Jo Collins, pitched for Hawaii in 1963 and helped to draw a record gate.

Coho Salmon Fishermen went to some pretty desperate lengths to get at the popular fish as the season opened on the Michigan side of the lake. An ice pack off South Haven Harbor, Mich. didn't interfere with these anglers. The catch on opening day, Tuesday, was termed "no bonanza" by the Michigan Conservation Department. (AP Wirephoto)

St. Paul Team Ties for 4th Apprentice Barber Crashes 701 in ABC Tournament

CINCINNATI (AP) — Schmidt's Beer of St. Paul, became the first quintet to crack leading regular team standings in the last nine days in the American Bowling Congress Tourney.

The five men fired a 2,980, Tuesday including a big 1,078 middle game, to vault into a fourth-place tie with Associated

Graphics of Detroit.

Schmidt's, led by Lowell Hansen's 667, also fired games of 963 and 939 for the total that fell 63 pins short of the leading 3,043 series fired by Washtenaw Lanes of Ann Arbor, Mich.

Larry Everhart, an apprentice barber from Lexington, N.C., rolled a hefty 701 to deadlock for third place in regular singles.

The slender 20-year-old piled up 23 strikes, including seven consecutive in his last game—269—to tie for third with Ed Hughes of Elmira, N.Y. He also rolled games of 226 and 206 in the division, led by Wayne Komwalski of Revere, Mass., with 738.

Don Plass Topples 655 Series in Couples Action

Don Plass powered a 655 honor score in the league.

Larry Heegeman took the spotlight in the Rainbow Couples circuit, jolting a 249 game. High series honors went to "Wimpy" Wydevon, who spilled 559, and Owen Hughes added 552. Betty Eggenberger's 522 led the ladies' high marks.

The Boozers Couples loop at Sabre Lanes saw "Tex" Techlin lead the way with a 244 line and a 617 total. Roger Hansen had a 579 count for the only other

Ed Gerhartz Rolls 684; Jim Schultz Cracks 668 Count

Frank Kroiss, Jr., Slams 647 Series in Kimberly Pin Loop

Ed Gerhartz bombed games of 245 and 236 for a 684 series to sweep individual honors in the Continental League at Jerry's Lanes, Kimberly, Tuesday night.

Frank Kroiss Jr., slammed a 647 series in the Continental circuit but had to settle for runnerup honors while Jerry Thiel had a 231 game and 624 series and Harold Nelson smacked a 602 count. Vern Nabfeld had a 237 game and Jim Vander Weilen hit 226.

Jim Schultz set the pace in the Metropolitan Men's League at Sabre Lanes last night firing games of 231 and 247 for a 668 series. Bob Van Dinter was next in line with a 585 and other top scores included Kermy Muenster 226-577 and Jim Burich 562.

Coursen Hits 628

In the Universal League at the 41 Bowl, Brad Coursen had a 238 game and 628 series. Paul Mahlberg had a 232 singleton.

Denny Laux rolled a 235 game and Ben Lewandowski cracked a 621 series to share honors in the Tri-City Men's League at Sabre Lanes Tuesday night.

The 41 Bowl team won the Tri-City loop championship by the narrow margin of one-half point over Banta Publishing. The 41 Bowl team won all four points while Banta won three of four on the last night of competition. Members of the championship squad include Jack Stingle, Bob Grimmer, Ed Schultz, Mel Ludwig and Don Klemp. The loop awards banquet is slated for 6:30 p.m. April 16 at the Darboy Club.

In recent action in the Fox Valley League at the Little Chute Recreation Lanes, Pete Schmidt cracked a 257 game and Don Erdman had a booming 674 series which included games of 230 and 227. Schmidt finished with a 636 series.

Bob Breier's 605 series topped the American League at Jerry's Lanes, Kimberly, last night. Bud Vandehey was next with a 600 count.

A 583 series by Ray Zimmerman topped the Alis Chalmers League at Sabre Lanes Tuesday night. Dick Schinke had a 558 and Chuck Deeg rolled a 557 count.

Greenville League

In the Greenville Men's League at the Hortonville Lanes, Norm Mompier set the pace with a 569 total while Chuck Schroeder rolled a 552 series.

A 565 series by Frank Sanders Sr. paced the Appleton Coated Paper Company League at Hahn's Lanes. J. Kolka had a 552 set.

Universal, 41 Bowl

John Church 585; Bob Duszak 597; Dave Blahnik 558; Larry Gaukerke 560; Paul Mahlberg 580.

Tri-City, Sabre

Denny Laux 581; Jack Stingle 598; Earl Berndt 234-597; Elmer Ely 582; Ed Schultz 580; Mel Ludwig 577; Norm Jahnke 572;

Don Farrell 589; Heinz Dankwardt 576; Dick Gerrits 563; Stan Prue 563; Leo King 559; Roy Nagan 559; John Jansen 556; Marty Van Gompel 555; Jerry Lammers 554; Don Brandenburg 552; John VandenBurgt 550.

American, Kimberly

Elmer Kobs 585; Fritz Kirk 580; Joe Driessen 575; Jake Van Daalwyck 566; Wayne Kilsdonk 558; Dave Williamson 557; Cliff Sanderfoot 553.

Warriors Oust St. Louis From NBA Playoffs

Outside Shooting, Tough Rebounding Bring 111-106 Win

SAN FRANCISCO (AP) — Underdog San Francisco has become the fourth member of the National Basketball Association playoff cast with a 111-106 victory over the St. Louis Hawks.

"It's the greatest upset in NBA history," said a happy Bill Sharman Tuesday night after his Warriors disposed of the Hawks, four games to two, with fine outside shooting in every game of the Western Division semifinals.

"We truly didn't expect to be here," said Clyde Lee, who tipped in the Warriors' final basket after the Hawks had pulled to within 109-106.

The Warriors, plagued by injuries—the biggest to star Nate Thurmond—ended in third place in the regular season behind the Hawks and second-place Los Angeles.

Los Angeles, winner over Chicago in their semifinal series, entertains the Warriors Friday night in the first game of the Western Division final playoffs. The teams were 4-4 against each other during the season.

Boston and Philadelphia open their fight for the Eastern Division crown Friday night in Philadelphia.

La Russo Hits 30

Rudy LaRusso led the Warriors with 30 points, but it was Bobby Warlick who put the game away. He scored seven of his 20 points in the final four minutes. Jeff Mullins also collected 20.

San Francisco led 57-47 at halftime and stretched it to 73-57 early in the third quarter. Len Wilkens hit a field goal that brought the Hawks to 98-96 in the fourth period, but that was the closest they came.

"It was the biggest disappointment of my life," said Hawk Coach Richie Guerin, "after we played so well during the regular season."

He credited the Warriors' outside shooting as being the biggest factor, but Sharman said it was rebounding.

The Warriors were outbounded 58-47 but in the two losses to the Hawks, were outbounded by more than 20.

Lou Hudson led the Hawks with 35, followed by Wilkens with 29.

Nancy Kolosso Places Second In Diving Test

The Appleton Family YMCA's Nancy Kolosso placed second in the girls novice division (12 and under) in the recent AAU diving meet at Menomonee Falls.

Peter Pierre placed sixth in the boys 13-14 division, while Leslie Swaby and Betsy Bates were sixth and seventh, respectively, in the girls open class.

Appleton Babe Ruth League Sign-Up Starts Saturday

Registration for Appleton Babe Ruth League candidates has been slated for this Saturday and Saturday, April 13, according to loop president Bob Mueller.

The BRL is limited to those boys who will have reached their 13th birthday by Aug. 1, 1968, and those who have not become 16 by the same date. Registrants must be accompanied by one of their parents at the time of signing up. All players must register, even if they played last year.

Because the league will be split into Northern and Southern Divisions, there will be two registering stations. The boundary line starts on the west side at Linwood Street following along Winnebago to Richmond and then goes down Atlantic and across town to the Fox River.

Boys in the Northern Division will register at the Northern State Bank between 1 and 3 p.m. on either of the sign-up dates. The Southern Division youngsters will sign up at Fire Station No. 3 (corner of Badger and College) at the same times.

Mueller is looking for a few managers to help in this year's program. Anyone interested in filling a position should contact Mueller at Lawrence University.

Brad's Midway took over first place in the National Division of the Appleton 8-Ball Pool League by scoring a 5-4 victory over the Rondevous Tuesday night.

Dale and Joy's, which held the lead going into Tuesday's competition, ran into a hot Freida's team and lost by a 8-1 score. In other action, Elmer's blanked Rietz Supper Club, 9-0 and the South Side Athletic Club topped The Ultimate, 6-3.

Brad's now holds 68-49 record while Dale and Joy's tied for second at 66-51 with The Ultimate. Freida's is next in line with a 63-54. SSAC has 60-57. Elmer's has 58-59 while the Rondevous has 49-68 and Rietz is last with 40-77.

There is one week of league play remaining.

Picks Cincinnati for Runnerup Spot

AP's Hand Predicts Pennant for Cards

By JACK HAND
NEW YORK (AP) — St. Louis has the pitching, power and balance to win the National League pennant again but it won't be any 104-game romp this time.

If there is any complacency in the camp of the defending world champions it didn't show in Florida where Orlando Cepeda and Lou Brock were bombing the fences. Manager Red Schoendienst's toughest problem was cutting his pitching staff.

Cincinnati looks tough if it can escape the injuries that ruined their last season. San Francisco should be close to the big money on an expected super year by Juan Marichal. Pittsburgh, the team that had everything but finished sixth, has added a pitching ace in Jim Bunning.

Leo Durocher's Chicago Cubs rate as contenders after making believers of the cynics last summer. Both the Los Angeles Dodgers and Atlanta Braves can make trouble if they play up to their potential. Philadelphia has to sweat it out with Richie Allen's damaged right hand. Houston appears to have enough to keep the New York Mets in last place.

Here's the way it looks from here:

1. St. Louis
2. Cincinnati
3. San Francisco
4. Pittsburgh
5. Chicago
6. Los Angeles
7. Atlanta
8. Philadelphia
9. Houston
10. New York

The Cards are up to here in solid pitching with Bob Gibson showing the way to a staff that includes Nelson Briles, Steve Carlton, and the others who did the job last season.

To Relieve McCarver
John Edwards will give Tim McCarver a chance to take a rest and Dick Schofield provides shortstop insurance behind Dal Maxvill.

A batting order that includes Brock, Cepeda, McCarver, Curt Flood, Mike Shannon, Roger Maris and Julian Javier packs enough punch to carry an ordinary staff and the Cards' staff is not ordinary.

Injuries, of course, can ruin any club. Any serious problems with Cepeda's knee or Flood's arm could bring them back to the pack.

The Reds might have made a

good run at it last season if the injuries hadn't chopped down the club in midseason. Dave Bristol has a group of versatile players who think they can win. A staff that includes Jim Maloney, Mel Queen, Milt Pappas and Gary Nolan (assuming he is sound) can make it close.

Much depends on a Marichal comeback and a return to form by Willie Mays if the Giants are to win. Mike McCormick must back up his fine year with another good season and the Hal Lanier-Ron Hunt combo must click in the middle of the infield. The Giants do have that home run power and good pitching.

The Pirates lead the league in hitting every year but the pitching lets them down. The addition of Bunning makes them a formidable factor. Any line-up that includes Roberto Clemente has to be a threat.

The Cubs went far with a kid pitching staff last season and count on the same group, plus a full season from Ken Holtzman, to take them all the way. Ron Santo, Ernie Banks and Billy Williams must carry the big load and Adolfo Phillips must continue to improve.

Zoilo Versalles, Tom Haller and Mudcat Grant are the Dodgers' hopes to pull off operation comeback. The pitching is solid with the addition of rookie Alan Foster but they still lack hitting. Atlanta has the power of Hank Aaron and Joe Torre but the pitching is questionable.

While the Phils wait on Allen's hand and sweat out a shortstop problem, they hardly figure as contenders. Houston's hopes to rise rest on better pitching. The Mets lack punch and need at least another Tom Seaver before they can start to progress under Gil Hodges.

Phil Linz Signed By the Mets

ST. PETERSBURG, Fla. (AP) — Phil Linz, 28-year-old utility infielder, was signed by the New York Mets Tuesday after trying out with the club during the spring training season as a free agent.

Linz, formerly with the New York Yankees and Philadelphia Phillies, came to the Mets last July. He hit .211 and was sent to the Jacksonville farm club in September. Jacksonville later released him to clear roster space, but he came south with the Mets and won a job.

MY KEY THOUGHT FOR THIS HOLE WILL BE TO LEAVE THE SHORTEST POSSIBLE SECOND SHOT... SO I'LL TRY TO HIT MY TEE SHOT AS HARD AS I CAN. I'LL PLAY A RIGHT-TO-LEFT SHOT TO GET AS MUCH ROLL AS POSSIBLE... AND, NATURALLY, TRY TO AVOID THE TREES IN THE FAIRWAY.

A BIG DRIVE WILL MEAN THAT I CAN HIT AN IRON TO THE GREEN — WHICH IS GUARDED BY WATER BOTH IN FRONT AND TO THE LEFT REAR.

I'LL ATTEMPT A HIGH APPROACH THAT WILL HOLD ... AND IF I DO MISS THE GREEN, I WANT TO DO SO ON THE RIGHT. THIS COULD RESULT IN A DOWN-HILL CHIP, BUT I WOULD HAVE A MUCH BETTER CHANCE AT A BIRDIE 4 FROM THERE THAN ON THE LEFT... WHERE A BOGEY 6 (OR WORSE) WOULD COME EASY!

Development of Bob Tillman Reason for Uecker's Release

WEST PALM BEACH, NWI (AP) — The Atlanta Braves said Tuesday that Bob Uecker's incident in a night club 10 days ago had nothing to do with their decision to release him as a coach and backup catcher.

"There was absolutely no connection," Manager Luman Harris said. "The reason he was released is Bob Tillman. Tillman has been the surprise of spring training."

Tillman was acquired in a winter trade with the New York Yankees and has been impressive as a catcher for the Braves, backing up Joe Torre.

The Braves had planned to use Uecker as a coach and have him available as a catcher until Tillman's development.

Uecker said he had not decided what he would do. The Braves said he could try to win a job as a catcher with their Richmond farm club if he did not hook on with another big league team.

Uecker, known as the funniest man on the team, just laughed when he was asked if he might

Murray and Rahr Win Badminton Consolation Title

Appleton Badminton club members are preparing for two competitive events.

The first is a "Whooperdo" slated Sunday at the Chicago Badminton club. The other is the state Class A tournament scheduled for West Allis April 20-21.

In the recent midwest meet, at Flint, Michigan, Appleton's Dave Murray and Bob Rahr won the men's doubles consolation title by stopping the University of Indiana's Tom Connor and Steve Race.

Louis Labels Mitt Tourney As Ridiculous

Says Clay Made Mistake by Not Going Into Army

DETROIT (AP) — Joe Louis, former world heavyweight boxing champion, said Tuesday that the elimination tournament to determine a successor to dethroned champion Cassius Clay "is ridiculous."

The 53-year-old Brown Bomber, who rose from the slums of Detroit to win the heavyweight title, held his first news conference since undergoing surgery last Thursday. His gall bladder, containing five gall stones, and his appendix were removed.

Looking a bit weary but fit, Louis spoke from a wheelchair at the new \$3 million Kirwood Hospital on Detroit's northwest side.

"As far as I'm concerned, Clay is still champion, at least until he goes to jail or retires," he said. "I think he made an awful mistake by not going into the Army. He threw away a brilliant career."

Draft Dodging
Clay was dethroned when a jury found him guilty of a draft dodging charge. Louis spent four years in the Army during World War II. Using his old boxing instinct, which enabled him to win 26 title fights, Louis ducked the question on whether he could have beaten Clay with both men in their prime.

"It would have been a good match," he said. "I don't know who would have won. I think Clay is good enough to fight anybody."

Turning to a proposed Negro boycott of the Olympics, Louis said it would be "a serious mistake if they decided not to represent America at the Olympic Games."

"Maybe they don't have equal opportunity in America, but they're gaining it every day," he added, saying, "And that's something you should realize. Things are improving."

"If they were going backwards, it would be different."

Murray, Schenkel Receive Awards

SALISBURY, N.C. (AP)—Jim Murray of the Los Angeles Times and Chris Schenkel of the American Broadcasting Co. have been honored as the nation's best sportswriter and sportscaster, respectively, during 1967.

They and top men in the two categories from 49 states were honored Tuesday night at the annual National Sportswriters and Sportscasters Awards banquet at Catawba College.

Twins Release
Catcher Nixon
ORLANDO, Fla. (AP) — Reserve catcher Russ Nixon, a veteran of 11 major league seasons, was given his unconditional release Tuesday by the Minnesota Twins.

Nixon, 33, a left-handed batter, spent the past two seasons with the Twins. He hit .235 in 74 games last season, and has a lifetime batting average of .272. He also played with Cleveland and Boston in the American League.

Buster Narum Says He Will Quit Baseball

SARASOTA, Fla. (AP) — Pitcher Buster Narum Tuesday announced he was quitting baseball after learning his contract had been assigned to Buffalo of the International League.

Narum came to the Chicago home in New York City.

White Sox from Washington as part of a winter deal and Monday told General Manager Ed Short he would not play in the minors.

Short announced Tuesday that Washington had agreed to buy back Narum's contract as part of a previous agreement. The Senators then assigned Narum to their Buffalo farm club.

Narum said he was quitting baseball and would return to his home in New York City.

Unique Experiment to Determine Olympians

LOS ANGELES (AP) — The U. S. Olympic Committee, considering the altitude problems of the Mexico City Olympics, has announced a novel method of choosing a representative track and field team.

The first three finishers in the Olympic trials at Los Angeles, June 29-30, will qualify for high altitude training at South Lake Tahoe, Calif., the committee said Tuesday.

The training at South Lake Tahoe begins Sept. 14. But once that training begins, said Chairman Hilmer Lodge, others may be added to the squad, depending on the athletes' performance at the high altitude.

Other athletes who have met the Olympic trials qualifying standards may make the trip to Lake Tahoe at their own expense to compete with the top three at Los Angeles.

And, Lodge said, if somebody at the high altitude site proves himself, he may be added to the squad in place of one of the top three.

Follow Games Pattern

Training at Tahoe will take the form of the Olympic Games, he said, with trials, semifinals and finals held in most of the events. The U.S. team must be chosen by Sept. 25 for the Games which begin Oct. 13.

The committee said the following will be eligible for the Los Angeles Trials:

The first six placers in the National Amateur Athletic Union meet and in the National Collegiate Athletic Association meet, the top two from the National Association of Intercollegiate Athletics meet and the event winners in the Inter-Service Championships.

The first three in trials held elsewhere will also be added to the high altitude squad. They include the top three in the walking events, the marathon and decathlon.

Pascual Faces Ex-Teammates in Season Opener

WASHINGTON (AP) — After eight years Camilo Pascual returns Monday to pitch baseball's annual opener for Washington, facing former teammates who wore Senator uniforms in his last inaugural victory.

Pascual will oppose the Minnesota Twins, long the home team in the traditional Presidential opener before leaving Washington at the end of the 1960 season.

The 34-year-old Cuban right-hander, who returned to Washington a year ago in a trade with the Twins, fanned 15 in the 10-1 decision over Boston in 1960. He broke a club strikeout record set half a century earlier by the immortal Walter Johnson.

NHL Decides Playoff Dates

Hassle Over TV of Rangers' Home Tilt Finally Settled

NEW YORK (AP) — A television problem solved, the National Hockey League has released its 1968 playoff schedule.

All four quarter-final series open Thursday night with Chicago at New York and Boston at Montreal in the East Division and St. Louis at Philadelphia and Minnesota at Los Angeles in the West.

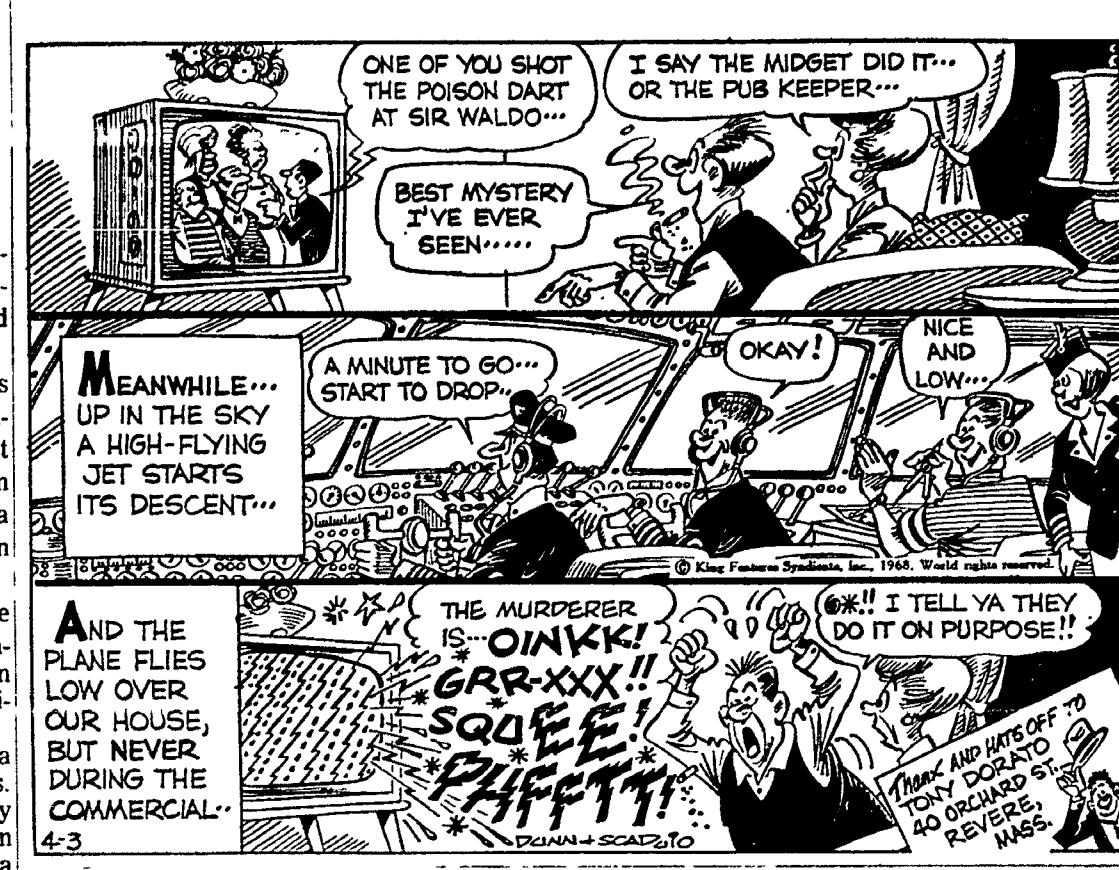

Three of the series continue Saturday and the fourth—Chicago at New York—will pick up on Sunday with a national television audience looking on.

The TV-game had delayed a final decision on playoff dates. NHL teams have a home city blackout option on games shown nationally but the Columbia Broadcasting System, which airs the NHL Game of the Week, was hesitant at closing out the New York area and its high sales potential.

The Rangers, who had sold tickets for a closed circuit telecast of their two sold-out home games, finally agreed to waive the blackout, and Sunday's game will be shown locally. Tickets to the closed circuit telecast will be refunded.

After the first two games, all four series shift sites for the next two games and then rotate cities for the remaining games in the best-of-7 playoffs.

They'll Do It Every Time

Coenen Packing Takes Lead in Pin Tournament

LITTLE CHUTE — Coenen Packing Company took over the lead as the annual Little Chute Recreation Lanes House Tournament got underway Tuesday night.

Dolphins Sign End Jim Cox

MIAMI, Fla. (AP) — The Miami Dolphins solidified their tight end position Tuesday by signing former University of Miami end Jim Cox.

Cox was the Dolphins' second round draft pick.

Cox caught 39 passes for 552 yards and four touchdowns last season. During his collegiate career he caught a record 12 TD passes.

Dolphins Sign End Jim Cox

MIAMI, Fla. (AP) — The Miami Dolphins solidified their tight end position Tuesday by signing former University of Miami end Jim Cox.

Cox was the Dolphins' second round draft pick.

Cox caught 39 passes for 552 yards and four touchdowns last season. During his collegiate career he caught a record 12 TD passes.

NOT FOR PUSSY-FOOTERS!

This one's for a lot of driver with a lot of car...the new Riverside®

WIDE TRACK OVAL

This is no ordinary tire. Riverside Wide Track Ovals are almost two inches wider than ordinary tires. And, if you like to bend a car to your will, that means a lot. Like taking-off faster. Handling curves easier. Stopping quicker. Plus, ordinary tires can't take 130 mph. Or hang in there on slick roads like this one.

Wide Track Ovals are built wide like racing tires. For more traction. Greater stability. And, they're concave molded like racing tires. To sit flatter. Run cooler. And resist centrifugal throw-out.

Riverside Wide Track Ovals also let you show your stripes. Two ways. One side has a white stripe. (For going formal.) The other side has a red stripe. (For serious driving.) Would an ordinary tire think of that? And there's more!

The only wide tread tire guaranteed to wear for 30 months!

Wide Track Ovals aren't ordinary wide tread tires either. Instead of 9 tread rows, Wide Track Ovals have 7. Thus each row is wider and more stable. Plus, they're held apart by rib tie-ins. And 4 plies of non-flatspotting nylon cord (not 2 plies) hold the tread rows in line with extra strength. All this reduces squirming and increases mileage. Everything considered, the only ordinary thing about Wide Track Ovals is their price. Find out for yourself and price Wide Track Ovals at Wards today!

NO MONEY DOWN—FREE MOUNTING!

WARDS Riverside PASSENGER TIRE 4-WAY GUARANTEE

1. LIFETIME QUALITY GUARANTEE on the quality of material and workmanship for the life of the original tread. Adjustment prorated on tread wear based on price in effect at the time of adjustment plus Federal Excise Tax.
2. LIFETIME ROAD HAZARD GUARANTEE (except repairable punctures) for the life of the original tread. Adjustments prorated on tread wear based on price in effect at the time of adjustment plus Federal Excise Tax.
3. TREAD WEAR GUARANTEE for period specified. Adjustments based on price in effect at the time of adjustment plus Federal Excise Tax of some size and type less a specific Dollar allowance. (Tread wear allowance not applicable to tires used commercially.)
4. SATISFACTION GUARANTEED. NATIONWIDE Return to nearest Ward branch for adjustment!

Conigliaro Hurt In Auto Crash

Young Outfielder Released Following Hospital Treatment

BOSTON (AP) — Tony Conigliaro of the Red Sox suffered minor injuries early today in a two-car collision only hours after returning to Boston from spring training to undergo eye tests.

The accident occurred in the suburb of Somerville and the young outfielder was taken to the city hospital for treatment of bruises. He was released a short time later, a hospital spokesman said.

Conigliaro was alone in his car and several youths were in the other vehicle, police said. Conigliaro, bothered by his vision and suffering headaches "almost daily," has been struggling all spring trying to come back from the beating which sidelined him for the last six weeks of the 1967 season.

He flew back Tuesday night from the Red Sox' Florida spring training quarters in Winter Haven.

In his comeback attempt this spring, Conigliaro has been having a lot of trouble at the plate. He has struck out 22 times in 66 at bats while managing only 11 hits for a .167 average.

South African Student Ties World Record

KRUGERSDORP, South Africa (AP) — Paul Nash, 20-year old university student, equalled the world record for the 100-meter dash Tuesday night with a time of 10 seconds.

Only three days ago Nash had registered the same time in a meet at Johannesburg, but the time was disallowed because of a following wind. Tuesday night there was no wind at all.

Prior to his record tying final, Nash had been clocked in :10.1 in a preliminary. The record was lowered to 10 seconds by Armin Hary of West Germany in 1960 and Nash becomes the sixth sprinter since to equal it.

Pro Basketball

NBA Tuesday's Result Western Division Semifinals San Francisco 111, St. Louis 106, San Francisco wins best-of-7 series 4-2.

ABA Tuesday's Results No games scheduled. Today's Game Western Division Semifinals Denver at New Orleans, best-of-5 series tied 2-2.

Thursday's Game Eastern Division Finals Minnesota at Pittsburgh, 1st game of best-of-7 series.

Peggy Fleming Signs 5-Year, \$500,000 Pact

NEW YORK (AP) — Peggy Fleming, world and Olympic figure skating queen, signed a professional contract today with long-term agreements expected to earn her \$500,000 over the next five years.

The announcement was made at a New York news conference.

She signed with Bob Banner Associates and the National Broadcasting Company.

Asked if she would skate in ice shows under the arrangements, Miss Fleming replied: "Quite probably, but they will handle my affairs."

Track Feud May Continue

NCAA Due to Answer Recent Peace Proposal

WASHINGTON (AP) — The National Collegiate Athletic Association's silence in advance of today's scheduled announcement of its response to a Senate-supported proposal of peace with the Amateur Athletic Union has spurred speculation the track war may continue.

The NCAA and its protegee, the U.S. Track and Field Federation, called a news conference for late today without delivering any advance reply to Senate sponsors of the suggested track settlement.

"They very carefully didn't tell us," one source said Tuesday.

The long and bitter track feud has given birth to fears the rivalry could peril tryouts for the U.S. Olympic team.

The Senate is virtually certain to be asked to step in and write a settlement into law if the NCAA spurs the compromise shaped by an arbitration panel two months ago.

The AAU already has accepted the recommendations. So has the National Association of Intercollegiate Athletics.

Marcus L. Plant of the University of Michigan, and the USTFF head, the Rev. Wilfred H. Crowley of Los Altos, Calif., both criticized the panel's report when it was issued Feb. 1.

The arbitration board, created by the Senate, said the AAU should sanction all international and open domestic track meets while the NCAA could conduct meets limited to fulltime students.

The board said the USTFF could sponsor open domestic meets if they were sanctioned by the AAU, and added the approval would be considered automatic if the competition met AAU requirements. Father Crowley said in February the USTFF would proceed without AAU approval.

April 16 Services

Television Will Cover Installation of Bishop

The installation services of the Most Rev. Aloysius J. Wycislo, set April 16 in St. Francis Xavier Cathedral, Green Bay, will be televised over WBAY-TV, Channel 2, diocesan officials have announced.

The telecast of the first installation ceremony of a Catholic bishop in the diocese in 53 years, will include the procession to the Cathedral, which will begin at 10:30 a.m. A 15-minute color special will be carried over WBAY in the evening.

The new bishop will be welcomed to Green Bay at 10:55 a.m. April 15 at Austin Straubel Airport by city officials, clergy and the public.

Key To City Green Bay's Mayor Donald Tillemann will present the key to the city and Vince Lombardi.

For the ceremony itself, special communication arrangements have been made so that those in the overflow group will be able to watch the ceremony on a wide-screen telecast in the auditorium of the WBAY studios a block away.

All participants will be invited to take part in the procession, with the overflow leaving the Cathedral at the front side entrance.

The dinner after the installation ceremony will take place in two locations, the Northland Hotel and the Elks Club. Arrangements for closed circuit television between the two dinner locations are being attempted.

CPA's to Hear Talk On Computerization

Thomas Tess, a representative of Management Science Inc., will speak on "Computerized Management Systems" at the Thursday noon meeting of the Appleton chapter of Certified Public Accountants at the Elks Club.

Obituaries

Gilbert P. Mahnke

Route 1, Menasha
Age 59, passed away at 10:45 p.m. Tuesday after a 1 year illness. He was born in the Town of Rockland, Brown County, March 4, 1909. He farmed in Brown County and then for the last 28 years at route 1, Menasha. Survivors include his wife, Hattie; one daughter, Mrs. Clem (Mary Ann) Meyerhofer, route 1, Menasha; one son, Milton, route 1, Menasha; one sister, Mrs. George Labs, Greenleaf; 12 grandchildren. Funeral services will be held at St. John Lutheran Church, Woodville, at 2 p.m. Friday. Burial will be in the Greenwood Cemetery, De Pere. Rev. Paul Eggert officiating. Friends may call at the Greenwood Funeral Home after 2 p.m. Thursday and until noon Friday and then at the church.

Joseph A. Otto

735 Jefferson St., Oshkosh
Former Menasha Resident
Age 61, passed away Wednesday morning. He was born April 22, 1906 in Menasha and was a resident of Oshkosh since 1944 and was a member of the Holy Name Society of St. Mary Catholic Church, Oshkosh, a World War II veteran. Mr. Otto is survived by his widow, Helen, one brother, Clarence, Appleton; three sisters, Mrs. Clem Laemmrich, Menasha; Mrs. Marie VanRossum, Milwaukee; Mrs. George Pierre, Oshkosh. Funeral services will be held Saturday at 9:30 a.m. at the Laemmrich Funeral Home and at 10 a.m. from St. Mary Catholic Church, Menasha. Burial will be in the parish cemetery. Friends may call at the funeral home from 3 p.m. Friday. Rosary will be prayed at 8 p.m.

Miss Wilma Nitzel

(Formerly of Neenah)
Age 86, passed away at her home Saturday at Livermore, California. She was born November 14, 1882 in New York, N.Y. Miss Nitzel had been a resident of Livermore, California for over 30 years. She was a member of the Presbyterian Church at Livermore. Survivors include one brother, Frederick M. Nitzel, Chicago, Ill. A graveside service will be held at 10 a.m. Thursday at Oak Hill Cemetery, Neenah. The Kessler Funeral Home is in charge of the arrangements.

Mrs. Otto Polzin

(Anna)
Formerly of Appleton
Age 77, passed away at 1 a.m. Wednesday after a prolonged illness. She was born June 1, 1890 in the town of Ellington and had lived in Appleton all of her life. Mrs. Polzin was a member of the EUB Church and a charter member of the WSCS of the church. She is survived by her husband, Otto, who owned and operated Polzin Grocery Store for a 40 year period. She is further survived by a daughter, Mrs. Robert (Marjorie) Luebke, Green Bay; one son, Howard Polzin, Appleton, 5 grandchildren and 1 great-grandson; four sisters, Mrs. Marie Farrell, Antigo; Mrs. Clara Juse, Appleton; Mrs. Mildred Askew, Marion, Illinois; Miss Grace Zueglar, Chippewa Falls. Private funeral services will be held Friday from the Wichmann Funeral Home, with the Rev. Roland Ferch, officiating. Interment will be in Riverside Cemetery. There will be no visitation. A memorial fund is being established.

K MART FISK TIRE GUARANTEE

- Free Replacement—If the tire is rendered non-serviceable for any reason during the first 90 days after purchase, it will be replaced at no charge.
 - Road Hazard—Any failure that occurs due to road hazard, will be replaced on a pro-rated basis of current everyday selling price of the tire, at time of adjustment, according to tread remaining, with specified number of months guaranteed.
 - Workmanship and Material—Every tire sold by us is guaranteed against all failures or defects in workmanship and material for the life of the original tread. If the tire fails due to defects in material and workmanship, the tire will be replaced, charging only for the amount of mileage received.
- ALL ADJUSTMENTS ARE BASED ON CURRENT EVERYDAY SELLING PRICE, AT THE TIME OF ADJUSTMENT—NOT LIST PRICE OR NO-TRADE PRICE.

Hanoi Wants Talks on Permanent Bomb Halt

'Serious' Candidate Faces Kennedy Road Ahead Is Perilous

BY JOHN WYNGAARD
Post-Crescent Staff Writer

MADISON—This state has transformed Sen. Eugene McCarthy into a serious candidate for the Democratic presidential nomination, but it also showed in the voting Tuesday that the road ahead will be a long and perilous one for the quiet, earnest and professional man from Minnesota.

By all the normal tests of Wisconsin elections, the McCarthy attainment Tuesday was an impressive one.

But the circumstances to be examined in any analysis of the electorate's expression were not normal.

McCarthy ran up the kind of margin over President Johnson that his men had hoped for if the President had been a candidate. But he made it in the face of the President's historical withdrawal from the contest two days earlier, which removed some of the sheen from that triumph.

'Ghost' Candidate

Practical politicians will ponder the meaning of the McCarthy majority from the Democratic side of the ballot against a "ghost" candidate, and against a reality that in spite of their professed backing for the Minnesota senator, a respectable ratio of the Democratic voters went to the considerable pains required to write in the name of Sen. Robert Kennedy — McCarthy's principal rival in the immediately succeeding state primaries.

They will remember that the principal McCarthy appeal, and virtually the only issue he raised, was opposition to the Vietnam war.

But they will note that in Madison, the hotbed of McCarthy sentiment, an antiwar referendum on the local ballot was defeated.

They will observe also that in Milwaukee Mayor Henry Maier, who gave an unqualified endorsement to President

Johnson, won what was probably the most overwhelming victory in any competitive election in the metropolis.

McCarthy was the "dove" candidate as far as the Wisconsin electorate had a choice among the major contenders.

The realistic analysts in politics also will appreciate quickly that the total of "hawkish" votes, counting the support for President Johnson, Richard Nixon, and Gov. Ronald Reagan, was considerably higher than that for the "dovish" points of view that

McCarthy exploited during a hard campaign and which also went for Kennedy and Harold Stassen.

GOP Crossover

The value of McCarthy's Wisconsin showing also will be reappraised in the country, in all likelihood, as analysis shows that he was the beneficiary of a Republican crossover in this state's open primary. That factor was not as great as McCarthy had hoped and planned, but it was evident nevertheless in the fact that the Democrats out-

polled the Republicans in a state where the parties are nearly evenly divided in voting power in other tests such as general elections for state offices.

McCarthy men suggest there was a "sympathy" vote for President Johnson inspired by the drama of his unexpected retirement from the political wars. But that is like impugning the seriousness of the Wisconsin voter, a suggestion that many Wisconsin citizens don't want their

Turn to Page 6, Col. 1

McCarthy and Nixon Triumph

MILWAUKEE, Wis. (AP) — Democrat Eugene J. McCarthy, triumphant with 57 per cent of the vote in Wisconsin's prelude to battle, turned today toward the arenas which pose the real test of his claim that he can win the White House.

And Richard M. Nixon added another trophy in his march toward the Republican presidential nomination.

"We have demonstrated here in Wisconsin the ability to win in November," McCarthy told his corps of youthful volunteers after he trounced retiring President Johnson Tuesday in the season's second presidential primary.

Johnson got 35 per cent of the vote, but he isn't running anyhow.

"As you know, this is only a preliminary victory," the Minnesota senator said. "We have to go on to primaries in

other states—some of them perhaps more difficult than this one." For in those other states, McCarthy will be matched against New York Sen. Robert F. Kennedy.

Nixon built a towering 80 per cent of the Republican vote to match his showing in New Hampshire's opening primary.

1 Per Cent of Wisconsin Voters Favor Nobody

MILWAUKEE, Wis. (AP) — Nobody got one per cent of the vote in each party's presidential primary in Wisconsin.

Nobody was represented by a line on the ballot which permitted the voter to choose: "None of those named above."

That line got 5,608 votes in the nearly completed Republican tabulation, 10,336 votes on the Democratic ballot.

three weeks ago. He had no real opposition in either race.

The former vice president said his showing proved that Wisconsin will be in the Republican column when the White House votes are counted next Nov. 5.

With 3,240 of 3,291 precincts counted, this was the Democratic picture:

McCarthy 403,191 votes for 57 per cent of the party turnout; Johnson 247,902 or 35 per cent.

Sen. Robert F. Kennedy, the rival McCarthy will have to overcome if he is to be nominated, drew 6 per cent of the votes. But those were write-in votes, for his name was not on the ballot. And Kennedy had urged that people who favor him vote for McCarthy in Wisconsin.

Nixon's Republican landslide

Ready to Send Envoy To Meeting

WASHINGTON (AP) — North Vietnam said today in a broadcast monitored here it is ready to send representatives to meet with U.S. representatives to decide about an unconditional halt of the bombing of the North so that peace talks could begin.

A State Department spokesman had no immediate comment on the Hanoi announcement and it was not immediately clear whether the United States would regard the North Vietnamese statement as responding to President Johnson's newest offer.

The radio broadcast, in the Vietnamese language, said as translated here:

"It is clear that the U.S. government has not correctly and fully responded to the just demand of DRV (North Vietnamese) government, of U.S. progressive opinion, and of world opinion.

'Declares Readiness'

"However, on its part, the DRV government declares its readiness to send its representatives to make contact with U.S. representatives to decide with the U.S. side the unconditional cessation of bombing and all other war acts against the DRV so that talks could begin."

The North Vietnamese language broadcast arrived more than an hour ahead of a scheduled 11:15 a.m. EST announcement that Radio Hanoi had said it was going to make.

Answer to Johnson

Presumably the North Vietnamese statement was to be an official response to Johnson's move for peace talks which he announced in his Sunday night speech.

Johnson said Sunday night he had ordered air and naval attacks on North Vietnam stopped "except in the area north of the demilitarized zone where the continuing enemy build-up directly threatens allied forward positions and where movements of troops and supplies are clearly related to that threat."

Johnson said he had ordered the cutback in the bombing as a unilateral act by the United States to induce North Vietnam to enter into negotiations to end the war.

The key part of the Hanoi broadcast was preceded by denunciation of U.S. "imperialism."

"During the past more than 10 years," Hanoi radio said, "U.S. imperialism has brazenly violated the 1954 Geneva Agreements on Vietnam, endeavored to implement its interventionist and aggressive policy, and waged a war against the Vietnamese people.

"It has schemed to permanently partition Vietnam and turn South Vietnam into a new-type colony and military base. The South Vietnamese people, united as one, have risen up to struggle resolutely to defend their basic national rights."

At the White House, there was

Turn to Page 7, Col. 7

Minnesota Sen. Eugene McCarthy and his daughter Ellen share the stage at a victory celebration in Milwaukee Tuesday night. McCarthy drew more than half of the Democratic votes in the presidential primary. (AP Wirephoto)

Cambodia Downs U.S. Plane Siege of Khe Sanh Under Allied Attack

SAIGON (AP) — About 8,000 U.S. and South Vietnamese troops have launched a drive to lift the enemy siege of the Marine base at Khe Sanh, the U.S. Command said today. Against little resistance, the column was reported about eight miles from Khe Sanh.

The relief force was expected to push through soon to the battered fortress in the northwest, where 6,000 Marines and 1,000 South Vietnamese have been encircled since January by from 16,000 to 20,000 North Vietnamese regulars.

As this drive, which kicked off Monday, was announced informed sources said that a Cambodian navy boat shot down a U.S. Navy plane on patrol off the west coast of South Vietnam.

Crew Missing

The patrol boat was looking for gun-running Viet Cong trawlers in the Gulf of Siam. Its 10-man crew was missing.

The lack of resistance on the road to Khe Sanh and three days of inactivity elsewhere puzzled U.S. officers, who pointed out this had happened before. One senior U.S. officer said it was too early to tell whether the enemy was de-escalating in response to President Johnson's order curtailing the bombing of North Vietnam.

In the advance on Khe Sanh, U.S. 1st Cavalry Division troops were cooperating with Marines and South Vietnamese troops. In all, 8,000 troops were engaged in the drive.

The advance is west over Na-

Khe Sanh has been supplied hazily by air since the siege began. North Vietnamese have moved in close around the base—which blocks an invasion route into the northern tier of South Vietnam.

From their nearby positions, the North Vietnamese have laid down intensive mortar, artillery and antiaircraft fire at helicopters and cargo planes dropping supplies and removing dead and wounded.

On Laotian Border

Intelligence reports have indicated the North Vietnamese have been withdrawing from

John Rigby, 41, put on the brakes, started up, and stopped again. But he couldn't shake Olive off.

He took her for a five-mile ride at 25 miles an hour, with the other woman in the car, stopping repeatedly to plead with her to get off the hood. She wouldn't.

The Wigan magistrate fined the husband \$60 Tuesday for carrying a passenger in a dangerous manner.

"I thought that if I got off the car, our marriage would go too," said Olive, 39.

John decided to stay with her.

Appleton Mayor Wins by 391 Votes Buckley Edges Mitchell

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

Mayor George Buckley beat Clarence A. Mitchell by 391 votes Tuesday to become the first Appleton mayor ever elected to a four-year term.

Buckley edged Mitchell 9,316 to 8,925.

The election attracted a record 18,563 voters, equal to 79 per cent of the registered electorate.

The outcome of the contest was not decided until the re-

turns from the last of Appleton's 20 wards were recorded.

Buckley was leading Mitchell by 367 votes at 10:15 p.m. with the 19th Ward the only one left to report.

At 11:08 p.m. the 19th Ward reported 682 votes for Buckley and 658 for Mitchell — ending the suspense and Mitchell's last hope.

Mitchell, who was mayor from 1958 to 1966 until Buckley defeated him, made a stunning

showing in the March 5 primary by leading a field of four and finishing 696 votes ahead of Buckley.

Blanketed City

Buckley hardly campaigned in the primary but in recent weeks formed a campaign organization which blanketed the city.

There had been speculation the election outcome would be close with the winner finishing about 500 votes ahead. However, it turned out to be closer.

Mitchell's only hope was to win heavily in the large 19th Ward, but there it was a near standoff.

It was evident Buckley benefited from the large turnout, which saw people still standing in line to vote when the polls closed at 8 p.m.

Both Buckley and Mitchell campaigned on their records as mayors. Whenever sharing a speaker's platform, they discussed programs but had no sharp confrontations.

Buckley said the city had made "progress without frills" under his administration and claimed Appleton was on the move.

Schaefer Wins Judgeship

BY BILL KNUTSON
Post-Crescent Staff Writer

Four-term Dist. Atty Nick F. Schaefer won an overwhelming victory Tuesday over Appleton attorney Joseph Van Susteren for the Outagamie County Court Branch 2 job left vacant last week by the retirement of Gustave J. Keller.

Schaefer, in capturing all but two of the county's 47 precincts, counted an unofficial 23,490 votes, to 9,385 for Van Susteren, brother of County Judge Urban P. Van Susteren, of County Court Branch 1.

On the basis of an announcement by Gov. Warren P. Knowles on March 14, Schaefer will be appointed today to fill the criminal court vacancy until Keller's term officially expires on Jan. 1, 1969. At that time, Schaefer officially starts his six-year term at a salary of \$17,500 per year.

Leaves Vacancy

Schaefer's election to the judge post leaves a district attorney vacancy that also is expected to be filled by a Knowles appointment, although as of Tuesday there had been no official word on when that appointment would be made.

Several names, including

those of three Appleton attorneys, have been mentioned in recent weeks as among those seeking the district attorney appointment.

Richard Hamilton of Appleton is a part-time assistant district attorney.

Schaefer said Tuesday night he probably would need about 10 days to clear up the affairs of his office before he could take the bench in Branch 2. Judge Raymond P. Dohr of County Court, Branch 3, has been acting judge in Branch 2 since the retirement of Keller on March 31. Keller, judge since August, 1961, reached the mandatory retirement age of 70 on March 23.

A vigorous advertising and person-to-person campaign paid off for Schaefer in one of the most one-sided judicial elections in years in Outagamie County.

Sweeps Appleton

The 40-year-old Marquette University Law School graduate, always a big vote-getter in the county, swept every Appleton ward and counted a total of 13,144 votes (unofficially) in the city, compared with 3,657 for Van Susteren.

The greatest single margin was in Appleton's 19th Ward,

where Schaefer polled 1,025 votes to 279 for Van Susteren.

Schaefer, district attorney since 1960, polled 10,346 votes outside Appleton, as he rolled to victory in every precinct except the Town of Kaukauna and Village of Little Chute, where Van Susteren was born and where he now serves as village attorney. Schaefer lost the Town

Lack of Leadership

Mitchell at times referred to a lack of leadership at city hall and said, if elected, he would base his decisions on what was good for the city — not politics.

There was considerable decurcent in the campaign which for all practical purposes started on a quiet note several weeks ago.

One issue which developed in

Father, Son Lose Lives in Poygan Creek

OSHKOSH — The second double-drowning accident in less than a week in Winnebago County took the lives of a rural Winnebago man and his son between 4 and 6 a.m. today.

The deaths of Lawrence A. Hertzberg, 68, and Raymond L. Hertzberg, 32, in a channel off Pumpkin Seed Creek in the Town of Poygan were ruled due to accidental drowning, by Coroner Art C. Miller.

County police said the two men had gone fishing about 4 a.m. When they failed to return home for the morning's farm chores, the younger Hertzberg's wife, Caroline, went searching with the help of a neighbor, Thomas Nebl. Nebl discovered the men's overturned skiff in the channel and alerted county police.

Miller said the bodies were recovered by 8:15 a.m. They were taken to Mueller Funeral Home in Winnebago.

Two Milwaukee area men drowned Saturday morning when their small fishing boat capsized in Lake Poygan.

CHARLOTTESVILLE, Va. — A kind that have been detected by (AP) — A government space scientist says it's remotely possible newly detected mysterious signals from outer space may represent "galactic navigational beacons" being employed by an advanced civilization to guide their manned spaceships along the Milky Way.

Another admittedly far-out possibility, says Dr. Kenneth Kellermann, is that the radio wave signals may represent communications signals between four inhabited planets, as well as attempts by each to contact still other planets such as the Earth.

Kellermann, of the government's National Radio Astronomy Observatory at Green Bank, W.Va., described the concepts in an interview Tuesday while attending a meeting of the American Astronomical Society at the University of Virginia.

Radio Waves

He did so after first declaring that while it's much more likely the strange radio signals are coming from uninhabited star-like objects, the alternative possibility that they may represent signals from intelligent beings has not yet been definitely ruled out.

The discussion concerned recently discovered "pulsars"—four celestial objects of some

most radio astronomers in the United States and abroad—including himself—believe the signals are probably coming from "neutron stars."

The latter are previously postulated celestial objects presumed to be a form of wreckage from supernovae or exploding stars.

'White Dwarfs'

Some other scientists, he indicated, believe the signals may be coming from other types of dying stars known as "white dwarfs."

"But," he added, "it's probably fair to say that all of these scientists continue to think, in their own minds, of the possibility, however remote, that these signals may be artificial ones produced as a means of communication by some advanced civilization."

In this connection, Kellermann disclosed tentative plans for a government-sponsored, unique doubleheader radio telescope experiment aimed at trying to help pinpoint more definitely the nature of the strange pulsating objects.

He stressed that the experiment is not expressly designed to answer the question whether an advanced civilization might be involved. But he said the results might have a bearing on the question.

Good Chance of Snow by Tonight

Fox Cities — Cloudy with rain tonight becoming mixed with snow. Windy and colder Thursday with snow ending. Low tonight near 38, high Thursday near 45. Southeastern winds 10 to 18 m.p.h. tonight becoming northwesterly at 18 to 25 m.p.h. on Thursday.

Appleton — Observations at 10 a.m. today for the preceding 24-hour period: high, 58; low, 34. Barometer, 29.90 and falling. Wind, east at 5 m.p.h. Humidity, 79 per cent. Dew point, 42 degrees. Skies, cloudy. No precipitation.

Sun sets today at 6:23 p.m., Sun rises tomorrow at 5:29 a.m. Moon sets tonight at 12:39 a.m.

Seven Veteran Supervisors Lose Posts on County Board

Root's Defeat Considered Major Upset in Outagamie Elections

Seven incumbent Outagamie County supervisors, including a 30-year veteran, were ousted from the county board in near-record voter turnouts throughout the county Tuesday.

The results will mean nine new faces on the board, including the second woman in county history to be elected a super-

Chris Roepcke
In addition to the seven incumbents beaten, two new supervisors will be seated in districts where incumbents did not seek re-election.

The biggest upset was the

Emmett Root
defeat of Emmett Root, Town of Ellington chairman, by Delmar Schmeichel, in a tightly contested battle, 368 to 364.

Schmeichel, 38, who does welding, blacksmithing and farming, built up a sufficient lead in the Town of Center to offset Root's advantage in the Town of Ellington. Schmeichel polled 223 votes in Center and 145 in Ellington to Root's 154 in Center and 210 in Ellington. Root was a member of the county board's executive committee and was chairman of the Welfare Board.

Defeated Incumbents
Other incumbents losing were Henry Bartz, Appleton District 3; Arnold Welch, Appleton District 18; R. Clayton VanDyke, Kaukauna District 26; Stanley

Gillespie, Grand Chute District 27; Stanley Perkins, District 39, and Chris Roepcke, District 45.

Three of the defeats came in rematches from 1966 contests and returned two former supervisors to the county board. Three-term supervisor Stanley Perkins, chairman of the board's agriculture committee and a member of the executive committee, was soundly beaten by former Supv. Rudolph Spreeman, 603 to 418 in District 39 consisting of the towns of Dale and Greenville.

Perkins had edged Spreeman by 10 votes two years ago when redistricting of the board threw the two incumbents into the same district.

Big Margin
Spreeman's home town of Greenville gave him an overwhelming margin to overcome Perkins' lead in the smaller Town of Dale. Spreeman outpolled Perkins 552-88 in Greenville while Perkins had a 330-51 margin in Dale.

Roepcke, a 17-year board veteran, who defeated Norman Helms by 36 votes in a battle of incumbent supervisors two years ago, lost in the return match 350 to 260. Helms built up a big lead in the Town of Seymour to offset Roepcke's

Total vote was 1,404.

Perished Weeks Ago 33 Dead Cows Found In Rural Fremont Barn

FREMONT — Discovery of 33, 34th animal, which was roaming free in the barn, was still alive.

Dr. Gordon Brakke, veterinarian, was called and said that the cattle had been dead for two or three weeks when discovered, and that they had died from malnutrition and dehydration.

Sheriff Batterman says that Behnke has been vague on circumstances leading to the discovery other than to say that he had been sick, but could not remember how long he was ill or when.

Behnke was being held in the county jail pending a hearing before Judge Andrew Cotter.

According to the sheriff, he and Chief Deputy Donald Losey discovered the dead cattle after an anonymous telephone call. A

In a three-way race for two county clerk's office by the Jan. 30 deadline, defeated another write-in candidate, James Milbauer, 248-183.

Districts in which incumbents faced opposition but were re-elected included, District 1, towns of Bear Creek, Lebanon Ward; and Union, which has two supervisors, Kenneth Egan, 448 votes; Henry A. Kreklow, 438, and their challenger, Arnold B. Dretke, 296. In District 2, Carl E. Much defeated Victor Knaack, 210-103, and District 8, Harold R. Steenbock, defeated Walter C. Froh, 238-134.

Incumbents unopposed were Walter Rusch, district 3, towns of Caledonia and Weyauwega; Roy Nottleson, district 5, villages of Ogdensburg and Scandinavia; and St. Lawrence, Harold Bestul and E. Earl Christenson, district 7, towns of Harrison, Hivelvia, Iola and Village of Iola; Benjamin W. Ferg, district 9, Town of Little Wolf;

Ervin Remling, district 10, Village of Embarrass; Dennis F. Sexton, district 12, Town of Royalton; Alex W. Pope, district 13, Towns of Lind and Waupaca; Carl L. Schroeder, district 14, Clintonville's 1st Ward; Woodrow Smith district, 15, Clintonville's 2nd and 3rd Wards; Bill R. Donaldson, district 17, Clintonville's 5th Ward; Carl E. Strum, district 18, City of Manawa; Emil Gehrke, district 21, New London's 2nd Ward; Clifford A. Ziellow, district 22, New London's 4th Ward; Raymond W. Prah, district 23, New London's 5th Ward;

City of Wapauca supervisors, all elected without opposition, are Robert H. Whitman, 1st Ward; Leonard Petersen, Wards 2 and 3; Johnny Hansen, 4th Ward; and Harold Dushek, 5th Ward.

Unopposed Weyauwega supervisor re-elected was Harold Clark, who represents the city

Brillion, New London Districts OK Financing for School Construction

District to Expand Its Present Plant

BRILLION — Bonding for \$750,000 to expand public school facilities was approved Tuesday in a school district referendum.

The 945 to 304 vote in favor of the bonding ended a prolonged district controversy over whether to build a new high school away from the present school or to expand existing facilities. All eight municipalities with territory in the district, voted in favor of the present proposal for expanding existing facilities.

It will cost taxpayers \$2.70 per \$1,000 of equalized valuation in 1969 if the entire amount is borrowed at the outset.

Vote Breakdown
The vote by municipalities shows City of Brillion, 550 for, 197 against; Town of Brillion, 256-74; Rantoul, 45-5; Woodville, 15-8; Maple Grove, 47-13; Rockland, 22-4; Morrison, 5-1, and Holland, 5-2.

It was the fourth vote and second referendum on school building proposals.

In March, 1966, a building committee and board of education proposal to acquire land for future school expansion was defeated by 314-264 at a special district meeting. At that time it was the board's hope to build a new high school at a site away from the present school, which could then have been used for elementary purposes.

A school bond referendum was ordered in September, 1966, after a thorough study of various expansion plans by the board and building committee. District electors voted at that time better than 2-1 against the proposal which would have given the district the right to bond itself for \$1.35 million for new school construction. This referendum also would have provided a new high school plant separated from present facilities.

Two Setbacks
Despite the two setbacks at the polls the board of education continued to stress the need and economy of building a new high school as opposed to remodeling and expanding present facilities.

The board, however, failed to have unanimity on this line of thinking.

A proposal was presented to the electorate at a special meeting in February of this year asking for approval to conduct a referendum calling for bonding of \$1.5 million, also for a new school. But the electors rejected the referendum language to bond for a new school and asked the board to instead ask for the Tuesday vote on \$750,000 to build an addition.

Euclide Wins 4-Way Race At Chilton
CHILTON — Norbert Euclide won a four-way race for the 2nd Ward alderman's seat and in the process defeated the incumbent by 24 votes.

Euclide, who had been an alderman several years ago, polled 90 votes and eased past Dr. H. S. Kalinka by nine votes. Incumbent Henry Koch Jr. had 66 votes and Walter J. Schuh had 52 votes.

Unopposed incumbents were Mayor Harry Thompson, who polled 692 votes; Clerk, Arthur Pohlman, 701; Aids, Floyd Alderman, 1st, 118; Donald Baltz, 3rd, 173, and Norbert Keuler, 4th, 166.

A total of 835 votes were cast.

Hilbert Re-elects All Incumbents
HILBERT — All three village board incumbents were re-elected to two-year terms Tuesday in a record vote for any election. Total vote cast was 388.

Top vote getter was Willard Franz, who polled 289 votes, followed by Arno Albers, 270, and Vernon Schomburg, received 241 votes. A fourth candidate for one of the three trustee seats, Mrs. Leander Roehrig, received 192.

Three Incumbents Keep Trustee Positions on Stockbridge Board
STOCKBRIDGE — Three incumbent village board supervisors were re-elected Tuesday.

With the three top vote getters in a field of five candidates winning board seats, Robert Schroeder polled 131 votes; David Schommer, 108, and Glen Torbeck, 87.

Marvin Vande Voort received 77 votes and James Engel, 68.

Scandinavia Election Delectable

Balloting Brisk, Food Fine

SCANDINAVIA — On election days the community hall here is the only polling place in Waupaca County, and perhaps even in the state, where voters can go to cast their ballots during the noon hour and then sit down a few feet away to a piping hot dinner.

If the voters are early, there is an ample supply of hot coffee and donuts during the morning, and throughout the afternoon and evening a wide selection of pie and cookies are added to the menu.

The community hall is the polling place for both the village and town of Scandinavia and for many years it has

been the custom to serve dinner along with lunch throughout the day.

All of the food is donated by the Women's Circles of the Scandinavian Lutheran Church. This year the Hellestad Circle prepared and served the food. A freewill offering is accepted and all proceeds are used for church projects.

Come to Eat
The custom of serving dinner at the polls started several years ago to feed the election workers and then, because the village of Scandinavia does not have a restaurant, the idea was expanded and dinner and lunch were also served to the voters.

Now the hospitality of the Scandinavian churchwomen is so well accepted that townspeople and businessmen who cast their ballots early return for dinner, or stop later for coffee and pie.

The community hall is equipped with a kitchen where the noon meal is prepared and tables are set up in the hall only a few feet away from where the Town of Scandinavia balloting takes place.

It doesn't matter if it is a presidential election year or not, Scandinavia can always count on a good voter turnout if there is not a good selection of candidates, at least there is a good selection of food.

Scandinavia Voters not only cast their ballots but also choose their menu for lunch or dinner. Women of the Scandinavian Lutheran Church serve dinner and day-long lunch at the Community Hall where polling booths are located. Here Mrs. Donald Vaughn and Mrs. Russell Anderson (left), serve Mrs. Ruth Peterson and Mrs. Ella Rollefson who have just finished voting.

Bertram Edges Welch; Is New Marion Mayor

Victor's 3-Vote Margin Breaks 16-Year Tenure

MARION — The city elected a new mayor Tuesday when William Bertram edged incumbent Cecil Welsh, 253-230.

Bertram, 43, owner and operator of an auto body and salvage operation, took narrow victories in all wards. A breakdown shows Bertram winning 85-77 in the First Ward; 63-50 in the second; 105-103 in the third. Bertram had been an alderman for 14 years before he dropped from the council to oppose Welch for mayor unsuccessfully two years ago. Welch has served 16 years as mayor.

In the only other contest, incumbent Ald. Vilas Lehman, 3rd, defeated his challenger, Chester C. Krueger, 146-60.

All other city officials were elected unopposed. They are, Clerk Melvin Schroeder, who polled 280 votes; treasurer John Cutler, 281; Assessor Donald Raisler, 428; Municipal Justice Arthur Bohr, 241, and Aids, William Knitt, 1st, 137 and Hollis Sether, 2nd, 100.

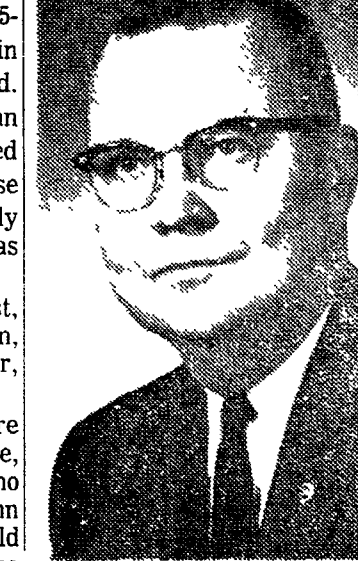

Landslide Victory

New London Elects Krostue as Mayor

NEW LONDON — Sigurd W. Krostue swamped two mayoral opponents Tuesday to win a clear-cut claim to the city's top office.

Krostue, city attorney for 20 years, received 1,161 out of 1,862 total votes cast in the city.

Wilmer Schlafer, mayor from 1962-1966, finished a distant second with 387 votes, while Walter

Sigurd Krostue

Fredericks, mayor from 1960-1962 trailed with 314 votes. Krostue had substantial margin in every ward with 268 votes in the first, 243 in the second, 242 in the third, 260 in the fourth and 148 in the fifth.

Schlafer Runner-up
Schlafer was runnerup in all but the third ward where Fredericks gathered 123 votes.

In the only other citywide contest O. W. Capener edged Jerome Gaud 965-784, for the municipal justice seat. Capener carried every ward except the fifth which he lost, 131-107.

Ald. Matt Durton, retained his fifth ward seat by beating George Wochinski, 155-84. Don-

Weyauwega Re-elects 4 Incumbent Officials
WEYAUWEGA — Three incumbent aldermen and the incumbent assessor were re-elected without opposition Monday.

Charles Sherburne, 1st ward alderman, received 133 votes; Gordon Bratz, 2nd, 128; and Willard Purchatzke, 3rd, 63.

Dwain Hunter received 304 votes for the office of assessor.

City Vote Offsets Rural Objections

NEW LONDON — City voters, by favoring an elementary school building program by almost a 2-1 margin, offset rural opposition in Tuesday's balloting.

The referendum, which will permit the board of education to borrow up to \$300,000 on a short-term basis for elementary school construction in the city, gained a 1,122-610 plurality in the city. The entire district, however, gave the proposal only a 1,746 to 1,326 vote.

A \$1 per \$1,000 equalized valuation sinking fund, which has been in effect the past four years, will be retained as the sole means of paying off the new debt. The district will have raised about \$230,000 toward the project before construction starts.

400 Pupils
The new school will accommodate 400 pupils and be constructed on Werner-Allen Road, about two blocks south of the senior high school. Estimated cost is \$450,000.

The board's timetable calls for advertising for bids in June or July with construction expected to start the month after bid letting.

The building, which would replace the old McKinley and Dale schools, would be ready for occupancy for the 1969-70 school year.

A breakdown of Tuesday's vote, aside from the city's, shows Dale, 111 yes, 182 no; Deer Creek, 2 yes, 2 no; Greenville 1 yes, 2 no; Hortonia, 47 yes, 28 no; Liberty, 26 yes, 11 no; Maple Creek, 59 yes, 84 no; Caledonia, 70 yes, 79 no; Fremont, 4 yes, 2 no; Lebanon, 101 yes, 139 no; Mukwa 197 yes, 173 no; Winchester, 6 yes, 14 no.

Re-elected to the board of education were Mrs. Harold Markman, and James Mergy. Neither candidate was opposed for re-election.

Levi Defeats Fink to Win Judgeship

Portage County Jurist to Take Circuit Bench

STEVENS POINT — Portage County Judge James H. Levi captured the Seventh District Circuit Court judgeship in Tuesday's primary election by 7,351 votes over his Wood County counterpart and opponent, Judge Frederick A. Fink.

The final tally showed that Levi, 54, garnered 24,441 votes in Portage, Wood and Waupaca Counties to Fink's 17,090 votes. Fink, 46, Wood County Branch 2 judge, won a majority in his home county, 11,664 to Levi's 7,593 votes.

However, the new Circuit Court judge won handily in his home county, 10,531 to 2,160, and in Waupaca County Levi polled 6,317 votes to 3,266 for Fink.

Judge Retires
The judges were vying for the position which was vacated by Judge Herbert Bundy who retired. The post carries a six-year term.

In the March 6 runoff, Levi was the top vote getter with 9,679 votes to Fink's 4,488. Eliminated was Robert P. Thomas Keller, assistant pastor Bender, 2,510 votes. Bender is of Most Precious Blood Church, part-time city attorney and New London, will be guest speaker April 8 in St. Patrick's parish hall at 8.30 p.m.

His talk is entitled "The Bible in Our Changing World." The Stevens Point where he served meeting is open to any interested adults or high school students in addition to several years in private law practice.

Two Regain Board Seats 5 New Waupaca Supervisors

WAUPACA — Five new supervisors were elected to the county board from nine districts which featured races in Tuesday's election. Two of the winners are from districts where incumbents were not running.

From the county's 28 districts, where a total of 31 supervisors were elected, 26 were re-elected. Of this number 19 were unopposed.

The new supervisors are W. Fred Jensen, district 4; William J. Kramer Jr., district 6; Gary Wilson, district 11; John H. Schroeder, district 16, and Elmer Paul, district 20.

Wilson and Paul are former county board members who were unseated in the 1966 election. Wilson outpolled Gerhardt Stern in district 11, which is the Town of Mukwa, 234-196. Incumbent Robert Cupp did not seek re-election. Paul, in the 1st Ward of New London, won over incumbent Carroll Ritchie, 215-190.

In a three-way race for two board seats in district 4, which is made up of the towns of Dayton and Farmington, Ray E. Hemmingson received 494 votes and was returned to the board for a two-year term and the other seat went to Jensen, who received 498 votes. He unseated incumbent Walter J. Ciura who received 464 votes.

Incumbent Edwin Sader, district 4, which includes the village and town of Fremont, was upset by Kramer, 196-122.

Schroeder, seeking the board seat for the 4th Ward in Clintonville, polled 258 votes to win the post from George R. Nuske, who got 70 votes. The post was held by the late Leonard Rohrer.

In an unusual contest in the City of Marion, incumbent Alfred Knitt was forced to seek re-election on a write-in ballot because his nomination papers failed to reach the

county clerk's office by the Jan. 30 deadline. He defeated another write-in candidate, James Milbauer, 248-183.

Districts in which incumbents faced opposition but were re-elected included, District 1, towns of Bear Creek, Lebanon Ward; and Union, which has two supervisors, Kenneth Egan, 448 votes; Henry A. Kreklow, 438, and their challenger, Arnold B. Dretke, 296. In District 2, Carl E. Much defeated Victor Knaack, 210-103, and District 8, Harold R. Steenbock, defeated Walter C. Froh, 238-134.

Incumbents unopposed were Walter Rusch, district 3, towns of Caledonia and Weyauwega; Roy Nottleson, district 5, villages of Ogdensburg and Scandinavia; and St. Lawrence, Harold Bestul and E. Earl Christenson, district 7, towns of Harrison, Hivelvia, Iola and Village of Iola; Benjamin W. Ferg, district 9, Town of Little Wolf;

Ervin Remling, district 10, Village of Embarrass; Dennis F. Sexton, district 12, Town of Royalton; Alex W. Pope, district 13, Towns of Lind and Waupaca; Carl L. Schroeder, district 14, Clintonville's 1st Ward; Woodrow Smith district, 15, Clintonville's 2nd and 3rd Wards; Bill R. Donaldson, district 17, Clintonville's 5th Ward; Carl E. Strum, district 18, City of Manawa; Emil Gehrke, district 21, New London's 2nd Ward; Clifford A. Ziellow, district 22, New London's 4th Ward; Raymond W. Prah, district 23, New London's 5th Ward;

City of Wapauca supervisors, all elected without opposition, are Robert H. Whitman, 1st Ward; Leonard Petersen, Wards 2 and 3; Johnny Hansen, 4th Ward; and Harold Dushek, 5th Ward.

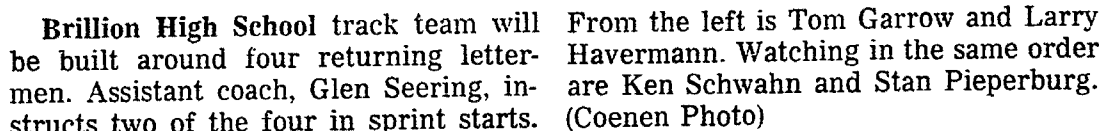

Unopposed Weyauwega supervisor re-elected was Harold Clark, who represents the city

Mustangs Begin Defense of CW Title April 16

Silas Anton Loses Re-election Bid At Embarrass

A third incumbent, Clayton Fritz, was not a candidate.

Discussion was held on lowering the town tax rate from four to three mills. Three mills would bring in around \$13,000. Discussion was held on lowering the town tax rate from four to three mills. Three mills would bring in around \$13,000. The board authorized \$150 for perpetual care of the town plot at Graceland Cemetery.

AMHERST — An art show is being planned for Saturday and Sunday, May 4 and 5, in the Tomorrow River Schools. Paintings, drawings, sculpture and jewelry, made by students in elementary schools and the high school, will be on display in the halls in the grade school and in the high school gymnasium. Miss Carolyn Pomeroy is the art teacher.

Fryk served 3½ years on six-man village board.

The meeting discussed the watershed area project which has not yet been approved by the state, but no action was taken.

and the first full three-year term for Rusch.

The student council said it ticket will cost \$1.

Town Voters Zip Through Agendas

WAUPACA — Electors in many Waupaca County towns breezed through skimpy agendas at annual meetings Tuesday.

The largest salary increases were granted in the Town of Dayton where residents voted to give all elected officials a 50 per cent increase which will go into effect next year.

The clerk's salary will be increased from \$600 to \$900, the treasurer from \$450 to \$575 and the assessor and supervisors, who receive \$10 per day while working on town business, will now receive \$15 per day.

Mukwa

A ballot vote was necessary to decide to pay the volunteer fire department \$75 per fire run at the town's annual meeting. The motion barely passed by a 19-14 margin. It was agreed the department will receive \$75 for each run it makes within the New London fire district. A portion of the town is serviced by the Weyauwega Fire Department.

None of the money will be paid to the department's 25 volunteers. It will be used for equipment upkeep and replacement.

Scandinavia

Salaries of the clerk, assessor and treasurer were increased. The clerk's salary was raised from \$500 to \$550 per year, the assessor from \$450 to \$500 and the treasurer from \$350 to \$400.

It also was agreed to cut the town tax levy from \$10.000 to \$5.000. The cut was made possible by a surplus and road costs have been cut in recent years because all but four miles of town roads are blacktopped.

The annual town meeting in 1969 will be held following the closing of the polling place to allow more residents to attend.

Matteson

At the annual Town of Matteson meeting, with less than 10 persons in attendance, a budget of \$4,900 for town purposes was adopted.

This was a decrease of \$600 from the 1967 budget due to a drop in the amount for relief.

The board was authorized to use its own discretion on road construction and road maintenance.

Caledonia

Town of Caledonia adjourned its annual meeting until 2 p.m. Saturday for a hearing on the Waupaca County zoning ordinance. The meeting will be in the town hall.

Copies of the ordinance can be examined at the home of Mrs. Elmer Thieme, route 1, Fremont.

Royalton

Town residents, at the annual meeting agreed to conduct a community chest drive during 1968.

The board will determine whether the drive will be in conjunction with the Manawa United Fund campaign or on its own. About 40 persons attended.

Effects of the countywide zoning ordinance were discussed, but no action taken. No budget for road purposes was proposed as other income is relied on for upkeep and improvement.

Lebanon

Town electors disposed of regular business in quick order and then adjourned until 1 p.m. April 1, 1969.

Kenneth Egan, chairman, said only official reports were presented. No other business was brought before the group which numbered about 20 persons.

Iola

Electors adopted a \$5,000 budget for road purposes as the only business at the annual meeting.

Lind

A zoning ordinance that will comply with the Waupaca County ordinance was adopted at the annual meeting.

Waupaca

The town approved a zoning ordinance that will be compatible with the county ordinance as the only business to come before the annual meeting.

Farmington

The annual meeting was opened and then adjourned to April 9.

Valley Cities Get State Funds

Checks and Credit Allotments for Bridge Operations

Twelve cities in Fox Valley counties received \$19,645 of the \$384,840 allotted by the state for swing or lift bridge operations and the upkeep of "connecting streets" in Wisconsin communities.

The assistance — in the form of checks and credit allotments — was mailed to 105 cities and 10 villages in 56 counties.

Checks totaling \$130,000 are sent to six cities, including Oshkosh, for operating 14 swing and lift bridges after annual costs preapproved. Bridges must be on streets that connect state highway routes through the municipality.

Oshkosh received \$14,070 for two such bridges.

Funds allotted for connecting streets to communities produced \$820 for communities in Calumet County, \$7,600 in Outagamie County, \$2,815 in Waupaca County, and \$9,410 in Winnebago County.

City Allotments

Oshkosh topped communities in these counties, receiving \$5,420. Appleton was second with \$4,465.

Other cities' allotments were Chilton, \$755; Kiel, \$65; Lili, \$1,075; New London, \$340 in Outagamie and \$555 in Waupaca; Kaukauna, \$1,720; Clintonville, \$1,105; Waupaca, \$1,155; Menasha, \$1,390, and Neenah, \$1,600.

The connecting street allotments, totaling \$254,840, are computed at a rate of \$500 per mile and credited to cities and villages with 2,500 or more population to use on connecting streets for state highways within their limits. Payments is made after the work is finished.

Lebanon Club to Meet

LEBANON — The St. Agnes Society will meet at 8:15 p.m. Thursday in St. Patrick Parish Hall.

Hostesses will be Mrs. Robert Hoffman, Mrs. Agnes Hogan, Mrs. Francis Murphy, Mrs. Hilda Pogorelski and Mrs. Gerald Rohnan, chairman.

Machines Win Race With Man in Vote Tabulation

The machine again won the battle with his outclassed competitor — man — in the race to tabulate returns of the spring election in Outagamie County.

Eight Appleton precincts and the Village of Kimberly furnished returns before Town of Bovina officials finally broke the mechanized counters' streak. Appleton and Kimberly both have voting machines.

The machines began the rout at 8:45 p.m. as Appleton's 4th Ward reported a total vote of 537. Precincts in Outagamie's largest city continued to flood the newspaper office with the only reported returns until Kimberly called in at 9:15 p.m.

However, Kaukauna with its voting machines did not have

returns tabulated until after 11:15 p.m. Kaukauna officials said heavy absentee balloting caused the delay.

The last Outagamie precinct to report vote totals was Seymour's 2nd Ward at 12:45 a.m. today, about 5 minutes after its 1st Ward filed its report. New London's 3rd Ward and the Town of Maple Creek both called in at 12:30 a.m.

Only one of Appleton's 20 wards had not reported vote totals by 10:20 p.m. and that precinct — the 19th Ward — came in at 11:50 p.m. Appleton did face a temporary delay caused by an equipment breakdown in this ward.

The Village of Little Chute reported vote totals at 9:30 p.m. and the Town of Bear Creek at 9:40 p.m.

Terry Potratz and Jim Combs, who will portray Emily Webb and George Gibbs in Thornton Wilder's three-act play, "Our Town," rehearse for the play which will be presented at 8 p.m. Saturday in the high school gym by the Weyauwega High School senior class.

Veterans Lose Seats On Outagamie Board

CONTINUED FROM PAGE 1

lost to Richard Helf, 465 to 381 in Kaukauna District 26, and Stanley Gillespie lost to Harold Miller in Grand Chute District 27, 484-313.

Incumbents successfully warding off challenges included Charles Wussow who defeated Robert Schmieder in a rematch in Appleton District 6, 363-313; Clarence Miller, Appleton District 11, defeated Richard Schrage, 192-100;

Hoolihan Wins

Arthur Hoolihan, Appleton District 12, defeated Juanita M. Sanders, 621-241; Waldemar E. Klein, Appleton District 15, defeated Daniel Dorchester, 457-331; Sylvester Esler, Appleton District 19, defeated Leslie Gebheim, 538-302;

Ralph Schwartz, Appleton District 21, defeated Joseph Coenen, 351-305; Bernard Tillman, Grand Chute District 28, defeated Curtis L. Biggar, 324-246; Theodore Kemps, Kimberly District 31, defeated William P. Courchane, 289-182;

Norman Austin, Town of Oneida District 42, defeated John VandenEng, 392-140, and Irving Grunwaldt, District 43 (towns of Black Creek and Osborn and Village of Black Creek) defeated Edward Peotter Sr., 410-388.

Grunwaldt's win was a repeat from 1966 when both he and Peotter were incumbents thrown together by redistricting. Grunwaldt's margin of victory came in the Village of Black Creek.

In the two contests involving newcomers, Roland H. Voss, a former Appleton alderman, defeated Garrison Kausch, 354-223, in Appleton District 4. The seat was vacated by George Greisch.

Vacated Post

In District 37 (Town of Freedom), George Schroeder defeated John A. Smith, 370-261, for the post vacated by Joseph Weyers.

Supervisors who did not have opposition, and their vote totals, include Andrew Jimos, District 1, 352; Kurt Koletzke, District 2, 478; Eugene Kloes, District 5, 363; John Schreier, District 7, 455; G. Allen Bubolz, District 8, 812;

Barbara Steger, District 9, 359; Patrick Heenan, District 10, 261; Herbert Helbe, District 13, 775; John Dietz, District 14, 845; Jerome Hiler, District 16, 743;

Theodore Jens, District 16, 535; Patrick Mares, District 20, 854; Carl Runte, District 22, 693; Merritt T. Kavanaugh, District 23, 712; Matt Verfurth, District 24, 623; Russell DeLa Hunt, District 25, 398; Daniel Williams, District 29, 509; Joseph DeBruin, District 30, 386;

Sylvester Lenz, District 32, 478; Robert Weyenberg, District 33, 475; Paul Kostka, District 34, 539; Edward Spierings, District 35, 648; George Kroes.

No Brillion Races

BRILLION — All incumbent city officials were re-elected without opposition Tuesday. They are Clarence Wolf, mayor, 684 votes, and Alds. Carl Miller, 1st, 158; Reuben McMunn, 2nd, 179; and Donald Sommers, 3rd, 255.

Limited Paving Favored at Stockbridge

Town Voters Back Pay-as-You-Go Blacktop Program

STOCKBRIDGE — A town advisory referendum here indicates electors favor a pay-as-you-go road blacktopping program which will be discussed at an adjourned annual meeting scheduled 8 p.m. April 20 in the town hall.

The question, "Shall the town be bonded for blacktopping?", was defeated 130-42, but electors voted 103-85 to have a blacktopping program on a pay-as-you-go basis.

Two previous meetings on the issue were conducted after a petition with 18 signatures was filed requesting blacktopped roads. Both meetings were adjourned to a later date with a referendum authorized at the town Feb. 24 meeting.

The town has 57 miles of road, none of which are blacktopped.

3 Challengers Defeated in Fremont Voting

FREMONT — Three challengers for village board were beaten handsly by the three incumbents Tuesday when 182 voters turned out at the polls.

Re-elected were LeVan Toepeke, who received 134 votes to win his sixth two-year term; Allen Schafer, 114 votes for his third term, and Harold Abraham, 105 votes for a second term.

Plane Used in Search for Milwaukee Pair; Two Held

Police Capture Escapee After Wild Chase Near Seymour

BY BILL KNUTSON

SEYMOUR — An airplane was put into use late this morning to aid in the search for two youths who were among four young people, including a Milwaukee jail escapee, who fled in a stolen car, following a police chase near here early today.

Appleton and Outagamie County police took the escapee, an 18-year-old youth into custody about 4:15 a.m. today at N. Richmond and W. Franklin streets, following a high speed chase on State 47 into Appleton roads. One of the two girls in a stolen car stopped near Seymour was taken into custody by Green Bay police about 5 a.m. today at the Chicago and North Western Railway station in that city. She is identified as a 19-year-old Milwaukee girl.

Still Missing

A boy and a girl are still missing, and are believed to be in the Seymour area, where a manhunt started early today. Police found several .22 caliber shells in a purse at the scene, leading them to believe that at least one of the subjects may be armed. Both of the missing youths are believed to be from Milwaukee.

Events began unfolding about 2:50 a.m. today when County

Patrolman Conrad Schadler reported he was chasing a 1964 Ford Falcon west on State 54, from Oneida toward Seymour.

Minutes later Schadler radioed headquarters that he had the car stopped near MRK Milwaukee jail escapee, who Construction Co., a mile east of Seymour. He said the four occupants, all young persons, fled on foot, following the five-mile pursuit.

Car Stolen

At 3:50 a.m. it was discovered by Seymour police that a 1967 Buick owned by Robert Huettl, route 3, Seymour, was stolen from the Francis Huettl home, near where the first car was abandoned.

At 4 a.m. Sgt. Robert Keating of the county police began pursuing the stolen auto from near Woodlawn School, south on State 47, toward Appleton. Keating said the car reached speeds of up to 85 miles per hour, but slowed to the speed limit when it reached Appleton.

Keating radioed the Appleton Police Department, and several city police cars were dispatched to assist. They got the car stopped at Richmond and Franklin.

No Resistance

Police said the 18-year-old escapee, who was alone in the stolen auto, offered no resistance, but was evasive in answers to their questions. He was not armed.

Police later learned that the youth, who is being held in the county jail, escaped from the Milwaukee House of Correction on March 9. It was not immediately determined what he was sentenced for. He told police he was "on the bum."

Police said that although there was no damage to the Huettl auto, the ignition wires had been crossed to get the auto started. Police found the keys under the seat.

The 1964 Ford, police learned, was stolen from a Milwaukee parking lot about 10 p.m. Tuesday. The auto is owned by a man, Martin J. Ewert.

Thursday, Friday, Saturday, April 4-5-6

LAUX Winnebago RAMBLER, the new American Motors Dealership, for NEENAH-MENASHA now open at 27 MAIN ST., MENASHA

Yes, we're opening our doors. On our new showroom, our new service facility, and especially our cars.

Because we believe that a customer can't make a judgment about a car without getting in there and looking, and trying, and squeezing upholstery.

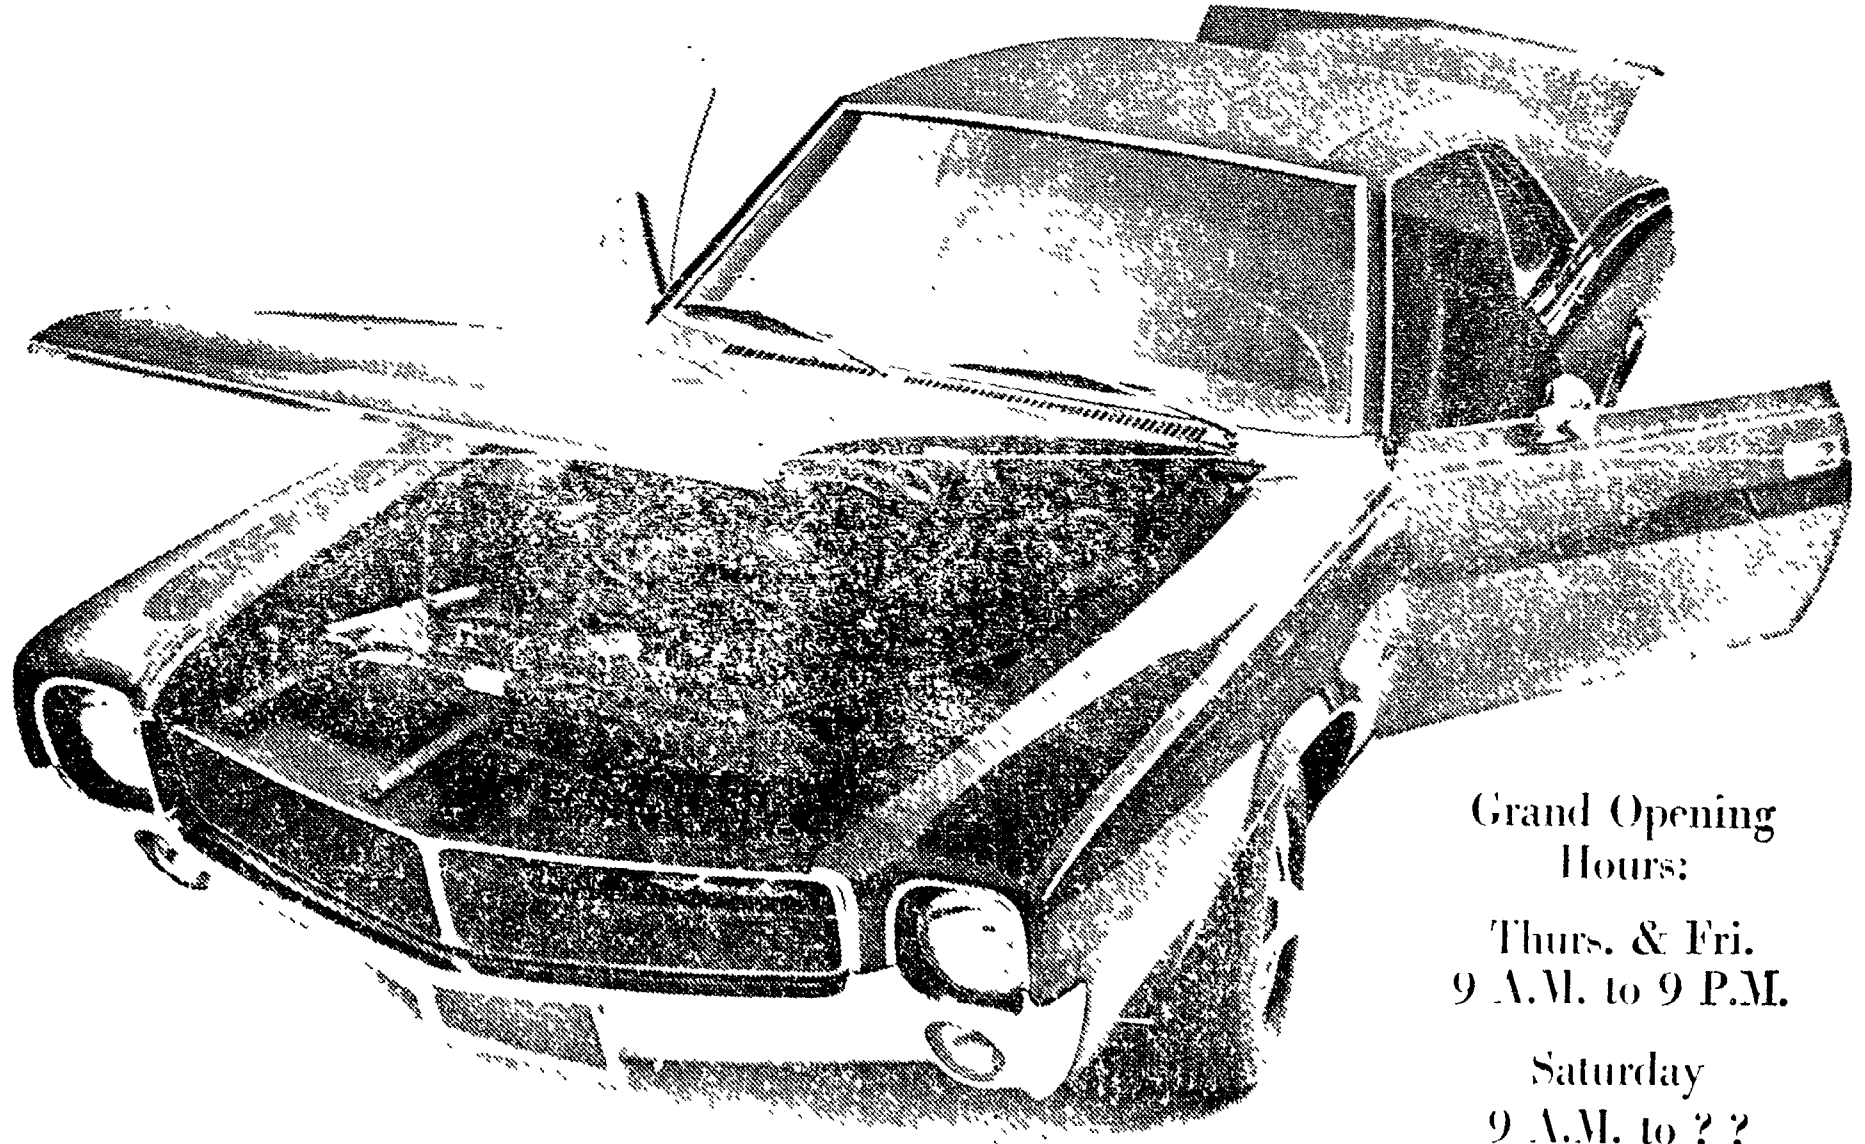

So when you come in, please don't feel bashful about asking a salesman to open the hood. Or even the trunk.

Whether you're shopping for a car, or

just browsing. After all, you wouldn't browse in a bookstore without opening a book, would you?

There's another reason for you to dig. American Motors puts a lot more into its line than you can find by just looking from a respectable three feet away. Ask one of our salesmen. He'll be glad to point things out to you.

He never can tell, you know. You might be a customer.

Grand Opening Hours:

Thurs. & Fri. 9 A.M. to 9 P.M.

Saturday 9 A.M. to ? ?

Door prizes, refreshments, gifts for everyone.
